Table of Contents

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

(1) Description of Business

NaviSite, Inc. (NaviSite , the Company , we , us or our) provides application management, managed hosting solutions and professional services for mid-market organizations. Leveraging our set of technologies and subject matter expertise, we deliver cost-effective, flexible solutions that provide responsive and predictable levels of service for our customers' businesses. Over 1,400 companies across a variety of industries rely on NaviSite to build, implement and manage their mission-critical systems and applications. NaviSite is a trusted advisor committed to ensuring the long-term success of our customers' business applications and technology strategies. At October 31, 2007, NaviSite had 16 state-of-the-art data centers and 9 major office locations across the U.S., U.K. and India. Substantially all revenue is generated from customers in the United States.

(2) Summary of Significant Accounting Policies**(a) Basis of Presentation and Principles of Consolidation**

The accompanying unaudited condensed consolidated financial statements include the accounts and operations of NaviSite, Inc. and its wholly-owned subsidiaries and have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission regarding interim financial reporting. Accordingly, they do not include all of the information and notes required by U.S. generally accepted accounting principles for complete financial statements and thus should be read in conjunction with the audited consolidated financial statements included in our Annual Report on Form 10-K filed on November 9, 2007. In the opinion of management, the accompanying unaudited condensed consolidated financial statements contain all adjustments, consisting only of those of a normal recurring nature, necessary for a fair presentation of the Company's financial position, results of operations and cash flows at the dates and for the periods indicated. The results of operations for the three months ended October 31, 2007 are not necessarily indicative of the results expected for the remainder of the fiscal year ending July 31, 2008.

All significant intercompany accounts and transactions have been eliminated in consolidation.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates. Significant estimates made by management include the useful lives of fixed assets and intangible assets, recoverability of long-lived assets, the collectability of receivables and the determination and valuation of goodwill and acquired intangible assets, the fair value of preferred stock, the deferred tax valuation allowance, certain accrued liabilities and other assumptions for sublease and lease abandonment reserves.

(c) Revenue Recognition

Revenue consists of monthly fees for application management services, managed hosting solutions, co-location and professional services. Reimbursable expenses charged to clients are included in revenue and cost of revenue. Application management, managed hosting solutions and co-location services are billed and recognized as revenue over the term of the contract, generally one to three years. Installation and up-front fees associated with application management, managed hosting solutions and co-location services are billed at the time the installation service is provided and recognized as revenue over the term of the related contract. Payments received in advance of providing services are deferred until the period such services are delivered.

Revenue from professional services is recognized as services are delivered for time and materials type contracts and using the percentage of completion method for fixed price contracts. For fixed price contracts, progress towards completion is measured by a comparison of the total hours incurred on the project to date to the total estimated hours required upon completion of the project. When current contract estimates indicate that a loss is probable, a provision is made for the total anticipated loss in the current period. Contract losses are determined to be the amount

Table of Contents

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

by which the estimated service delivery costs of the contract exceed the estimated revenue that will be generated by the contract. Unbilled accounts receivable represent revenue for services performed that have not yet been billed as of the balance sheet date. Billings in excess of revenue recognized are recorded as deferred revenue until the applicable revenue recognition criteria are met.

(d) Cash and Cash Equivalents and Restricted Cash

The Company considers all highly liquid securities with original maturities of three months or less to be cash equivalents. The Company had restricted cash of \$6.7 million and \$15.4 million as of October 31, 2007 and July 31, 2007, respectively, including \$5.0 million and \$13.7 million as of October 31, 2007 and July 31, 2007, respectively, that is classified as short-term in the Condensed Consolidated Balance Sheets and is included in Prepaid expenses and other current assets. Restricted cash at October 31, 2007 represents cash held in escrow related to our note payable to the AppliedTheory Estate (see Note 10(c)) and cash collateral requirements for standby letters of credit associated with several of the Company's facility and equipment leases.

(e) Property and Equipment

Property and equipment are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which range from three to five years. Leasehold improvements and assets acquired under capital leases are amortized using the straight-line method over the shorter of the lease term or the estimated useful life of the asset. Assets acquired under capital leases in which title transfers to us at the end of the agreement or have a bargain purchase option are amortized over the useful life of the asset. Expenditures for maintenance and repairs are charged to expense as incurred.

Renewals and betterments, which materially extend the life of assets, are capitalized and depreciated. Upon disposal, the asset cost and related accumulated depreciation are removed from their respective accounts and any gain or loss is reflected within Other income (expense), net in our Condensed Consolidated Statements of Operations.

(f) Long-lived Assets, Goodwill and Other Intangibles

The Company follows the provisions of Statement of Financial Accounting Standards (SFAS) No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. This statement requires that long-lived assets and certain identifiable intangibles be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to the undiscounted future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less cost to sell.

The Company reviews the valuation of goodwill in accordance with SFAS No. 142, Goodwill and Other Intangible Assets. Under the provisions of SFAS No. 142, goodwill is required to be tested for impairment annually in lieu of being amortized. This testing is done in the fourth fiscal quarter of each year. Furthermore, goodwill is required to be tested for impairment on an interim basis if an event or circumstance indicates that it is more likely than not that an impairment loss has been incurred. An impairment loss shall be recognized to the extent that the carrying amount of goodwill exceeds its fair value. Impairment losses are recognized in operations. The Company's valuation methodology for assessing impairment requires management to make judgments and assumptions based on historical experience and projections of future operating performance. If these assumptions differ materially from future results, the Company may record additional impairment charges in the future.

(g) Concentration of Credit Risk

Our financial instruments include cash, accounts receivable, obligations under capital leases, debt agreements,

Table of Contents

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

derivative instruments, preferred stock, accounts payable, and accrued expenses. As of October 31, 2007, the carrying cost of these instruments approximated their fair value. The financial instruments that potentially subject us to concentrations of credit risk consist primarily of accounts receivable. Concentrations of credit risk with respect to trade receivables are limited due to the large number of customers across many industries that comprise our customer base.

(h) Comprehensive Income

Comprehensive income is defined as the change in equity of a business enterprise during a period of time from transactions and other events and circumstances from non-owner sources. The Company reports accumulated other comprehensive income, primarily resulting from foreign currency translation adjustments, in the Condensed Consolidated Balance Sheets.

(i) Income Taxes

We account for income taxes under the asset and liability method in accordance with SFAS No. 109, Accounting for Income Taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

(j) Stock Based Compensation**Stock Options**

The Company maintains four stock incentive plans under which employees and outside directors have been granted nonqualified stock options to purchase the Company's Common Stock. Only one plan, the NaviSite 2003 Stock Incentive Plan, as amended (2003 Plan), is currently available for new equity award grants. For the Company's employees, options granted are generally exercisable as to 25% of the original number of shares on the sixth month (180th day) anniversary of the option holder's grant date and, thereafter, in equal amounts monthly over the three year period commencing on the sixth month (180th day) anniversary of the option holder's grant date. Options granted under the 2003 Plan have a maximum term of ten years.

The Company's current practice is to grant all options with an exercise price equal to the fair market value of the Company's common stock on the date of grant. The Company issued stock options for the purchase of approximately 1.1 million shares of common stock during the three months ended October 31, 2007 at a weighted average exercise price per share of \$7.62. The weighted average fair value of these equity awards was \$4.00 per share. During the three months ended October 31, 2006, the Company issued stock options for the purchase of approximately 0.2 million shares of common stock at a weighted average exercise price of \$3.67 per share with a weighted average fair value of \$2.62 per share.

The fair value of each option issued under the 2003 Plan is estimated on the date of grant using the Black-Scholes Model, based upon the following weighted average assumptions:

	Three Months Ended	
	October 31, 2007	October 31, 2006
Expected life (years)	2.50	3.53
Expected volatility	85.56%	108.26%
Expected dividend rate	0.00%	0.00%
Risk-free interest rate	4.05%	4.63%

Table of Contents

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Stock compensation expense related to stock options recognized in the condensed consolidated financial statements is as follows:

	Three Months Ended October 31, 2007 (in thousands)	Three Months Ended October 31, 2006 (in thousands)
Cost of revenue	\$ 556	\$ 241
Selling and marketing	\$ 252	\$ 88
General and administrative	\$ 338	\$ 500
Total	\$ 1,146	\$ 829

Nonvested Shares

During the three months ended October 31, 2007, the Company granted approximately 0.2 million nonvested shares of common stock to certain executives, under the 2003 Plan, at a weighted average grant date fair value of \$7.93 per share. The non-vested shares carry restrictions which lapse as the employees provide service as to one third of the shares per annum on each of the first, second, and third anniversaries of the date of grant. With respect to 0.1 million of the nonvested shares, the restrictions may lapse as to 100% of the shares if the Company achieves certain revenue and EBITDA targets for its 2008 fiscal year. The grant date fair value of the nonvested shares was determined based on the market price of the Company's common stock on the date of grant.

Compensation expense related to nonvested share is recognized ratably over the expected requisite service period related to the nonvested shares. During the three months ended October 31, 2007, approximately \$90,000 of compensation expense was recognized in general and administrative expense in the accompanying condensed consolidated statement of operations for the three months ended October 31, 2007 related to these nonvested shares. For accounting purposes, the non-vested shares are excluded from our issued and outstanding share amounts presented in our condensed consolidated balance sheets.

(k) Net Loss Per Share

Basic net loss per share is computed by dividing net loss by the weighted average number of common shares outstanding for the period. Diluted net loss per share is computed using the weighted average number of common and diluted common equivalent shares outstanding during the period. The Company utilizes the treasury stock method for options, warrants, and nonvested shares and the if-converted method for convertible preferred stock and notes, unless such amounts are anti-dilutive.

The following table sets forth common stock equivalents that are not included in the calculation of diluted net loss per share available to common stockholders because to do so would be anti-dilutive for the periods indicated.

	Three Months Ended October 31, 2007 (in thousands)	Three Months Ended October 31, 2006 (in thousands)
Common stock options	2,961,330	1,795,427
Common stock warrants	1,422,997	1,315,050
Nonvested stock	123,970	
Series A Convertible Preferred Stock	3,159,722	
Total	7,668,019	3,110,477

(l) Segment Reporting

We currently operate in one segment, managed IT services. The Company's chief operating decision maker reviews financial information at a consolidated level.

