**THE BOSTON BEER COMPANY, INC.
PROXY STATEMENT**

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of The Boston Beer Company, Inc. (the Company) for use at the 2005 Annual Meeting of Stockholders to be held on Wednesday, May 4, 2005, at the time and place set forth in the notice of the meeting, and at any adjournments thereof. The approximate date on which this Proxy Statement and form of proxy are first being mailed to stockholders is March 23, 2005.

If the enclosed proxy is properly executed and returned, it will be voted in the manner directed by the stockholder. If no instructions are specified, proxies will be voted in favor of the election of directors as set forth in this proxy statement. In addition, if other matters come before the meeting, the persons named in the accompanying proxy and acting thereunder will have discretion to vote on these matters in accordance with their best judgment. Any person giving the enclosed form of proxy has the power to revoke it by voting in person at the meeting, or by giving written notice of revocation to the Clerk of the Company at any time before the proxy is exercised. Please note, however, that if your shares are held of record by a broker, bank or nominee and you wish to vote at the meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from the record holder.

The holders of a majority in interest of the issued and outstanding Class A Common Stock are required to be present in person or to be represented by proxy at the meeting in order to constitute a quorum for the election of the Class A Directors. The election of each of the nominees for Class A Director, as hereinafter set forth in greater detail, will be decided by plurality vote of the holders of Class A Common Stock present in person or represented by proxy at the Meeting. The affirmative vote of the sole holder of the outstanding shares of Class B Common Stock, voting in person or by proxy at the meeting, is required to elect the Class B Directors, as hereinafter set forth in greater detail.

Abstentions and non-votes are counted as present in determining whether the quorum requirement is satisfied. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election of directors.

The Company will bear the cost of the solicitation. In addition to mailing this material to shareholders, the Company has asked banks and brokers to forward copies to persons for whom they hold stock of the Company and request authority for execution of the proxies. The Company will reimburse the banks and brokers for their reasonable out-of-pocket expenses in doing so. Officers and regular employees of the Company, without being additionally compensated, may solicit proxies by mail, telephone, telegram, facsimile or personal contact. All reasonable proxy soliciting expenses will be paid by the Company in connection with the solicitation of votes for the Annual Meeting.

The Company's principal executive offices are located at 75 Arlington Street, Boston, Massachusetts 02116, telephone number (617) 368-5000.

Consideration of Nominees for Director

Identifying and Evaluating Nominees for the Board of Directors

The Nominating/ Governance Committee employs a variety of methods for identifying and evaluating nominees for director. The Committee assesses and reviews with the full Board at least annually the skills and characteristics that should be reflected in the composition of the Board as a whole. The review includes an examination of the extent to which the requisite skills and characteristics are reflected in the then current Board members and seeks to identify any particular qualifications that should be sought in new directors for the purpose of augmenting the skills and experience represented on the Board. The assessment takes into account issues of experience, judgment, age and diversity in aspects of business relevant to the Company's affairs, all in the context of the perceived needs of the Board at that time. Candidates may come to the attention of the Committee through a number of sources, including current Board members, professional search firms, shareholders or other persons. Candidates are evaluated at regular or special meetings of the Nominating/ Governance Committee and may be considered at any point during the year.

Shareholder Nominees

The policy of the Nominating/ Governance Committee is to consider properly submitted shareholder nominations for candidates for membership on the Board as described above under Identifying and Evaluating Nominees for the Board Directors. The same process is used for evaluating a director candidate submitted by a shareholder as is used in the case of any other potential nominee. Any shareholder nominations proposed for consideration by the Nominating/ Governance Committee should include the nominee's name and qualifications for Board membership and should be addressed to:

Chairman
Nominating/ Governance Committee
The Boston Beer Company, Inc.
75 Arlington Street
Boston, MA 02116

If the Company receives a communication from a shareholder nominating a candidate that is not submitted as described above, it will forward such communication to the Chairman of the Nominating/ Governance Committee.

