NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

Our 2002 Annual Meeting of Stockholders will be held at the Academy of Sciences, 2 East 63rd Street, New York, New York at 5:00 p.m., May 22, 2002 for the following purposes:

1. To elect Dr. Garo H. Armen and Mr. Tom Dechaene as directors to hold office for a term of three years and until their respective successors are elected and qualified;
2. To approve an amendment to our Certificate of Incorporation to increase the authorized preferred stock from 1,000,000 to 25,000,000 shares, increasing the total authorized capital stock from 101,000,000 to 125,000,000 shares;
3. To approve an amendment to our Certificate of Incorporation to provide that the number of directors that shall constitute the whole board of directors shall be fixed by resolution of the board of directors but in no event shall be less than one or more than fifteen; and
4. To transact any other business that may properly come before the meeting or any adjournment of the meeting.

Only stockholders of record at the close of business on April 5, 2002 will be entitled to vote at the meeting or any adjournment. A list of these stockholders will be open for examination by any stockholder for any purpose germane to the meeting for ten days before the meeting during ordinary business hours at the company's offices at 630 Fifth Avenue, Suite 2100, New York, New York 10111.

IT IS IMPORTANT THAT YOUR SHARES BE REPRESENTED AT THE MEETING. THEREFORE, WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING, PLEASE COMPLETE YOUR PROXY AND RETURN IT IN THE ENCLOSED ENVELOPE, WHICH REQUIRES NO POSTAGE IF MAILED IN THE UNITED STATES. IF YOU ATTEND THE MEETING AND WISH TO VOTE IN PERSON, YOUR PROXY WILL NOT BE USED.

By order of the board of directors,

Paul M. Kinsella, Secretary

Proxy Statement

Our board of directors is soliciting your proxy with the enclosed proxy card for use at our 2002 Annual Meeting of Stockholders to be held at 5:00 p.m. on Wednesday, May 22, 2002 and at any adjournments of the meeting. This proxy statement and accompanying proxy are first being sent or given to stockholders on or about April 19, 2002.

The principal business expected to be transacted at the meeting, as more fully described below, will be the election of two directors and amendments to our Certificate of Incorporation.

The authority granted by an executed proxy may be revoked at any time before its exercise by filing with our Secretary a written revocation or a duly executed proxy bearing a later date or by voting in person at the meeting.

We will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of stock. In addition to the use of mails, proxies may be solicited by our officers and employees in person or by telephone.

Only stockholders of record at the close of business on April 5, 2002 will be entitled to vote at the meeting. On that date, we had outstanding 33,066,476 shares of common stock, \$0.01 par value, each of which is entitled to one vote. The presence at the meeting, in person or by proxy, of a majority in interest of the voting capital stock issued and outstanding and entitled to vote at the meeting will constitute a quorum for the transaction of business. Abstentions and broker non-votes will be considered present for purposes of determining the presence of a quorum. Broker non-votes are proxies submitted by brokers that do not indicate a vote for one or more proposals because the brokers do not have discretionary voting authority and have not received instructions from the beneficial owners on how to vote on these proposals.

ELECTION OF DIRECTORS

The number of directors is fixed at eight for the coming year and these directors are divided into three classes. At the meeting, directors will be elected to hold office for three years and until their successors are elected and qualified. Dr. Garo H. Armen and Mr. Tom Dechaene, both of whom are presently serving as directors, have been nominated for re-election by our board of directors. Unless the enclosed proxy withholds authority to vote for these directors or is a broker non-vote, the shares represented by such proxy will be voted for the election of Dr. Armen and Mr. Dechaene as the board's nominees. If either of these nominees is unable to serve, which is not expected, the shares represented by the enclosed proxy will be voted for such other candidate as may be nominated by the board of directors.

VOTE REQUIRED

Directors will be elected by a plurality of the votes cast by the stockholders entitled to vote on the election of directors at the meeting.

Edgar Filing: ANTIGENICS INC /DE/ - Form PRE 14A

Abstentions, broker non-votes and votes withheld will not be treated as votes cast for this purpose and will not affect the outcome of the election.

The following table contains certain information about the nominees for director and each other person whose term of office as a director will continue after the meeting.

*Nominee for election as director.