(m) Foreign Currency

Table of Contents

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

The functional currencies of our wholly-owned subsidiaries are the local currencies. The financial statements of the subsidiaries are translated into U.S. dollars using period end exchange rates for assets and liabilities and average exchange rates during corresponding periods for revenue, cost of revenue and expenses. Translation gains and losses are recorded as a separate component of stockholders' equity (deficit).

(n) Derivative Financial Instruments

Derivative instruments are recorded in the balance sheet as either assets or liabilities, measured at fair value. Changes in fair value are recognized currently in earnings. The Company utilizes interest rate derivatives to mitigate the risk of rising interest rates on a portion of its floating rate debt and did not qualify to apply hedge accounting. The interest rate differentials to be received under such derivatives are recognized as adjustments to interest expense and the changes in the fair value of the instruments are recognized over the life of the agreements as Other income (expense), net. The principal objectives of the derivative instruments are to minimize the risks and reduce the expenses associated with financing activities. The Company does not use derivative financial instruments for trading purposes.

(o) Recent Accounting Pronouncements

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159 (FAS 159), The Fair Value Option for Financial Assets and Liabilities . FAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. FAS 159 is effective for the Company's fiscal year beginning August 1, 2008. Early adoption is permitted. The Company adopted the provisions of FAS 159 effective August 1, 2007. The adoption of FAS 159 did not have a material impact to the Company's consolidated financial position or its results of operations.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements (FAS 157). FAS 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements. The provisions of FAS 157 are effective for fiscal years beginning after November 15, 2007. The Company is currently evaluating the impact of the provisions of FAS 157.

In June 2006, the FASB issued FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes (FIN 48). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in the Company's financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes. The provisions of FIN 48 are effective for fiscal years beginning after December 15, 2006. The Company adopted the provisions of FIN 48 effective August 1, 2007, see Note 13.

In February 2006, the FASB issued SFAS No. 155, Accounting for Certain Hybrid Financial Instruments an amendment of FASB Statements No. 133 and 140 . SFAS No. 155 (a) permits fair value re-measurement for any hybrid financial instrument that contains an embedded derivative that would otherwise require bifurcation, (b) clarifies which interest-only strips and principal-only strips are not subject to the requirements of FASB Statement No. 133, (c) establishes a requirement to evaluate interests in securitized financial assets to identify interests that are freestanding derivatives or that are hybrid financial instruments that contain an embedded derivative requiring bifurcation, (d) clarifies that concentrations of credit risk in the form of subordination are not embedded derivatives, and (e) amends FASB Statement No. 140 to eliminate the prohibition on a qualifying special-purpose entity from holding a derivative financial instrument that pertains to a beneficial interest in other than another derivative financial instrument. SFAS No. 155 is effective for all financial instruments acquired, issued, or subject to a re-measurement event occurring after the beginning of fiscal years beginning after September 15, 2006. The Company adopted the provisions of FAS 155 effective August 1, 2007. The adoption of FAS 155 did not have a material impact on our consolidated financial position or results of operations.

(3) Reclassifications

Table of Contents

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Certain fiscal year 2007 amounts have been reclassified to conform to the current year presentation.

(4) Acquisitions**(a) Acquisition of Jupiter Hosting, Inc.**

On August 10, 2007, the Company acquired the outstanding capital stock of Jupiter Hosting, Inc. (Jupiter), a privately held company based in Santa Clara, CA that provides managed hosting services that typically involve high bandwidth applications, for total consideration of \$8.8 million in cash. In connection with the acquisition of Jupiter, the Company entered into an escrow arrangement whereby \$0.7 million was placed in escrow through May 2008, and represents value necessary to settle any breach of representations or warranties by either of the Company or the former owners of Jupiter. The initial escrow is included as a component of the total consideration of \$8.8 million. The results of Jupiter's operations have been included in the condensed consolidated financial statements since the date of acquisition. Of the total consideration of \$8.8 million, \$8.7 million was initial consideration paid to the former shareholders of Jupiter and \$0.1 million represents direct costs related to the closing of the acquisition.

The following table summarizes the estimated fair value of the assets acquired and liabilities assumed at the date of the acquisition. The Company is in the process of finalizing its valuations of certain intangible assets; thus the allocation of the purchase price is preliminary and is subject to refinement and finalization based on the results of the valuation.

Other assets	127
Intangible assets	5,020
Goodwill	3,561
 Total assets	 11,401
 Current liabilities	 2,010
Long-term liabilities	567
 Total liabilities	 2,577
 Net assets acquired	 \$ 8,824

Of the \$5.0 million of acquired intangible assets, approximately \$4.2 million was assigned to customer lists with an average life of 7 years, approximately \$0.7 million was assigned to a below market supply contract with an estimated life of 5 years, approximately \$0.1 million was assigned to a non-compete agreement with the former owners of Jupiter with an expected life 3 years. Goodwill assigned totaled approximately \$3.7 million, none of which is expected to be deductible for income tax purposes. The Company believes that the high amount of goodwill relative to the purchase price relates to Jupiter's service offering, which broadens our managed hosting solutions service offering. In addition, the acquisition of Jupiter presents significant opportunities for operating cost synergies and cross-selling and up-selling opportunities.

(b) Acquisition of Alabanza LLC and Hosting Ventures LLC

On August 10, 2007, the Company acquired the assets, and assumed certain liabilities, of Alabanza LLC and

Table of Contents

NAVISITE, INC
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Hosting Ventures LLC, for total consideration of \$7.0 million in cash, which amount is subject to adjustment based on the final determined working capital of the acquired assets and assumed liabilities at the closing date. Alabanza LLC and Hosting Ventures LLC (collectively Alabanza) are providers of dedicated and shared managed hosting services. In connection with the acquisition of Alabanza, the Company entered into an escrow arrangement whereby \$0.7 million was placed in escrow through February 2008, and represents value necessary to settle any breach of representations or warranties by either of the Company or the former owners of Alabanza. The initial escrow is included as a component of the total consideration of \$7.0 million. The results of Alabanza s operations have been included in the condensed consolidated financial statements since the date of acquisition. Of the total consideration of \$7.0 million, \$6.9 million was initial consideration paid to the former owners of Alabanza and \$0.1 million represents direct costs related to the closing of the acquisition and contingent consideration related to the purchase price adjustment based on the final determination of the closing date working capital.

The following table summarizes the estimated fair value of the assets acquired and liabilities assumed at the date of the acquisition. The Company is in the process of finalizing its valuations of certain intangible assets; thus the allocation of the purchase price is preliminary and is subject to refinement and finalization based on the results of the valuation.

	August 10, 2007 (In thousands)
Current assets	\$ 180
Property and equipment	776
Intangible assets	4,873
Goodwill	2,268
 Total assets	 8,097
 Current liabilities	 1,077
 Total liabilities	 1,077
 Net assets acquired	 \$ 7,020

Of the \$4.9 million of acquired intangible assets, approximately \$1.9 million was assigned to customer lists with an average life of 7 years, approximately \$2.7 million was assigned to developed technology with an estimated life of 5 years, approximately \$0.2 million was assigned to the Alabanza trade name with an expected life of 7 years and approximately \$0.1 million was assigned to a non-compete agreement with the former owners of Alabanza with an expected life 3 years. Goodwill assigned totaled approximately \$2.3 million, all of which is expected to be deductible for income tax purposes. The Company believes that the high amount of goodwill relative to the purchase price relates to the complementary service solution of Alabanza relative to our existing managed hosting solutions service offerings. In addition, the acquisition presents significant opportunities for operating cost synergies and cross-selling and up-selling opportunities

(c) Acquisition of netASPx, Inc.

On September 12, 2007, the Company acquired the outstanding capital stock of netASPx, Inc. (netASPx), an application management service provider, for total consideration of \$40.8 million. The consideration consisted of

\$15.5 million in cash subject to adjustment based on netASPx, Inc.'s cash at the closing date, and the issuance of 3,125,000 shares of Series A Convertible Preferred Stock (Series A Preferred), with a fair value of \$24.9 million (see Note 14). In connection with the acquisition of netASPx, the Company entered into an escrow arrangement whereby 393,750 shares of the Series A Preferred were placed in escrow through June 2008, and represents value necessary to settle any breach of representations or warranties by either of the Company or the former owners of netASPx. The initial escrow is included as a component of the total consideration of \$40.8 million. The operating results of netASPx have been included in the condensed consolidated financial statements since the date of acquisition. Of the total consideration of \$40.8 million, \$40.4 million was initial consideration paid to the former owners of netASPx and \$0.4 million represents direct costs related to the closing of the acquisition.

Table of Contents

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

The following table summarizes the estimated fair value of the assets acquired and liabilities assumed at the date of the acquisition. The Company is in the process of finalizing its valuations of certain intangible assets and other assets acquired and liabilities assumed; thus the allocation of the purchase price is preliminary and is subject to refinement and finalization based on the results of the valuation.

	September 12, 2007 (In thousands)
Current assets	\$ 4,961
Property and equipment	3,750
Other assets	56
Intangible assets	20,900
Goodwill	20,399
 Total assets	 50,066
 Current liabilities	 4,601
Long-term liabilities	4,623
 Total liabilities	 9,224
 Net assets acquired	 \$ 40,842

Of the \$20.9 million of acquired intangible assets, approximately \$12.6 million was assigned to customer backlog with an expected life of 5 years and approximately \$8.3 million was assigned to customer relationships with an estimated life of 8 years. Goodwill assigned totaled approximately \$20.4 million, none of which is expected to be deductible for tax purposes. The Company believes that the high amount of goodwill relative to the purchase price relates to the addition to our applications management service offering of the netASPx product suite. In addition, the acquisition of netASPx presents significant opportunities for operating cost synergies and cross-selling and up-selling opportunities.

(d) Acquisition of iCommerce, Inc.

On October 12, 2007, the Company acquired the assets of iCommerce, Inc., a re-seller of dedicated hosting services. The total consideration was approximately \$670,000 and consisted of cash of \$400,000, common stock with a fair value at the acquisition date of \$226,000 and direct costs necessary to close the acquisition of approximately \$45,000. The operating results of iCommerce, Inc. have been included in the condensed consolidated financial statements from the date of the acquisition. Of the total consideration, \$529,000 was assigned to customer lists with an expected life of 7 years and \$141,000 was assigned to goodwill, all of which is deductible for income tax purposes.

Pro Forma Information

The following pro forma information summarizes the consolidated financial results for the three months ended October 31, 2007 and 2006, respectively, as if the acquisitions of Jupiter, Alabanza, netASPx and iCommerce had occurred at the beginning of each three month period.