COMPENSATION COMMITTEE

REPORT ON EXECUTIVE COMPENSATION(1)

Compensation Philosophy. The Company's executive compensation system continues to be comprised of base salaries, annual bonuses based upon specific performance objectives and stock option awards. The Compensation Committee of the Board of Directors (the Committee), reviews executive officer compensation annually. Executive compensation is designed to be competitive within the alcoholic beverages industry and other companies of comparable size and complexity, so as to enable the Company to continue to attract and retain talented and motivated individuals in key positions.

Compensation paid to the Company's executive officers is intended to reflect the responsibility associated with each executive officer's position, the past performance of the specific executive officer, the goals of management and the profitability of the Company. Compensation in any particular case may vary from any industry average on the basis of annual and long-term Company performance, as well as individual performance. The Compensation Committee believes that the total compensation paid to the Company's executive officers is reasonable.

In 2004, the Compensation Committee devoted particular attention to developing specific goals and objectives to be achieved by the Chairman and the Chief Executive Officer in 2005 and bonus potential related to the achievement of those goals. In addition, the Committee strengthened its evaluation process for overall performance by the Chairman and the Chief Executive Officer, as well as established criteria for evaluation of other senior executive officers of the Company. The Committee elected to engage the services of an independent executive compensation consulting firm to conduct a review of executive compensation and to make recommendations for implementation in 2005.

Equity-Based Compensation. During 2004, the Compensation Committee again devoted significant attention to the grant of so-called Discretionary Options under the Company's Employee Equity Incentive Plan. The Discretionary Options feature of the Employee Equity Incentive Plan has been used by the Compensation Committee as an integral part of the overall compensation approach for the officers and senior managers of the Company. Such stock option awards are designed to provide incentive to the Company's key employees to increase the market value of the Company's stock, thus linking corporate performance and stockholder value to executive compensation.

As amended and restated in 1997, the Employee Equity Incentive Plan calls for the Compensation Committee to make recommendations to the full Board with respect to the grant of Discretionary Options. In recommending the grant of options, the Compensation Committee takes into account the position and responsibilities of the optionee being considered, the nature and value to the Company of his or her service and accomplishments, his or her present and potential contributions to the success of the Company and such other factors as the Compensation Committee deems relevant. In carrying out these responsibilities in 2004, the

Committee met with the Company's Chairman in October to review Management's preliminary recommendations with respect to Discretionary Options to be granted effective January 1, 2005. The Compensation Committee met again with the Chairman in December to review final recommendations to the Board of Directors in the context of the overall compensation plan for executives. Based on this review, the Committee recommended that options covering an aggregate of 142,050 shares of Class A Common Stock be granted by the Board, effective as of January 1, 2005. Of this number, options covering 48,500 shares of Class A Common Stock were granted to the named executive officers of the Company, constituting 34% of the total options granted. All options granted to the named executive officers were contingent options, whereby the actual number of shares as to which the option shall become exercisable in any year is dependent upon the Company's performance as measured against a benchmark determined by the Company's Board of Directors. The options shall lapse as to any shares that do not become vested in a particular year.

Upon recommendation of the Compensation Committee, the Employee Equity Incentive Plan was modified in October 2004 by action of the Board of Directors and the sole Class B Stockholder to limit the compensation used in the determination of the number of shares which a participant is eligible to purchase to a percentage of base salary and bonus (excluding income received as a result of the exercise of options or shares vesting under the Investment Share program).

Up to an aggregate of 3,687,500 shares of Class A Common Stock may be issued under the Employee Equity Incentive Plan. As of March 7, 2005, there were approximately 543,000 shares of Class A Common Stock available for grant under the Employee Equity Incentive Plan.

Compensation of Chief Executive Officer. The Compensation Committee reviewed and approved the compensation paid to Martin F. Roper as the Company's Chief Executive Officer during 2004. In reviewing such compensation, the Committee took into consideration the Company's success in executing against the Company's strategic plan for maintaining its position in the highly competitive better beer industry. The Committee set certain performance goals, including growth in sales, cost savings measures and other criteria, on which Mr. Roper's bonus award would be determined. The Compensation Committee set Mr. Roper's annual base salary for 2004 at \$530,000, and in February 2005 awarded him a bonus of \$149,500, based on achieving targeted cost reductions and implementing new strategic initiatives, earned by him in 2004, both of which the Committee determined were reasonable in light of the Company's overall performance. The Committee has set Mr. Roper's salary for 2005 at \$567,000, plus a bonus opportunity equal to 80% of salary, with an incremental 64% tied to achieving certain goals that would require substantial out-performance of the Company's financial plan for the year. Mr. Roper's objectives for 2005, as a percentage of his bonus opportunities, including the out-performance goals, are approximately as follows: 56% based on depletions growth and other revenue goals, 17% based on increased gross profit and other cost reductions, and 28% based on strategic initiatives and stock price. The Compensation Committee recommended and the full Board approved the grant to Mr. Roper a contingent option covering 15,000 shares, effective January 1, 2005, which shares carry an exercise price of \$21.14 per share.