COMMITTEES OF THE BOARD

Since January 1, 2001, the Compensation Committee consisted of Mr. Litvack (from March 2001 through the present), Mr. Taylor (from January 2001 through the present) and Mr. Panoz (from January 2001 through July 2001). Mr. Panoz resigned from the board in July 2001 and Dr. Waksal was appointed to the committee upon his election to the board of directors in September 2001. Dr. Waksal resigned from the Compensation Committee in December 2001 upon his appointment to the Corporate Governance Committee. The Compensation Committee acts for the board of directors with respect to our compensation practices and their implementation. It sets and implements the compensation of our executive officers and administers the 1999 Equity Incentive Plan and the 1999 Employee Stock Purchase Plan. The Compensation Committee held three meetings in 2001. For more information about the Compensation Committee, see the "Compensation Committee Report on Executive Compensation" on page 8.

Since January 1, 2001, the Audit and Finance Committee consisted of Mr. Dechaene (from January 2001 through the present), Mr. Taylor (from January 2001 through the present) and Mr. Panoz (from January 2001 through July 2001). Dr. Waksal was appointed to the committee upon his election to the board of directors in September 2001. The Audit and Finance Committee is responsible for providing the board of directors with an independent review of our financial health, controls and reporting. Its primary functions are to recommend independent auditors to the board of directors, review the results of the annual audit and the auditors' reports, and ensure the adequacy of our financial controls and procedures. The Audit and Finance Committee held four meetings in 2001. Messrs. Taylor and Dechaene and Dr. Waksal are each "independent directors" as defined by the current rules of the Nasdaq National Stock Market. The Audit and Finance Committee operates under a written charter adopted by our board of directors. For more information about the Audit and Finance Committee, see the "Report of the Audit and Finance Committee" on page 12.

We did not have a nominating committee during 2001. In December 2001, we created a Corporate Governance Committee, which will act as our nominating committee.

ATTENDANCE AT MEETINGS

The board of directors held six meetings during 2001, and each director attended at least 75% of all meetings of the board and of all committees of the board on which he served.

DIRECTOR COMPENSATION

We reimburse directors for out-of-pocket and travel expenses incurred while

attending board of director and committee meetings. We have generally granted to each director an option to purchase 17,200 shares vesting in three equal annual installments beginning on the date when that director joined our board. Beginning in 2002, each board member will receive an annual option grant to purchase 5,000 shares of common stock vesting over three years.

STOCK PERFORMANCE GRAPH

The following graph shows the cumulative total stockholder return on our common stock over the period from February 4, 2000 (the first trading day of common stock) to December 31, 2001, as compared with that of the Nasdaq Stock Market Index and the Nasdaq Pharmaceuticals Index, based on an initial investment of \$100 in each on February 4, 2000. Total stockholder return is measured by dividing share price change plus dividends, if any, for each period by the share price at the beginning of the respective period, and assumes reinvestment of dividends.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee Report set forth below describes the compensation policies applicable to our executive officers.

Overall Policy. Our executive compensation program is designed to be closely linked to corporate performance and returns to stockholders. To this end, we have developed an overall compensation strategy and compensation plan that tie a portion of executive compensation to Antigenics' success. In addition, through the use of stock options, we ensure that a part of the executives' compensation is closely tied to appreciation in Antigenics' stock price. The overall objectives of this strategy are to attract and retain the best possible executive talent, to motivate these executives to achieve the goals inherent in our business strategy, to link executive and stockholder interests through equity based plans and, finally, to provide a compensation package that recognizes individual contributions as well as overall business results.

We determine the compensation of all corporate officers, including the four most highly compensated corporate executives named in the Summary Compensation Table. We take into account the views of our chief executive officer and review a number of compensation surveys to ensure the competitiveness of the

Edgar Filing: ANTIGENICS INC /DE/ - Form PRE 14A

compensation offered by Antigenics for the purposes of recruiting and retaining key management.

The key elements of Antigenics' executive compensation consist of base salary, performance based bonuses and stock options. Our policies with respect to each of these elements are discussed below. In addition, while the elements of compensation described below are considered separately, we take into account the full compensation package afforded to the individual, including insurance and other employee benefits.