**Three Months ended
October 31,**

	2007	2006
	(In thousands)	
Total revenue	\$37,771	\$39,717
Loss from continuing operations	(4,530)	(3,151)
Net loss attributable to common stockholders	\$ (5,564)	\$ (3,871)
Net loss per share attributable to common stockholders	\$ (0.16)	\$ (0.13)

Table of Contents

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

The pro forma results for the three months ended October 31, 2006 include approximately \$3.2 million of revenue and \$0.3 million of net loss attributable to common stockholders related to a government contract with netASPx that was terminated effective April 30, 2007.

In connection with the acquisitions of Jupiter and Alabanza in August 2007, the Company received a waiver from its lending group permitting the use of amounts borrowed for the acquisition of Alabanza and Jupiter; accordingly, \$8.7 million was released from restricted cash at August 10, 2007. In addition, in connection with the acquisition of netASPx in September 2007, the Company refinanced its credit agreement. See Note 10(a) below.

(5) Discontinued Operations

In August 2007, the Company launched America's Job Exchange (AJE), an employment services web site. This site utilizes technology developed in connection with the provision of services to a former customer. Upon termination of the use of the service by our customer, AJE was launched as an independent employment services site utilizing an advertising revenue and premium enhanced services model. In August 2007, the Company determined that AJE is not core to its business and pursuant to a plan developed in August 2007, the Company is actively seeking to dispose of AJE and, accordingly, the results of its operations, its assets and liabilities and its cash flows have been presented as discontinued operations in these condensed consolidated financial statements. The Company expects that AJE will be disposed of during fiscal year 2008. Subsequent to disposal, the Company does not expect to have any on-going involvement in the operations of AJE. Operating results related to AJE for the three months ended October 31, 2007 were as follows:

	(In thousands)
Cost of revenues	\$ 247
Depreciation and amortization	28
Total cost of revenues	275
Selling and marketing	39
Loss from discontinued operations before income taxes	314
Income taxes	
Loss from discontinued operations, as reported	\$ 314

The recorded assets and liabilities of AJE at October 31, 2007 and July 31, 2007 were not material.

(6) Impairment of Long-Lived Assets

During the three months ended October 31, 2006, the Company recorded a recovery of a previously impaired lease totaling \$0.3 million. This recovery reflected a change in sub-lease assumptions related to a lease impairment recorded in a prior reporting period.

(7) Property and Equipment

Property and equipment consisted of the following:

Table of Contents

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

	October 31, 2007	July 31, 2007
	(In thousands)	
Office furniture and equipment	\$ 4,485	\$ 3,416
Computer equipment	60,763	53,393
Software licenses	14,344	12,868
Leasehold improvements	11,013	10,824
	90,605	80,501
Less: Accumulated depreciation and amortization	(67,440)	(64,660)
Property and equipment, net	\$ 23,165	\$ 15,841

The estimated useful lives of our property and equipment are as follows: office furniture and equipment, 5 years; computer equipment, 3 years; software licenses, 3 years or life of the license; and leasehold improvements, lesser of the lease term or the asset's estimated useful life.

(8) Intangible Assets

Intangible assets consisted of the following:

	October 31, 2007	July 31, 2007
	(In thousands)	
Customer lists	\$ 40,910	\$ 25,951
Customer contract backlog	16,000	3,400

Less current portion	(7,824)	(7,063)
Long term debt	\$ 108,675	\$ 89,100

(a) Senior Secured Credit Facility

In June 2007, the Company entered into a Senior Secured Credit Agreement (the "Credit Agreement") with a syndicated lending group. The Credit Agreement consisted of a six year single draw term loan (the "Term Loan") totaling \$90.0 million and a five year \$10.0 million revolving credit facility (the "Revolver"). Proceeds from the Term Loan were used to pay our obligations under the Silver Point Debt (see below), to pay fees and expenses totaling approximately \$1.5 million related to the closing of the Credit Agreement, to provide financing for data center expansion (totaling approximately \$8.7 million) and for general corporate purposes. Borrowings under the Credit Agreement were guaranteed by the Company and all of its subsidiaries.

Under the Term Loan, the Company is required to make principal amortization payments during the six year term of the loan in amounts totaling 1% of the initial principal per annum (\$0.9 million initially), paid quarterly on the first day of the Company's fiscal quarters. In April 2013, the balance of the Term Loan becomes due and payable. The outstanding principal under the Credit Agreement is subject to prepayment in the case of an Event of Default, as defined in the Credit Agreement. In addition amounts outstanding under the Credit Agreement are subject to mandatory pre-payment in certain cases including, among others, a change in control of the Company, the incurrence of new debt and the issuance of equity of the Company. In the case of a mandatory pre-payment resulting from a debt issuance, 100% of the proceeds must be used to prepay amounts owed under the Credit Agreement. In the case of an equity offering, the Company is entitled to retain the first \$20.0 million raised and must prepay amounts owed under the Credit Agreement with 50% of the proceeds from an equity offering that exceed \$20.0 million.

Amounts outstanding under the Credit Agreement bear interest at either the LIBOR rate plus 3.5% or the Base Rate, as defined in the Credit Agreement, plus the Federal Funds Effective Rate plus 0.5%, at the Company's option. Upon the attainment of a Consolidated Leverage Ratio, as defined, of no greater than 3:1, the interest rate under the LIBOR option can decrease to LIBOR plus 3.0%. Interest becomes due and is payable quarterly in arrears. The Credit Agreement requires us to maintain interest rate arrangements to minimize exposure to interest rate fluctuations on an aggregate notional principal amount of 50% of amounts borrowed under the Term Loan (see Note 12).

The Credit Agreement requires us to maintain certain financial and non-financial covenants. Financial covenants include a minimum fixed charge coverage ratio, a maximum total leverage ratio and an annual capital expenditure limitation. Non-financial covenants include restrictions on our ability to pay dividends, make investments, sell assets, enter into merger or acquisition transactions, incur indebtedness or liens, enter into leasing transactions, alter our capital structure or issue equity, among others. In addition, under the Credit Agreement, we are allowed to borrow, through one or more of our foreign subsidiaries, up to \$10.0 million to finance data center expansion in the United

Kingdom.

Table of Contents

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Proceeds from the Term Loan were used to extinguish all of the Company's outstanding debt with Silver Point. At the closing of the Credit Agreement, the Company had \$75.5 million outstanding with Silver Point, which was paid in full. In addition, the Company incurred a \$3.0 million pre-payment penalty which was paid with the proceeds of the Term Loan. At the closing of the Credit Agreement, the Company's revolving commitment with Atlantic (see below) was also terminated.

In August 2007, the Company entered into Amendment, Waiver and Consent Agreement No. 1 to the Credit Agreement (the "Amendment"). The Amendment permitted us to use approximately \$8.1 million of cash originally borrowed under the Credit Agreement and restricted for data center expansion to partially fund the acquisition of Jupiter and Alabanza, (see Note 4 above) and amended the Credit Agreement to permit the issuance of up to \$75.0 million of Permitted Indebtedness, as defined. Permitted Indebtedness must be unsecured, require no amortization payment and not become due or payable until 180 days after the maturity date of the Credit Agreement in June 2013.

In September 2007, the Company entered into an Amended and Restated Credit Agreement ("Amended Credit Agreement"), refinancing its existing debt under its Credit Agreement. The Amended Credit Agreement provided the Company with an incremental \$20.0 million in term loan borrowings and amended the rate of interest to LIBOR plus 4.0%, with a step-down to LIBOR plus 3.5% upon attainment of a 3:1 leverage ratio. All other terms of the Credit Agreement remained substantially the same. The Company recorded a loss on debt extinguishment of approximately \$1.7 million for the three months ended October 31, 2007 to reflect this extinguishment of the Credit Agreement, in accordance with EITF 96-19 "Debtor's Accounting for a Modification or Exchange of Debt Instruments."

At October 31, 2007, \$109.8 million was outstanding under the Amended Credit Agreement. No balances were outstanding under the Revolver.

(b) Term Loans and Revolving Credit Facilities

On April 11, 2006, we entered into a senior secured Term Loan and senior secured Revolving Credit Facility (the "Credit Facility") with Silver Point Finance LLC, (the "Lender") to repay certain maturing debt and increase borrowing available for corporate purposes. The Term Loan consisted of a five year single-draw Term Loan in the aggregate amount of \$70 million. Borrowings under the Term Loan were guaranteed by the Company and all of its subsidiaries. During the first twelve months of the loan, we were required to make quarterly interest only payments to the Lender and commencing one year after closing date of the loan, we were also scheduled to make quarterly repayments of principal. The maturity date of the Term Loan was April 11, 2011. The Lender was entitled to prepayment of the outstanding balance under the Term Loan, upon the occurrence of various events, including, among others, if the Company sold assets and did not reinvest the proceeds in assets, received cash proceeds from the incurrence of any indebtedness, had excess cash, or closed an equity financing transaction, provided that the first \$10 million plus 50% of the remaining net proceeds from an equity financing were not subject to the mandatory prepayment requirement. Generally, prepayments were subject to a prepayment premium ranging from 8%-1% depending upon the timing of the prepayment (see Note 11 for discussion of the valuation of this prepayment premium). The unpaid amount of the Term Loan and accrued interest and all other obligations could have become due and payable immediately upon occurrence and continuation of any event of default. Under the Term Loan agreement, the Company complied with various financial and non-financial covenants. The financial covenants included among others, minimum fixed charge coverage ratio, maximum consolidated leverage ratio, minimum consolidated EBITDA and maximum annual capital expenditures. The primary non-financial covenants limited our ability to pay dividends, make investments, engage in transactions with affiliates, sell assets, conduct mergers or acquisitions, incur indebtedness or liens, alter capital structure and sell stock.

Outstanding amounts of the Term Loan bore interest at either: (a) 7% per annum plus, the greater of (i) Prime Rate, and (ii) the Federal Funds Effective Rate plus 3%, or (b) 8% plus the floating rate of LIBOR. To the extent interest payable on the Term Loan (a) exceeded the LIBOR Rate plus 5% in year one or (b) exceeded

Table of Contents

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

the LIBOR Rate plus 7% for the years thereafter, such amounts that exceeded the threshold were capitalized and added to the outstanding principal amount of the Term Loan and incurred interest. Outstanding amounts under the Revolving Credit Facility bore interest at either: (a) 7% per annum plus, the greater of (i) Prime Rate, and (ii) the Federal Funds Effective Rate plus 3%, or (b) 8% plus the floating rate of LIBOR. Interest was payable in arrears on the last day of the month for Base Rate loans, and the last day of the chosen interest period (one, two or three months) for LIBOR Rate loans. We were required to maintain Interest Rate Agreements constituting caps with respect to an aggregate notional principal amount of a portion of the Loan, to limit the unadjusted variable rate component of the interest costs to the Company.