Compensation of Chairman. The Compensation Committee also reviewed and approved the compensation paid to C. James Koch, the Chairman of the Company, in 2004. As a full-time employee of the Company, Mr. Koch's performance was measured against his efforts relating especially to the promotion of the Samuel Adams brand and serving as a spokesperson for the Company, as well as the Company's success in executing its strategic plan. In his unique position as the largest shareholder and the owner of all of the Class B Common Stock, the base compensation paid to Mr. Koch, which has not materially changed since 1996, does not necessarily reflect his considerable contribution to the Company. The Compensation Committee did increase Mr. Koch's annual base salary for 2005 to \$195,000, up from his 2004 salary of \$188,320, and determined that Mr. Koch earned a bonus of \$47,100 for 2004 performance based on targeted increases in the trading price of the Company's stock. Mr. Koch has the potential for an incremental 2004 bonus of \$56,400 based on 2004 depletions growth relative to the market, which will not be finally determined until April 2005. The Committee approved 2005 bonus opportunities for Mr. Koch equal to 100% of salary. Mr. Koch's objectives for 2005 as a percentage of his bonus opportunities are approximately as follows: 30% based on depletions growth, 30% based on relative depletions growth, 15% based on gross profit and 25% based on stock price.

Tax Limitation. Section 162(m) of the U.S. Internal Revenue Code limits the tax deductibility by a corporation of compensation in excess of \$1,000,000 paid to the Chief Executive Officer and any other of its four most highly compensated executive officers. However, compensation which qualifies as performance-based is excluded from the \$1,000,000 limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals under a plan approved by stockholders.

The Compensation Committee does not presently expect that total cash compensation to any individual executive will exceed \$1,000,000. The Compensation Committee will continue to monitor the compensation levels potentially payable under the Company's compensation programs, but intends to retain the flexibility necessary to provide total compensation in line with competitive practice, the Company's compensation philosophy and the Company's best interests. The Company has not adopted a policy that all executive compensation be fully deductible.

INDEPENDENT PUBLIC ACCOUNTANTS

On March 14, 2005, the Audit Committee of the Board of Directors terminated the engagement of Deloitte & Touche, LLP (Deloitte) as the Company's independent public accountants and engaged the firm of Ernst & Young, LLP (Ernst & Young) as its independent auditors to serve as its independent public accountants to audit the Company's financial statements for the 2005 fiscal year.

Deloitte's reports on the Company's financial statements for the past two years did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's two most recent fiscal years and through the date of termination of the engagement, there were no disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Deloitte's satisfaction, would have caused Deloitte to make reference to the subject matter of the disagreement in connection with its reports; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K promulgated by the Securities and Exchange Commission.

During the Company's two most recent fiscal years and through the date of engagement, the Company did not consult Ernst & Young with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that Ernst & Young might render on the Company's financial statements.

Representatives of the Company's independent public accountants are expected to be present at the annual meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and Directors and persons owning more than ten percent (10%) of the outstanding Class A Common Stock of the Company to file reports of ownership and changes in ownership with the SEC. Officers, Directors and greater than ten percent (10%) holders of Class A Common Stock are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

The Company believes that during the fiscal year ended December 25, 2004, all Section 16(a) filing requirements applicable to its officers, directors, and beneficial owners of greater than ten percent (10%) of its Common Stock were complied with. In making this statement, the Company has relied upon examination of the copies of Forms 3, 4 and 5, and amendments thereto, provided to the Company and the written representations of its directors, executive officers and 10% stockholders.