Antigenics' executive compensation policies were not applied to Dr. Armen, our chairman and chief executive officer, during 2001. Dr. Armen has a significant equity position in Antigenics stock and, in an effort to conserve the company's cash, Dr. Armen requested that he be paid only a nominal salary during 2001. Given Dr. Armen's critical role in Antigenics' progress during 2001, the application of our executive compensation policies to Dr. Armen would have resulted in the payment to him of significantly higher compensation. In future years, the company plans to pay Dr. Armen at a level more consistent with his contributions to the company.

Base Salaries. Base salaries for new executive officers are initially determined by evaluating the responsibilities of the position held and the experience of the individual. In making determinations regarding base salaries, we consider generally available information regarding salaries prevailing in the industry, but do not utilize any particular indices or peer groups.

Annual salary adjustments are determined by evaluating Antigenics' financial performance and the performance of particular aspects of the business under the control of the particular executive officer. Where appropriate, we also consider non-financial performance measures. These non-financial performance measures may include such factors as efficiency gains, new responsibilities assumed by the executive, quality improvements and improvements in relations with collaborators and employees. No particular weight is given to any of these non-financial factors.

The base salary for 2001 for each of the executive officers, except Dr. Armen, was based on the performance of the individual and the other benefits provided to such individual as well as a review of compensation paid to persons holding comparable positions in other biotechnology companies. As described above, Dr. Armen requested that he be paid only a nominal base salary of \$150,000 in 2001.

8

Performance-based Bonuses. We believe that some portion of overall cash compensation for senior executives should be "at risk," i.e., contingent upon successful implementation of the company's strategy. In determining the target bonus of a particular executive, we consider salary survey data and level of strategic contribution to the company's performance. The determination of individual bonus payments is determined after consideration of each executive's individual performance and that of the company as a whole, generally on a calendar-year basis.

Stock Options. We grant stock options to executive officers under the 1999 Equity Incentive Plan. During 2001, stock options were generally granted with an exercise price at the fair market value of the common stock on the date of grant. Our current policy is to grant stock options at prices equal to the fair market value of the common stock on the date of grant. The stock options vest over various periods of time, normally five years or upon the achievement of specified milestones. Stock option grants are designed to encourage the creation

Edgar Filing: ANTIGENICS INC /DE/ - Form PRE 14A

of stockholder value over the long term since the full benefit of the compensation package cannot be realized unless stock price appreciation is achieved, and, once achieved, is maintained and improved upon. Stock option grants therefore align the interests of executive officers and employees with those of stockholders. In determining the amount of these grants, we evaluate the job level of the executive, responsibilities to be assumed in the upcoming year, and responsibilities in prior years, and also take into account the size of the officer's awards in the past.

Conclusion. As described above, a very significant portion of Antigenics' executive compensation is linked directly to individual and corporate performance and stock appreciation. We intend to continue the policy of linking executive compensation to Antigenics' performance and returns to stockholders, recognizing that the ups and downs of the business cycle from time to time may result in an imbalance for a particular period.

By the Compensation Committee,

Martin Taylor
Sanford Litvack

EMPLOYMENT AND CONSULTING AGREEMENTS

Under an employment agreement dated June 1, 1998, we agreed to employ Elma Hawkins, Ph.D. for one year at an annual base salary of \$200,000, which is subject to performance and merit based increases. The agreement is automatically renewed for successive one-year periods unless either party terminates the agreement. If we terminate Dr. Hawkins without cause, as that term is defined in the agreement, she is entitled to her base salary through the end of the one-year term during which the termination occurs. If we terminate Dr. Hawkins either because we eliminate her position or because there is a change in control of Antigenics, we are obligated to pay her cash or stock equal to one year's base salary.

In March 1995, in exchange for Dr. Pramod Srivastava's consulting services, we agreed to pay him \$1,500 per day. This obligation expires in March 2005 but will be automatically extended for additional one-year periods unless either party decides not to extend the agreement. In 2001, we paid Dr. Srivastava

Edgar Filing: ANTIGENICS INC /DE/ - Form PRE 14A

approximately \$120,000 for his consulting services.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Since January 1, 2001, the Compensation Committee consisted of Mr. Panoz (from January 2001 through July 2001), Mr. Litvack (from March 2001 through the present) and Mr. Taylor (from January 2001 through the present). Dr. Waksal was appointed to the committee upon his election to the board of directors in September 2001 and resigned from the Compensation Committee in December 2001 upon his appointment to the Corporate Governance Committee. Although none of the Compensation Committee members are officers or employees of Antigenics, Dr. Armen, our chairman and chief executive officer, has participated in compensation discussions with the committee.