The amount borrowed was used to repay our accounts receivable financing line, convertible notes and interest payable and to pay transaction fees and expenses relating to the loan. In addition, at the time of draw, we borrowed \$6.4 million which was held in escrow to pay the notes payable to the AppliedTheory Estate.

In connection with the establishment of the Credit Facility, the Company issued warrants to purchase an aggregate of 3,514,933 shares of common stock of the Company at an exercise price of \$0.01 per share. These warrants became exercisable 90 days following the closing date of the Credit Facility and will expire on April 11, 2016. The warrants were fair valued using the Black-Scholes option-pricing model and were recorded in our Condensed Consolidated Balance Sheets at inception as a discount to the loan amount of \$9.1 million and were being amortized into interest expense over the five-year term of the Credit Facility.

In February 2007, the Company entered into Amendment No. 4 and Waiver to Credit and Guaranty Agreement (the Amendment) with Silver Point. Under the Amendment, the Lenders provided to the Company an additional term loan in the original principal amount of \$3,762,753, (the Supplemental Term Loan). The terms of the Supplemental Term Loan were identical to the Term Loan. Amounts borrowed under the Supplemental Term Loan were used for working capital and other general corporate purposes.

In February, 2007, in connection with the Amendment, the Company issued warrants to Silver Point to purchase an aggregate of 415,203 shares of common stock at an exercise price of \$0.01 per share. The warrants were fair valued using the Black-Scholes option-pricing model and were recorded in our Condensed Consolidated Balance Sheets at inception as a discount to the loan amount of \$2.2 million and were being amortized into interest expense over the five-year term of the Credit Facility.

The Silver Point Debt was paid in full in June 2007, as discussed in Note 10(a) above.

(c) Note Payable to Atlantic Investors, LLC

On January 29, 2003, we entered into a \$10.0 million Loan and Security Agreement (Atlantic Loan) with Atlantic Investors, LLC (Atlantic), a related party. The Atlantic Loan bears an interest rate of 8% per annum. On April 11, 2006, the Company entered into an Amended and Restated Loan Agreement with Atlantic, in connection with and as a condition precedent to the Credit Facility with Silver Point, which amended and restated the existing loan agreement between the Company and Atlantic dated January 29, 2003. Under the Atlantic amendment and related transaction documents, Atlantic agreed to reduce the availability of the Atlantic Loan to the amount outstanding as of April 11, 2006 of \$3.0 million and approximately \$0.7 million of accrued interest, agreed that this indebtedness shall be an unsecured obligation of the Company, agreed to subordinate this indebtedness to amounts owed by the Company to Silver Point and agreed to extend the maturity date of the loan to the earlier of the date that is 90 days after the earlier of: (a) April 11, 2011, and (b) the date all obligations under the Silver Point Credit Facility have been paid in full.

The principal and accrued interest of the Atlantic Loan from time to time became convertible into shares of the Company's common stock at \$2.81 per share, (the market price of our stock on April 11, 2006), 90 days following April 11, 2006.

In January 2007, Atlantic converted all of the remaining principal and accrued interest of \$3,863,610 into

Table of Contents

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1,374,950 shares of the Company's common stock.

(d) Revolving Credit Facility with Atlantic Investors, LLC

On April 11, 2006, we entered into an unsecured subordinated Revolving Credit Agreement with Atlantic Investors LLC, in connection with and as a condition precedent to the Silver Point credit facility, whereby the Company established a subordinated revolving credit facility with Atlantic (the Atlantic Facility) in the amount not to exceed \$5 million. Credit advances under the Atlantic Facility shall bear interest at either: (a) 7% per annum plus, the greater of (i) Prime Rate, and (ii) the Federal Funds Effective Rate plus 3%, or (b) 8% plus the floating rate of LIBOR. Interest may, at the Company's option, be paid in cash or promissory notes. All outstanding amounts under the Atlantic Facility shall be paid in full by the Company no later than the date that is 90 days after the earlier of: (a) April 11, 2011, and (b) the date all obligations under the Credit Facility have been paid in full.

The Atlantic Facility was terminated in connection with the Company's debt refinancing in June 2007 (see Note 10 (a) above).

(e) Notes Payable to AppliedTheory Estate

As part of CBTM's acquisition of certain AppliedTheory assets, CBTM made and issued two unsecured promissory notes totaling \$6.0 million (Estate Liability) due to the AppliedTheory Estate on June 13, 2006. The Estate Liability bears interest at 8% per annum, which is due and payable annually. In July 2006, the Company reached agreement with the secured creditors of AppliedTheory to settle certain claims against the estate of AppliedTheory and repay the outstanding notes including accrued interest for approximately \$5.0 million. The settlement agreement is currently awaiting approval by the bankruptcy court. At October 31, 2007, we had recorded approximately \$0.5 million in accrued interest related to these notes. The Company maintains approximately \$5.0 million in an escrow account necessary to repay these notes pursuant to the settlement agreement. This \$5.0 million is included in Prepaid expenses and other current assets in our Condensed Consolidated Balance Sheets.

(f) Notes Payable to Landlord

As part of an amendment to our 400 Minuteman Road lease, \$2.2 million of our future payments to the landlord of our 400 Minuteman Road facility was transferred into a note payable (Landlord Note). The \$2.2 million represents leasehold improvements made by the landlord, on our behalf, to the 400 Minuteman location in order to facilitate the leasing of a portion of the facility (First Lease Amendment), as well as common area maintenance and property taxes associated with the space. The Landlord Note bears interest at an annual rate of 11% and calls for 36 equal monthly payments of principal and interest. The final payment was due and paid in November 2006.

In addition, during fiscal year 2004, we paid \$120,000 and we entered into a separate \$150,000 note (Second Landlord Note) with the landlord for additional leasehold improvements to facilitate a subleasing transaction involving a specific section of the 400 Minuteman Road location. The Second Landlord Note bears interest at an annual rate of 11% and calls for 36 equal monthly payments of principal and interest. The final payment was due and paid on March 1, 2007.

(11) Derivative Instruments

In May 2006, the Company purchased an interest rate cap on a notional amount of 70% of the then outstanding principal of the Silver Point Debt (see Note 10(b)). With the interest rate cap the Company locked in a maximum variable interest rate of 6.5% that could be charged on the notional amount (which must equal a minimum of 50% of all Indebtedness, as defined in the Amended Credit Agreement) during the term of the agreement. As of October 31,

Table of Contents

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

2007, the fair value of the interest rate derivative (which carried a notional amount of approximately \$59.0 million at October 31, 2007) was approximately \$111,000 which is included in Other assets in the Company's Condensed Consolidated Balance Sheets. The change in fair value for the three months ended October 31, 2007 and 2006, respectively was approximately \$70,000 and \$108,000. The change in fair value was charged to Other income (expense), net in the accompanying Condensed Consolidated Statement of Operations.

The Silver Point Debt carried a prepayment penalty which was determined to be an embedded derivative and was required to be separately valued from the Silver Point Debt (see Note 10 (b)). The Company calculated the fair value of this embedded derivative to be approximately \$867,000 upon the closing of the Silver Point Debt which was included in the Condensed Consolidated Balance Sheets at the time as a discount to the Silver Point Debt with an offsetting amount included in Other long-term liabilities. Amortization of the embedded derivative, calculated on a straight line basis, was included in interest expense for the three months ended October 31, 2006 and reduced the discount to the Silver Point Debt over its term. The value of the embedded derivative was required to be evaluated quarterly and any changes in the valuation of the embedded derivative were recorded as an adjustment to any interest expense previously recorded and to the discount to the Silver Point Debt with an offsetting adjustment to Other long-term liabilities. The remaining value of the embedded derivative were charged to income upon payment of the Silver Point Debt (see Note 10b)).

(12) Commitments and Contingencies**(a) Leases**

Abandoned Leased Facilities. During the three months ended October 31, 2007, in connection with the acquisitions of Jupiter and netASPx (see Note 4), the Company recorded impairment allowances in accordance with EITF 95-3

Recognition of Liabilities in Connection with a Purchase Business Combination for four facilities two in Santa Clara, CA, one in Herndon, VA and another in Minneapolis, MN. The Santa Clara facilities and the Herndon, VA facilities were vacated shortly after the acquisition of Jupiter and netASPx, respectively, pursuant to a plan of closure and relocation. The Minneapolis space was underutilized at the date of acquisition of netASPx and the recorded impairment allowance reflects this underutilized space. The total impairment allowances related to these facilities totals approximately \$0.7 million. During the three months ended October 31, 2006, we recorded lease impairment recoveries of approximately \$0.3 million due to revisions in sublease assumptions for previously abandoned facilities.

All impairment expense amounts recorded are included in the caption Impairment, restructuring and other in the accompanying Condensed Consolidated Statements of Operations.

Details of activity in the lease exit accrual by geographic region for the three months ended October 31, 2007 are as follows (in thousands):

	Balance		Purchase Accounting	Payments, less accretion	Balance
Lease Abandonment	July 31,	Expense	and Other	of interest	October 31,
Costs for:	2007	(Recovery)	Adjustments	of interest	2007
Andover, MA	\$ 406			\$ (40)	\$ 366
Chicago, IL	409			(25)	384
Houston, TX	481			(95)	386
Syracuse, NY	212			(118)	94

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Minimum annual rental commitments under operating leases and other commitments are as follows as of October 31, 2007:

Description	Total	Less than 1 Year	Year 2	Year 3	Year 4	Year 5	After Year 5
				(In thousands)			
Short/Long-term debt	\$ 116,499	\$ 7,824	\$ 1,100	\$ 1,100	\$ 1,100	\$ 1,100	\$ 104,275
Interest on debt ^(a)	55,023	10,652	9,768	9,669	9,570	9,470	5,894
Capital leases	4,613	2,729	1,369	446	51	18	
Bandwidth commitments	5,248	3,128	1,932	188			
Property leases ^(b)	67,061	11,429	9,770	6,729	5,388	5,344	28,401
	\$ 248,444	\$ 35,762	\$ 23,939	\$ 18,132	\$ 16,109	\$ 15,932	\$ 138,570

(a) *Interest on long-term debt assumes rate is fixed at 8.9%.*

(b) *Amounts exclude certain common area maintenance and other property charges that are not included within the lease payment.*

With respect to the property lease commitments listed above, certain cash amounts are restricted pursuant to terms of lease agreements with landlords. At October 31, 2007, restricted cash of approximately \$1.7 million related to these lease agreements and consisted of certificates of deposit and a treasury note and are recorded at cost, which approximates fair value.

