Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

On September 13, 2007, the Compensation Committee of Seagate Technology's Board of Directors (the Compensation Committee) approved the form of Performance Share Bonus Agreement to be used to set forth the terms of grants of performance-based share awards, also referred to as performance shares, to the company's senior executive officers, including its named executive officers, under the Seagate Technology 2004 Stock Compensation Plan (the 2004 Plan). The form of Performance Share Bonus Agreement is filed as Exhibit 10.1 to this Current Report on Form 8-K.

The form of Performance Share Bonus Agreement contemplates that performance shares will vest in installments (which may or may not be equal) beginning on the vesting commencement date (generally the grant date), subject to both the continued employment of the participant by Seagate and the achievement of certain performance objectives established by the Compensation Committee and set forth in the award agreement (which may vary from award to award). The Compensation Committee presently intends that the performance objectives will be based upon annual and/or cumulative adjusted non-GAAP earnings per share goals. The form of Performance Share Bonus Agreement provides for accelerated vesting of up to 25% of the performance shares subject to the award if a participant dies while employed by Seagate and while the award remains outstanding. Except as the Compensation Committee may at any time provide, if the employment of a participant with Seagate is terminated for any other reason, the participant's then unvested performance shares will generally be forfeited without payment of any additional consideration. In addition, if the some or all of the performance objectives are not achieved within the performance period set forth in the award agreement (which may vary from award to award), the participant's performance shares will be forfeited without payment of any additional consideration. The Compensation Committee presently intends that the performance periods will be between one and seven years.

The foregoing summary is qualified in its entirety by reference to the form of Performance Share Bonus Agreement filed as Exhibit 10.1 to this Current Report on Form 8-K.