REPORT OF THE AUDIT AND FINANCE COMMITTEE

In the course of its oversight of our financial reporting process, the Audit and Finance Committee of the board of directors has (i) reviewed and discussed with management our audited consolidated financial statements for the fiscal year ended December 31 2001, (ii) discussed with KPMG LLP, our independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, and (iii) received the written disclosures and the letter from the auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, discussed with the auditors their independence, and considered whether the provision of nonaudit services by the auditors is compatible with maintaining their independence.

Based on the foregoing review and discussions, the Committee recommended to the board of directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission.

By the Audit and Finance Committee,

Tom Dechaene

PROPOSAL TO AMEND OUR CERTIFICATE OF INCORPORATION TO INCREASE OUR AUTHORIZED PREFERRED STOCK

GENERAL

Our board has approved an amendment to our Certificate of Incorporation to increase the number of authorized shares of our preferred stock from 1,000,000 to 25,000,000, subject to stockholder approval. As of April 5, 2002, there were no shares of preferred stock outstanding.

Under the terms of our Certificate of Incorporation, the board is expressly authorized to provide for the issuance of all or any shares of the preferred stock, in one or more series, and to fix for each such series the dividend rates, conversion prices, voting rights, redemption prices, maturity dates and other terms as it may determine in its discretion and as may be permitted by the General Corporation Law of Delaware. The issuance and terms of the additional shares of the preferred stock that would be authorized by the proposed amendment also would be determined by the board in its discretion.

Edgar Filing: ANTIGENICS INC /DE/ - Form PRE 14A

The board of directors believes that it is prudent to increase the authorized number of shares of preferred stock to the proposed level in order to increase flexibility in structuring financings and establishing strategic relationships. Increasing the number of shares of authorized preferred stock would permit us, for example, to sell a series of preferred stock within a conventional market price range without using a depository structure. The additional shares of preferred stock may also be used to acquire or invest in complementary businesses or products or to obtain rights to use complementary technologies.

We have no current plans to issue any portion of the additional authorized shares of preferred stock that would result from the amendment.

POSSIBLE EFFECTS OF THE PROPOSED AMENDMENT TO THE CERTIFICATE OF INCORPORATION

If the stockholders approve the amendment, the board of directors generally will have the ability to authorize the issuance of additional shares of preferred stock without a further vote of the stockholders. The issuance of shares of preferred stock would decrease the proportionate equity interest of our current stockholders and, depending upon the price paid for such additional shares, could result in dilution to our current stockholders.

The ability of the board of directors to issue shares of preferred stock provides the board with flexibility to negotiate with a potential acquirer and could be used by the board to discourage, delay or make more difficult a change in control. For example, such shares could be privately placed with purchasers who are aligned with the board of directors in opposing an acquisition attempt, or, without further stockholder approval, the board could adopt a stockholders rights plan that would give certain stockholders the right to acquire additional shares of common stock at a below-market price. Our current Certificate of Incorporation provides for 1,000,000 shares of authorized preferred stock. Given the board's discretion in establishing the terms of a particular series of preferred stock under the existing Certificate of Incorporation, the board has considerable flexibility to respond to an unsolicited bid, including the ability to adopt a stockholders rights plan. The primary motivation for this proposal, consequently, is enhancing our flexibility in structuring financings, strategic alliances and acquisitions. If we were to use all or substantially all of our authorized preferred stock for other purposes, however, absent the proposed increase, our ability to use preferred stock for defensive purposes would be reduced. Accordingly, stockholders should be aware that approval of the amendment could facilitate future efforts to deter or prevent a change in control, including a transaction in which the stockholders might otherwise receive a premium for their shares over then current market prices.

VOTE REQUIRED

The affirmative vote of the holders of a majority of the shares of our outstanding common stock will constitute the approval of the proposed amendment to the Certification of Incorporation. Abstentions and broker non-votes will count as votes against the amendment.