(b) Legal Matters

IPO Securities Litigation

In 2001, lawsuits naming more than 300 issuers and over 50 investment banks were filed in the United States District Court for the Southern District of New York and assigned to the Honorable Shira A. Scheindlin (the Court) for all pretrial purposes (the IPO Securities Litigation). Between June 13, 2001 and July 10, 2001 five purported class action lawsuits seeking monetary damages were filed against us, Joel B. Rosen, our then chief executive officer, Kenneth W. Hale, our then chief financial officer, Robert E. Eisenberg, our then president, and the underwriters of our initial public offering of October 22, 1999. On September 6, 2001, the Court consolidated the five similar cases and a consolidated, amended complaint was filed on April 19, 2002 (the Class Action Litigation) against us and Messrs. Rosen, Hale and Eisenberg (collectively, the NaviSite Defendants) and against underwriter defendants

Robertson Stephens (as successor-in-interest to BancBoston), BancBoston, J.P. Morgan (as successor-in-interest to Hambrecht & Quist), Hambrecht & Quist and First Albany. The plaintiffs uniformly alleged that all defendants, including the NaviSite Defendants, violated Sections 11 and 15 of the Securities Act of 1933, Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 and Rule 10b-5 by issuing and selling our common stock in the offering, without disclosing to investors that some of the underwriters, including the lead underwriters, allegedly had solicited and received undisclosed agreements from certain investors to purchase aftermarket shares at pre-arranged, escalating prices and also to receive additional commissions and/or other compensation from those investors. The Class Action Litigation seeks certification of a plaintiff class consisting of all persons who acquired shares of our common stock between October 22, 1999 and December 6, 2000. The claims against Messrs. Rosen, Hale and Eisenberg were dismissed without prejudice on November 18, 2002, in return for their agreement to toll any statute of limitations applicable to those claims. At this time, plaintiffs have not specified the amount of damages they are seeking in the Class Action Litigation.

On June 30, 2003, our Board of Directors considered and authorized us to negotiate a settlement of the Class Action Litigation substantially consistent with a memorandum of understanding negotiated among plaintiffs, the issuers and the insurers for such issuers. Among other contingencies, the settlement ultimately negotiated was subject to approval by the Court. On February 15, 2005, the Court preliminarily approved the terms of the settlement, provided that the plaintiffs and defendants agreed to, which they did, a modification to the bar order to be entered. On August 31, 2005, the Court entered a further preliminary approval Order. The Court subsequently held a Fed. R. Civ. P. 23 fairness hearing on April 24, 2006, and the matter was taken under advisement. On June

NAVISITE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

28, 2007, in consideration of the Second Circuit class certification ruling and the renewed certification motion discussed below, the Court entered an Order terminating the settlement.

On October 13, 2004, the Court certified a class in a sub-group of cases (the Focus Cases) in the IPO Securities Litigation, which was vacated on December 5, 2006 by the United States Court of Appeals for the Second Circuit (the Second Circuit). The Class Action Litigation is not one of the Focus Cases. Plaintiffs-appellees January 5, 2007 petition with the Second Circuit for rehearing and rehearing en banc was denied by the Second Circuit on April 6, 2007. Plaintiffs renewed their certification motion on September 27, 2007 as to redefined classes pursuant to Fed. R. Civ. P. 23(b)(3) and 23(c)(4). Responsive briefs are to be submitted by December 21, 2007, and reply briefs by February 15, 2008. Additionally, on August 14, 2007, plaintiffs filed amended class action complaints in the Focus Cases, along with an accompanying set of Amended Master Allegations (collectively, the Amended Complaints). Plaintiffs therein (i) revise their allegations with respect to (1) the issue of investor knowledge of the alleged undisclosed agreements with the underwriter defendants and (2) the issue of loss causation; (ii) include new pleadings concerning alleged governmental investigations of certain underwriters; and (iii) add additional plaintiffs to certain of the Amended Complaints.

We believe that the allegations against us are without merit and we intend to vigorously defend against the plaintiffs' claims. Due to the inherent uncertainty of litigation, we are not able to predict the possible outcome of the suits and their ultimate effect, if any, on our business, financial condition, results of operations or cash flows.

(13) Income Tax Expense

The Company recorded \$0.4 million and \$0.3 million of deferred income tax expense during the three months ended October 31, 2007 and 2006, respectively. No deferred tax benefit was recorded for the losses incurred due to a valuation allowance recognized against deferred tax assets. The deferred tax expense resulted from tax goodwill amortization related to the Surebridge acquisition and the acquisition of AppliedTheory Corporation by ClearBlue Technologies Management, Inc. and the acquisition of the assets of Alabanza and iCommerce during the three months ended October 31, 2007. The acquired goodwill and intangible assets for both acquisitions are amortizable for tax purposes over fifteen years. For financial statement purposes, goodwill is not amortized for any acquisition but is tested for impairment annually. Tax amortization of goodwill results in a taxable temporary difference, which will not reverse until the goodwill is impaired or written off. The resulting taxable temporary difference may not be offset by deductible temporary differences currently available, such as net operating loss carryforwards which expire within a definite period.

On August 1, 2007, the Company adopted the provisions of Financial Accounting Standards Board Interpretation No. 48, Accounting for Uncertainty in Income Taxes (FIN 48). The purpose of FIN 48 is to increase the comparability in financial reporting of income taxes. FIN 48 requires that in order for a tax benefit to be recorded in the income statement, the item in question must meet the more-likely-than-not (greater than 50% likelihood of being sustained upon examination by the taxing authorities) threshold. The adoption of FIN 48 did not have a material effect on the Company's financial statements. No cumulative effect was booked through beginning retained earnings.

As of the adoption date, the Company has determined that it does not have any gross unrecognized tax benefits. The Company does not expect significant changes in the amounts of unrecognized tax benefits within the next twelve months.

The Company is not currently under audit by the Internal Revenue Service or a similar equivalent for the foreign jurisdictions in which the Company files tax returns. The Company conducts business in multiple locations throughout the world resulting in tax filings outside of the United States. The Company is subject to tax examinations regularly as part of the normal course of business. The Company's major jurisdictions are the U.S., United Kingdom and India. With few exceptions, the Company is no longer subject to U.S. federal, state and local, or non-U.S. income tax examinations for fiscal years before 2004. However, years prior to fiscal 2004 remain open to examination by U.S. federal and state revenue authorities to the extent of future utilization of net operating losses generated in each preceding year.

The Company records interest and penalty charges related income taxes, if incurred, as a component of general and administrative expenses.

(Unaudited)

(14) Preferred Stock

In connection with the acquisition of netASPx (see Note 4), the Company issued 3,125,000 shares of Series A Convertible Preferred Stock (Series A Preferred). The Series A Preferred was initially recorded at its fair value at the date of issue of \$24.9 million. The Series A Preferred accrues payment-in-kind (PIK) dividends at 8% per annum increasing to 10% per annum in September 2008 and 12% per annum in March 2009. The Series A Preferred is convertible into common shares of the Company, at the option of the holder, at any time after 18 months from date of issuance at \$8.00 per share, adjusted for stock splits, dividends or other similar adjustments. The Series A Preferred carries customary liquidation preferences providing it preference to common shareholders in the event of a liquidation, subject to certain limitations, as defined. The Series A Preferred is redeemable by the Company at any time at \$8.00 per share, plus accrued but unpaid PIK dividends thereon. On or after August 2013, the Series A Preferred is redeemable at the option of the holders at the then applicable redemption price. For matters that require stockholder approval, the holders of the Series A Preferred are entitled to vote as one class together with the holders of common stock on an as-converted basis (the conversion price in no event shall be less than \$7.02 per share for purposes of determining voting rights using the as-converted method).

In connection with the issuance of the Series A Preferred, the Company also executed a Registration Rights Agreement (the Rights Agreement). Under the terms of the Rights Agreement, the Company is required, on a best efforts basis, to register the Series A Preferred and the common shares that the Series A Preferred may be convertible into, for resale, by filing a registration statement no later than November 30, 2007. The Company shall, on a best efforts basis, make this registration statement effective January 31, 2008. Thereafter, the Company shall use its best efforts to maintain the effectiveness of this registration statement. Should the registration statement not be declared effective by January 31, 2008, the PIK dividend rate shall increase by 2%, and 2% on each dividend date thereafter should the registration statement not be effective. At October 31, 2007, the Company has not recorded any liability related to the Rights Agreement.

(15) Subsequent Events

In November 2007, the Company, pursuant to its integration plans, closed the former Alabanza data center in Baltimore, MD and moved all equipment to the Company s data center in Andover, MA. In connection with this move, the Company encountered unforeseen circumstances which led to extended down-time for certain of its customers.

In December 2007, the Company was served notice of a plaintiff seeking a class status for the customers affected by the service outage. The total damages claimed approximate \$5.0 million. The Company believes that potential plaintiffs may be denied class status and further, that the plaintiff s claims are without merit. The Company plans to defend itself vigorously, however, at this time, due to the inherent uncertainty of litigation, we are not able to predict the possible outcome of the suit and its ultimate effect, if any, on our business, financial condition, results of operations or cash flows.

Table of Contents**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and Section 27A of the Securities Act of 1933, as amended, that involve risks and uncertainties. All statements other than statements of historical information provided herein are forward-looking statements and may contain information about financial results, economic conditions, trends and known uncertainties. Our actual results could differ materially from those discussed in the forward-looking statements as a result of a number of factors, which include those discussed in this section and elsewhere in this report under Item 1.A. Risk Factors and in our Annual Report on Form 10-K under Item 1.A. Risk Factors and the risks discussed in our other filings with the Securities and Exchange Commission. Readers are cautioned not to place undue reliance on these forward-looking statements, which reflect management's analysis, judgment, belief or expectation only as of the date hereof. We undertake no obligation to publicly revise these forward-looking statements to reflect events or circumstances that arise after the date hereof.

Overview

NaviSite, Inc. provides application management, hosting and professional services for mid- to large-sized organizations. Leveraging our set of technologies and subject matter expertise, we deliver cost-effective, flexible solutions that provide responsive and predictable levels of service for our customers' businesses. We provide services throughout the information technology lifecycle. We are dedicated to delivering quality services and meeting rigorous standards, including SAS 70, Microsoft Gold, and Oracle Certified Partner certifications.

We believe that by leveraging economies of scale utilizing our global delivery approach, industry best practices and process automation, our services enable our customers to achieve significant cost savings. In addition, we are able to leverage our application services platform, NaviView™, to enable software to be delivered on-demand over the Internet, providing an alternative delivery model to the traditional licensed software model. As the platform provider for an increasing number of independent software vendors (ISVs), we enable solutions and services to a wider and growing customer base.

Our services include:

Application Solutions

Application management services Defined services provided for specific packaged applications that are incremental to managed services. Services can include monitoring, diagnostics and problem resolution. Frequently sold as a follow-on to a professional services project.

Software as a Service Enablement of Software as a Service to the ISV community.

Development Services Services include eBusiness/Web solutions, enterprise integration, business intelligence, content management and user interface design.

Custom Services Services include custom application management and remote infrastructure management.

Implementation Services For leading enterprise software applications such as Oracle, PeopleSoft, JD Edwards and Siebel Systems, NaviSite Professional Services helps organizations plan, implement and maintain these applications.

Managed Hosting Solutions

Managed services Support provided for hardware and software located in a data center. Services include business continuity and disaster recovery, connectivity, content distribution, database administration and performance tuning, desktop support, hardware management, monitoring, network management, security management, server and operating system management and storage management.

Content Delivery Includes the delivery of software electronically using NaviSite technology to manage version control and accelerated content distribution.

Colocation Physical space offered in a data center. In addition to providing the physical space, NaviSite offers environmental support, specified power with back-up power generation and network connectivity options.

Table of Contents

We provide these services to a range of vertical industries, including financial services, healthcare and pharmaceutical, manufacturing and distribution, publishing, media and communications, business services, public sector and software, through our direct sales force and sales channel relationships.

Our managed application services are facilitated by our proprietary NaviView™ collaborative application management platform. Our NaviView™ platform enables us to provide highly efficient, effective and customized management of enterprise applications and information technology. Comprised of a suite of third-party and proprietary products, NaviView™ provides tools designed specifically to meet the needs of customers who outsource their IT needs. This platform supports utility and virtualization services and tools for the Web 2.0 integration. We also use this platform for electronic software distribution for software vendors and to enable software to be delivered on-demand over the Internet, providing an alternative delivery model to the traditional licensed software model.

We believe that the combination of NaviView™ with our physical infrastructure and technical staff gives us a unique ability to provision on-demand application services for software providers for use by their customers. NaviView™ is application and operating platform neutral as its on-demand provisioning capability is not dependent on the individual software application. Designed to enable enterprise software applications to be provisioned and used as an on-demand solution, the NaviView™ technology allows us to offer new solutions to our software vendors and new products to our current customers.

We currently operate in 15 data centers in the United States and one data center in the United Kingdom. We believe that our data centers and infrastructure have the capacity necessary to expand our business for the foreseeable future. Our services combine our developed infrastructure with established processes and procedures for delivering hosting and application management services. Our high availability infrastructure, high performance monitoring systems, and proactive and collaborative problem resolution and change management processes are designed to identify and address potentially crippling problems before they are able to disrupt our customers' operations.

We currently service approximately 1,400 hosted customers. Our hosted customers typically enter into service agreements for a term of one to three years, which provide for monthly payment installments, providing us with a base of recurring revenue. Our revenue increases by adding new customers or providing additional services to existing customers. Our overall base of recurring revenue is affected by new customers, renewals and terminations of agreements with existing customers.

During the three months ended and in past years, we have grown through business acquisitions and have restructured our operations. Specifically, in December 2002, we completed a common control merger with CBTM; in February 2003, we acquired Avasta; in April 2003, we acquired Conxion; in May 2003, we acquired assets of Interliant; in August 2003 and April 2004, we completed a common control merger with certain subsidiaries of CBT; and in June 2004, we acquired substantially all of the assets and liabilities of Surebridge (now known as Waythere, Inc.). In January 2005, we formed NaviSite India Private Limited, a New Delhi-based operation which is intended to expand our international capability. NaviSite India will provide a range of software services, including design and development of custom and E-commerce solutions, application management, problem resolution management and the deployment and management of IT networks, customer specific infrastructure and data center infrastructure. We expect to make additional acquisitions to take advantage of our available capacity, which will have significant effects on our financial results in the future.

On August 10, 2007, the Company acquired the outstanding capital stock of Jupiter Hosting, Inc. (Jupiter), a privately held company based in Santa Clara, CA that provides managed hosting services that typically involve high bandwidth applications, for total consideration of \$8.8 million in cash.

Table of Contents

On August 10, 2007, the Company acquired the assets, and assumed certain liabilities, of Alabanza LLC and Hosting Ventures LLC, for total consideration of \$7.0 million in cash, which amount is subject to settlement based on the final determined working capital of the acquired assets and assumed liabilities at the closing date. Alabanza LLC and Hosting Ventures LLC (collectively Alabanza) are providers of dedicated and shared managed hosting services. On September 12, 2007, the Company acquired the outstanding capital stock of netASPx, Inc. (netASpx), an application management service provider, for total consideration of \$40.8 million.

On October 12, 2007, the Company acquired the assets of iCommerce, Inc., a re-seller of dedicated hosting services. The total consideration was approximately \$670,000 and consisted of cash of \$400,000, common stock with a fair value at the acquisition date of \$226,000 and costs necessary to close the acquisition of approximately \$45,000.

Results of Operations for the Three Months Ended October 31, 2007 and 2006

The following table sets forth the percentage relationships of certain items from our Condensed Consolidated Statements of Operations as a percentage of total revenue.

	Three Months Ended October 31,	
	2007	2006
Revenue	99.8%	99.7%
Revenue, related parties	0.2%	0.3%
 Total revenue	 100.0%	 100.0%
 Cost of revenue, excluding depreciation and amortization	 57.8%	 56.6%
Depreciation and amortization	11.6%	10.8%
 Total cost of revenue	 69.4%	 67.4%
 Gross profit	 30.6%	 32.6%
Operating expenses:		
Selling and marketing	14.3%	12.7%
General and administrative	15.6%	18.6%
Impairment, restructuring and other	%	(1.0)%
 Total operating expenses	 29.9%	 30.3%
 Income from operations	 0.7%	 2.3%
 Other income (expense):		
Interest income	0.3%	0.1%
Interest expense	(7.3)%	(11.3)%
Loss from discontinued operations	(4.6)%	
 Other income (expense), net	 0.8%	 0.7%
 Loss from continuing operations before income taxes and discontinued operations	 (10.1)%	 (8.2)%
Income taxes	(1.1)%	(1.1)%
 Loss from continuing operations before discontinued operations	 (11.2)%	 (9.3)%
Discontinued operations, net of taxes	(0.9)%	

Net loss	(12.1)%	(9.3)%
Accretion of preferred stock dividends	(1.1)%	
Net loss available to common stockholders	(13.2)%	(9.3)%

Table of Contents**Comparison of the Three Months Ended October 31, 2007 and 2006****Revenue**

We derive our revenue from managed hosting services, including applications management, managed hosting solutions and colocation services comprised of a variety of service offerings and professional services, to mid-market companies and organizations, including mid-sized companies, divisions of large multi-national companies and government agencies.

Total revenue for the three months ended October 31, 2007 increased 26.5% to approximately \$36.1 million from approximately \$28.5 million for the three months ended October 31, 2006. The overall growth of \$7.6 million in revenue was mainly due to increased revenue as a result of our acquisitions of Alabanza, Jupiter and netASPx during the three months ended October 31, 2007, totaling approximately \$6.0 million. We also experienced net revenue growth related to new and existing customers of approximately \$3.5 million, or 12%, offset by the loss of one contract which resulted in a decrease in revenue of \$1.9 million. The approximate \$3.5 million increase in revenue to new and existing customers is primarily attributable to increases in professional services revenue and revenue from applications management and managed solutions of \$2.2 million and \$1.3 million, respectively. Revenue from related parties during the three months ended October 31, 2007 and 2006 totaled \$75,000 and \$94,000, respectively.

Cost of Revenue and Gross Profit

Cost of revenue consists primarily of salaries and benefits for operations personnel, bandwidth fees and related Internet connectivity charges, equipment costs and related depreciation and costs to run our data centers, such as rent and utilities.

Cost of revenue for the three months ended October 31, 2007, increased approximately 30.2% to \$ 25.0 million from approximately \$19.2 million for the three months ended October 31, 2006. As a percentage of revenue, cost of revenue increased from 67.4 % of total revenue for the three months ended October 31, 2006 to 69.4 % of total revenue for the three months ended October 31, 2007. The overall increase in cost of revenue of \$5.8 million resulted primarily from increased costs related to the acquisitions of Alabanza, Jupiter and netASPx during the three months ended October 31, 2007 of approximately \$3.2 million, increased amortization costs related to acquired intangible assets of approximately \$0.6 million, increased stock compensation costs of \$0.3 million, \$0.4 million of increased utility costs, \$0.3 million of increased depreciation expense, \$0.2 million of acquisition integration costs and \$0.2 million of increased facility related costs.

Gross profit of \$11.1 million for the three months ended October 31, 2007 increased approximately \$1.8 million, or 19.0 %, from a gross profit of approximately \$9.3 million for the three months ended October 31, 2006. Gross profit for the third fiscal quarter of 2007 represented 30.6% of total revenue, as compared to 32.6 % of total revenue for the three months ended October 31, 2006.

Operating Expenses

Selling and Marketing. Selling and marketing expense consists primarily of salaries and related benefits, commissions and marketing expenses such as travel, advertising, product literature, trade show, and marketing and direct mail programs.