Edgar Filing: ANTIGENICS INC /DE/ - Form PRE 14A

PROPOSAL TO AMEND OUR CERTIFICATE OF INCORPORATION TO PROVIDE THAT THE BOARD OF DIRECTORS MAY SET THE NUMBER OF DIRECTORS COMPRISING THE BOARD OF DIRECTOR

Our board of directors has approved, subject to shareholder approval, an amendment to our Certificate of Incorporation that provides that the number of directors that shall constitute the whole board shall be fixed by resolution of the board of directors but in no event shall be less than one or more than fifteen. Currently, our bylaws provide that the number of directors that shall constitute the whole board shall be fixed by resolution of the board of directors but in no event shall be less than one. This proposed amendment would limit the number of directors on the board to fifteen and would restrict the ability of stockholders to change the number of directors constituting the whole board without the approval of the board. The board of directors has adopted a conforming amendment to our bylaws that will become effective if stockholders approve the proposed amendment to the Certificate of Incorporation.

Under the General Corporation Law of Delaware and pursuant to our current bylaws, stockholders have the power to amend our bylaws to change the number of directors comprising the board of directors or to take the power to set the number of directors away from the board. By moving to the Certificate of Incorporation the provision authorizing the board to set the number of directors, if the amendment is approved, future changes to this authority would require board action. In addition, if the amendment is approved, stockholder approval would be required for any future increase in the size of the board to more than fifteen members.

POSSIBLE EFFECTS OF THE PROPOSED AMENDMENT TO THE CERTIFICATE OF INCORPORATION

If the stockholders approve the amendment, the board of directors will have the authority to set the number of directors comprising the whole board between one and fifteen, and the stockholders will not have the ability to modify this number absent action by the board of directors. This could have an anti-takeover effect by making it more difficult for a person or group to obtain control over the company. We have a staggered board with three classes of directors. This means that only approximately one-third of our directors are up for election at each annual meeting. The amendment would require board of directors' approval of an increase in the size of the board that would result in a majority of the directors being elected at a single meeting.

VOTE REQUIRED

The affirmative vote of the holders of a majority of the shares of our outstanding common stock will constitute the approval of the proposed amendment to the Certification of Incorporation. Abstentions and broker non-votes will count as votes against the amendment.

PRINCIPAL STOCKHOLDERS

The following table sets forth certain information with respect to the beneficial ownership of our stock as of March 19, 2002:

- each person, or group of affiliated persons, who is known by Antigenics to beneficially own more than 5% of the common stock;
- each of its directors;
- each of its named executive officers; and
- all of its directors and current executive officers as a group.

Except as otherwise noted, the persons or entities in this table have sole voting and investing power with respect to all the shares of common stock beneficially owned by them, subject to community property laws, where applicable.

The "Number of Shares Beneficially Owned" column below is based on an assumed 33,066,017 shares of Antigenics stock outstanding as of March 19, 2002. For purposes of the table below, Antigenics deems shares of Antigenics stock subject to options that are currently exercisable or exercisable within 60 days of March 19, 2002, to be outstanding and to be beneficially owned by the person holding the options for the purpose of computing the percentage ownership of the person, but does not treat them as outstanding for the purpose of computing the percentage ownership of any other person.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our executive officers and directors are required under Section 16(a) of the Securities Exchange Act of 1934, as amended, to file reports of ownership and changes in ownership of our securities with the Securities and Exchange Commission. Copies of those reports must also be furnished to us.

Based solely on a review of the copies of reports furnished to us and written representations that no other reports were required, we believe that during our 2001 fiscal year, our directors, executive officers and 10% beneficial owners complied with all applicable Section 16(a) filing requirements.

INFORMATION CONCERNING AUDITORS

The firm of KPMG LLP, independent accountants, has audited our accounts since our inception and will do so for 2002. The board of directors has appointed KPMG LLP to serve as our independent auditors for our fiscal year ending December 31, 2002. Representatives of KPMG LLP are expected to attend the annual meeting to respond to appropriate questions, and will have the opportunity to make a statement if they desire.

The fees for services provided by KPMG LLP to us in 2001 were as follows:

Audit Fees	\$120,945
Financial Information Systems Design and Implementation Fees	None
All Other Fees	\$342,880

STOCKHOLDER PROPOSALS