Selling and marketing expense increased to approximately \$5.2 million, or 14.3 % of total revenue, for the three months ended October 31, 2007 from \$3.6 million, or 12.7% of total revenue for the three months ended

Table of Contents

October 31, 2006. The increase of approximately \$1.5 million is due to increased costs related to the acquisitions of Alabanza, Jupiter and netASPx during the three months ended October 31, 2007 of approximately \$0.2 million, approximately \$0.2 million related to higher stock compensation costs, approximately \$0.5 million in increased commission costs related to higher bookings in the three month periods ended April 30, 2007 and July 31, 2007, approximately \$0.8 million of increased costs related to incremental staffing of our sales teams, all of which are offset by lower spending on general marketing programs of approximately \$0.2 million.

General and Administrative. General and administrative expense includes the costs of financial, human resources, IT and administrative personnel, professional services, bad debt and corporate overhead.

General and administrative expense increased 6.1% % to approximately \$5.6 million, or 15.6 % of total revenue, during the three months ended October 31, 2007 from approximately \$5.3 million, or 18.6 % of total revenue during the three months ended October 31, 2006. The increase of approximately \$0.3 million was primarily the result of increased costs related to the acquisitions of Alabanza, Jupiter and netASPx during the three months ended October 31, 2007 of approximately \$0.4 million, approximately \$0.1 million of acquisition integration costs, increased facility costs of approximately \$0.3 million, all of which are offset by approximately \$0.1 million of decreased depreciation costs, approximately \$0.1 million of decreased stock compensation costs, approximately \$0.2 million of lower amortization related to debt issuance costs and approximately \$0.1 million of lower costs related to outside services.

Operating Expenses Impairment

No impairment charges were recorded during the three months ended October 31, 2007.

We recorded a reduction in expense of \$0.3 million during the three months ended October 31, 2006, primarily due to revised assumptions due to securing a sublease of an impaired facility.

Interest Income

During the three months ended October 31, 2007, interest income increased to approximately \$114,000 from \$42,000 during the three months ended October 31, 2006. The increase of \$72,000 for the three months ended October 31, 2007 is mainly due to higher levels of average cash balances during the three months ended October 31, 2007 compared to the three months ended October 31, 2006.

Interest Expense

During the three months ended October 31, 2007, interest expense decreased to approximately \$2.7 million, or 17.9%, from approximately \$3.2 million for comparable prior year period. The decrease of \$0.6 million for the three months ended October 31, 2007 is primarily due to a lower average cost of money reflective of our refinancing of our long-term debt completed in June 2007 and amended in September 2007.

Loss on debt extinguishment

During the three months ended October 31, 2007, the Company recorded a loss on debt extinguishment of approximately \$1.7 million in connection with the refinancing of its Credit Agreement completed in September 2007. The total amount of the loss on debt extinguishment consisted of unamortized transaction fees and expenses related to the prior refinancing of the Company's long-term debt in June 2007.

Other Income (Expense), Net

Other income (expense), net was approximately \$0.3 million for the three months ended October 31, 2007, as compared to Other income (expense), net of approximately \$0.2 million for the three months ended October 31, 2006. The Other income (expense), net recorded during the three months ended October 31, 2007 is primarily attributable to sublease income and gains and losses from our interest rate cap protection related to our long-term debt.

Table of Contents**Income Tax Expense**

The Company recorded \$0.4 million and \$0.3 million of deferred income tax expense during the three months ended October 31, 2007 and 2006, respectively. No income tax benefit was recorded for the losses incurred due to a valuation allowance recognized against deferred tax assets. The deferred tax expense primarily resulted from tax goodwill amortization related to the acquisitions of Surebridge and Alabanza, the acquisition of AppliedTheory Corporation by ClearBlue Technologies Management, Inc. and the carry-over amortization of goodwill resulting from the acquisition of netASPx. Acquired goodwill for these acquisitions are amortizable for tax purposes over fifteen years. For financial statement purposes, goodwill is not amortized, but is tested for impairment when evidence of impairment may exist, but at least annually. Tax amortization of goodwill results in a taxable temporary difference, which will not reverse until the goodwill is impaired, written off or the underlying assets are sold by the Company. The increase of \$0.1 million in deferred income tax expense results from increased tax amortization related to goodwill resulting from the acquisitions completed during the three months ended October 31, 2007. The resulting taxable temporary difference may not be offset by deductible temporary differences currently available, such as net operating loss carryforwards which expire within a definite period.

Liquidity and Capital Resources

As of October 31, 2007, our principal sources of liquidity included cash and cash equivalents, a revolving credit facility of \$10.0 million provided under our Credit Agreement. We had a working capital deficit of \$3.7 million, including cash and cash equivalents of approximately \$5.5 million at October 31, 2007, as compared to working capital of \$10.6 million, including cash and cash equivalents of \$11.7 million, at July 31, 2007.

The total net change in cash and cash equivalents for the three months ended October 31, 2007 was a decrease of \$6.2 million. The primary uses of cash during the three months ended October 31, 2007 included \$2.9 million for purchases of property and equipment, approximately \$3.5 million in repayments of notes payable and capital lease obligations, \$1.1 million of payments for debt issuance costs and \$31.3 million used for acquisitions, net of cash acquired. Our primary sources of cash during the three months ended October 31, 2007 were \$0.1 million of cash provided by operating activities, \$1.2 million in proceeds from exercise of stock options and warrants and \$22.8 million in borrowings on notes payable.

Net cash provided by operating activities of \$0.1 million during the three months ended October 31, 2007, resulted primarily from approximately \$7.9 million of non-cash charges, which was partially offset by funding our \$4.4 million net loss and a \$3.7 million use of cash related to net changes in operating assets and liabilities, primarily payment of compensation accrued at July 31, 2007.

Our revolving credit facility with our lending group allows for maximum borrowing of \$10.0 million and expires in June 2012. Outstanding amounts bear interest at either the LIBOR rate plus 4.0% or the Base Rate, as defined in the credit agreement, plus the Federal Funds Effective Rate plus 0.5%, at the Company's option. Upon the attainment of a Consolidated Leverage Ratio, as defined, of no greater than 3:1, the interest rate under the LIBOR option can decrease to LIBOR plus 3.5%. Interest becomes due and is payable quarterly in arrears.

The Company believes that it has sufficient liquidity to support its operations over the fiscal year and for the foreseeable future with its cash resources and committed lines of credit as of October 31, 2007.

Recent Accounting Pronouncements

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159 (SFAS 159), The Fair Value Option for Financial Assets and Liabilities . SFAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. SFAS 159 is effective for the Company's fiscal year beginning August 1, 2008. Early adoption is permitted. The Company has not determined the impact, if any, that adopting this standard may have on its consolidated financial position or results of operations.

In September 2006, the SEC issued SAB 108 which provides interpretive guidance on how the effects of the carryover or reversal of prior year misstatements should be considered in quantifying a current year misstatement. SAB 108 is effective for fiscal years ending after November 15, 2006. The Company applied the interpretative

Table of Contents

guidance of SAB 108 for its fiscal year ended July 31, 2007. The adoption of SAB 108 did not have a material impact to our consolidated financial position or results of operations.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements (SFAS 157). SFAS 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements. The provisions of SFAS 157 are effective for fiscal years beginning after November 15, 2007. The Company is currently evaluating the impact of the provisions of SFAS 157.

In June 2006, the FASB issued FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes (FIN 48). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in the Company's financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes. The provisions of FIN 48 are effective for fiscal years beginning after December 15, 2006. The Company adopted FIN 48 during the three months ended October 31, 2007. The adoption of FIN 48 did not have a material impact to our consolidated financial position or results of operations.

In February 2006, the FASB issued SFAS No. 155, Accounting for Certain Hybrid Financial Instruments an amendment of FASB Statements No. 133 and 140 . SFAS No. 155 (1) permits fair value re-measurement for any hybrid financial instrument that contains an embedded derivative that would otherwise require bifurcation, (2) clarifies which interest-only strips and principal-only strips are not subject to the requirements of FASB Statement No. 133, (3) establishes a requirement to evaluate interests in securitized financial assets to identify interests that are freestanding derivatives or that are hybrid financial instruments that contain an embedded derivative requiring bifurcation, (4) clarifies that concentrations of credit risk in the form of subordination are not embedded derivatives, and (5) amends FASB Statement No. 140 to eliminate the prohibition on a qualifying special-purpose entity from holding a derivative financial instrument that pertains to a beneficial interest in other than another derivative financial instrument. SFAS No. 155 is effective for all financial instruments acquired, issued, or subject to a re-measurement event occurring after the beginning of fiscal years beginning after September 15, 2006. We are currently evaluating the effect, if any, that this pronouncement will have on our consolidated financial position or results of operations.

Contractual Obligations and Commercial Commitments

We are obligated under various capital and operating leases for facilities and equipment. Future minimum annual rental commitments under capital and operating leases and other commitments, as of October 31, 2007, are as follows:

Description	Total	Less than	1-3 Years (In thousands)	4-5 Years	After
		1 Year			Year 5
Short/Long-term debt ^(a)	\$ 116,499	\$ 7,824	\$ 2,200	\$ 2,200	\$ 104,275
Interest on debt ^(b)	55,023	10,652	19,437	19,040	5,894
Capital leases	4,613	2,729	1,815	69	
Bandwidth commitments	5,248	3,128	2,120		
Property leases ^{(c)(d)}	67,061	11,429	16,499	10,732	28,401
	\$ 248,444	\$ 35,762	\$ 42,071	\$ 32,041	\$ 138,570

Table of Contents

(a) *Interest on long-term debt assumes rate is fixed at 8.9%.*

(b) *Amounts exclude certain common area maintenance and other property charges that are not included within the lease payment.*

Off-Balance Sheet Financing Arrangements

The Company does not have any off-balance sheet financing arrangements other than operating leases, which are recorded in accordance with generally accepted accounting principles.

Critical Accounting Policies

We prepare our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. As such, management is required to make certain estimates, judgments and assumptions that it believes are reasonable based on the information available. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses for the periods presented. The significant accounting policies which management believes are the most critical to aid in fully understanding and evaluating our reported financial results include revenue recognition, allowance for doubtful accounts and impairment of long-lived assets and goodwill and acquired intangible assets. Management reviews the estimates on a regular basis and makes adjustments based on historical experiences, current conditions and future expectations. The reviews are performed regularly and adjustments are made as required by current available information. We believe these estimates are reasonable, but actual results could differ from these estimates.

Revenue Recognition. Revenue consists of monthly fees for web site and internet application management, hosting, co-location and professional services. Reimbursable expenses charged to customers are included in revenue and cost of revenue. Application management, hosting and co-location services are billed and recognized as revenue over the term of the contract, generally one to three years, based on actual usage. Installation fees associated with application management, hosting and co-location services are billed at the time the installation service is provided and recognized as revenue over the term of the related contract. Payments received in advance of providing services are deferred until the period in which such services are provided. Revenue from professional services is recognized on either a time and materials basis as the services are performed or under the percentage of completion method for fixed price contracts. When current contract estimates indicate that a loss is probable, a provision is made for the total anticipated loss in the current period. Contract losses are determined as the amount by which the estimated service costs of the contract exceed the estimated revenue that will be generated by the contract. Unbilled accounts receivable represent revenue for services performed that have not been billed. Billings in excess of revenue recognized are recorded as deferred revenue until the applicable revenue recognition criteria are met. If we determine that collection of a fee is not reasonably assured, we will defer the fee and recognize the revenue at the time collection becomes reasonably assured, which is generally upon receipt of cash.

Existing customers are subject to ongoing credit evaluations based on payment history and other factors. If it is determined subsequent to our initial evaluation and at any time during the arrangement that collectability is not reasonably assured, revenue is recognized as cash is received. Due to the nature of our service arrangements, we

provide written notice of termination of services, typically 10 days in advance of disconnecting a customer. Revenue for services rendered during this notification period is generally recognized on a cash basis as collectability is not considered probable at the time the services are provided.

Allowance for Doubtful Accounts. We perform periodic credit evaluations of our customers' financial conditions and generally do not require collateral or other security against trade receivables. We make estimates of the collectability of our accounts receivable and maintain an allowance for doubtful accounts for potential credit losses. We specifically analyze accounts receivable and consider historical bad debts, customer and industry concentrations, customer credit-worthiness, current economic trends and changes in our customer payment patterns when evaluating the adequacy of the allowance for doubtful accounts. We specifically reserve for 100% of the balance of customer accounts deemed uncollectible. For all other customer accounts, we reserve for 20% of the balance over 90 days old and 2% of all other customer balances. Changes in economic conditions or the financial

Table of Contents

viability of our customers may result in additional provisions for doubtful accounts in excess of our current estimate.

Impairment of Long-lived Assets and Goodwill and Acquired Intangible Assets. We review our long-lived assets, subject to amortization and depreciation, including customer lists and property and equipment, for impairment whenever events or changes in circumstances indicate that the carrying amount of these assets may not be recoverable. Factors we consider important that could trigger an interim impairment review include:

significant underperformance relative to expected historical or projected future operating results;

significant changes in the manner of our use of the acquired assets or the strategy of our overall business;

significant negative industry or economic trends;

significant declines in our stock price for a sustained period; and

our market capitalization relative to net book value.

Recoverability is measured by a comparison of the carrying amount of an asset to future undiscounted cash flows expected to be generated by the asset. If the assets were considered to be impaired, the impairment to be recognized would be measured by the amount by which the carrying value of the assets exceeds their fair value. Fair value is determined based on discounted cash flows or appraised values, depending on the nature of the asset. Assets to be disposed of are valued at the lower of the carrying amount or their fair value less disposal costs. Property and equipment is primarily comprised of leasehold improvements, computer and office equipment and software licenses. Intangible assets consist of customer lists, customer backlog, developed technology, vendor contracts, trademarks and non-compete agreements.

We review the valuation of our goodwill in the fourth quarter of each fiscal year. If an event or circumstance indicates that it is more likely than not that an impairment loss has been incurred, we review the valuation of goodwill on an interim basis. An impairment loss is recognized to the extent that the carrying amount of goodwill exceeds its implied fair value. Impairment losses are recognized in operations.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We do not enter into financial instruments for trading purposes. We have not used derivative financial instruments or derivative commodity instruments in our investment portfolio or entered into hedging transactions. However, under our senior secured credit facility, we are required to maintain interest rate protection which shall effectively limit the unadjusted variable component of the interest costs of our facility with respect to not less than 50% of the principal amount of all Indebtedness, as defined, at a rate that is acceptable to the lending group's agent. Our exposure to market risk associated with risk-sensitive instruments entered into for purposes other than trading purposes is not material. We currently have no significant foreign operations and therefore face no material foreign currency exchange rate risk. Our interest rate risk at October 31, 2007 was limited mainly to LIBOR on our outstanding term loans on our senior secured credit facility. At October 31, 2007 we had no open derivative positions with respect to our borrowing arrangements. A hypothetical 100 basis point increase in the LIBOR rate would have resulted in an approximate \$0.3 million increase in our interest expense related to our senior secured credit facility for the three months ended October 31, 2007.

Item 4. Controls and Procedures

Disclosure Controls and Procedures. Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, have evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) of the Exchange Act) as of the end of the period covered by this report. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures as of the end of the period covered by this report were effective in ensuring that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Table of Contents

Internal Control Over Financial Reporting. There was no change in our internal control over financial reporting (as defined in Rule 13a-15(f) of the Exchange Act) that occurred during the fiscal quarter to which this report relates that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II: OTHER INFORMATION**Item 1. Legal Proceedings****IPO Securities Litigation**

In 2001, lawsuits naming more than 300 issuers and over 50 investment banks were filed in the United States District Court for the Southern District of New York and assigned to the Honorable Shira A. Scheindlin (the Court) for all pretrial purposes (the IPO Securities Litigation). Between June 13, 2001 and July 10, 2001 five purported class action lawsuits seeking monetary damages were filed against us, Joel B. Rosen, our then chief executive officer, Kenneth W. Hale, our then chief financial officer, Robert E. Eisenberg, our then president, and the underwriters of our initial public offering of October 22, 1999. On September 6, 2001, the Court consolidated the five similar cases and a consolidated, amended complaint was filed on April 19, 2002 (the Class Action Litigation) against us and Messrs. Rosen, Hale and Eisenberg (collectively, the NaviSite Defendants) and against underwriter defendants Robertson Stephens (as successor-in-interest to BancBoston), BancBoston, J.P. Morgan (as successor-in-interest to Hambrecht & Quist), Hambrecht & Quist and First Albany. The plaintiffs uniformly alleged that all defendants, including the NaviSite Defendants, violated Sections 11 and 15 of the Securities Act of 1933, Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 and Rule 10b-5 by issuing and selling our common stock in the offering, without disclosing to investors that some of the underwriters, including the lead underwriters, allegedly had solicited and received undisclosed agreements from certain investors to purchase aftermarket shares at pre-arranged, escalating prices and also to receive additional commissions and/or other compensation from those investors. The Class Action Litigation seeks certification of a plaintiff class consisting of all persons who acquired shares of our common stock between October 22, 1999 and December 6, 2000. The claims against Messrs. Rosen, Hale and Eisenberg were dismissed without prejudice on November 18, 2002, in return for their agreement to toll any statute of limitations applicable to those claims. At this time, plaintiffs have not specified the amount of damages they are seeking in the Class Action Litigation.

On June 30, 2003, our Board of Directors considered and authorized us to negotiate a settlement of the Class Action Litigation substantially consistent with a memorandum of understanding negotiated among plaintiffs, the issuers and the insurers for such issuers. Among other contingencies, the settlement ultimately negotiated was subject to approval by the Court. On February 15, 2005, the Court preliminarily approved the terms of the settlement, provided that the plaintiffs and defendants agreed to, which they did, a modification to the bar order to be entered. On August 31, 2005, the Court entered a further preliminary approval Order. The Court subsequently held a Fed. R. Civ. P. 23 fairness hearing on April 24, 2006, and the matter was taken under advisement. On June 28, 2007, in consideration of the Second Circuit class certification ruling and the renewed certification motion discussed below, the Court entered an Order terminating the settlement.

On October 13, 2004, the Court certified a class in a sub-group of cases (the Focus Cases) in the IPO Securities Litigation, which was vacated on December 5, 2006 by the United States Court of Appeals for the Second Circuit (the Second Circuit). The Class Action Litigation is not one of the Focus Cases. Plaintiffs-appellees' January 5, 2007 petition with the Second Circuit for rehearing and rehearing en banc was denied by the Second Circuit on April 6, 2007. Plaintiffs renewed their certification motion on September 27, 2007 as to redefined classes pursuant to Fed. R. Civ. P. 23(b)(3) and 23(c)(4). Responsive briefs are to be submitted by December 21, 2007, and reply briefs by February 15, 2008. Additionally, on August 14, 2007, plaintiffs filed amended class action complaints in the Focus Cases, along with an accompanying set of Amended Master Allegations (collectively, the Amended Complaints). Plaintiffs therein (i) revise their allegations with respect to (1) the issue of investor knowledge of the alleged undisclosed agreements with the underwriter defendants and (2) the issue of loss causation; (ii) include new pleadings concerning alleged governmental investigations of certain underwriters; and (iii) add additional plaintiffs to certain of the Amended Complaints.

Table of Contents

We believe that the allegations against us are without merit and we intend to vigorously defend against the plaintiffs claims. Due to the inherent uncertainty of litigation, we are not able to predict the possible outcome of the suits and their ultimate effect, if any, on our business, financial condition, results of operations or cash flows.

Other litigation

In December 2007, the Company was served notice of a plaintiff seeking a class status for the customers affected by the service outage caused during the Company's closure and subsequent move of its Baltimore, MD data center to its Andover, MA data center. The total damages claimed approximate \$5.0 million. The Company believes that the potential plaintiffs may be denied class status and further, that the plaintiff's claims are without merit. The Company plans to defend itself vigorously, however, at this time, due to the inherent uncertainty of litigation, we are not able to predict the possible outcome of the suit and its ultimate effect, if any, on our business, financial condition, results of operations or cash flows.

Table of Contents**Item 1A. Risk Factors**

In addition to the other information set forth in this report, you should carefully consider the factors discussed below and in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the fiscal year ended July 31, 2007, which could materially affect our business, financial condition or future results. The risks described below and in our Annual Report on Form 10-K are not the only risks we face. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results. Other than with respect to the risk factors below, there have been no material changes from the risk factors disclosed in our Annual Report on Form 10-K. The risk factors below were disclosed on our Annual Report on Form 10-K and have been updated as of October 31, 2007.

We have a history of losses and may never achieve or sustain profitability. We have never been profitable and may never become profitable. As of October 31, 2007, we had incurred losses since inception resulting in an accumulated deficit of approximately \$500.1 million. During the three months ended October 31, 2007, we had a net loss attributable to common stockholders of approximately \$4.8 million. We may continue to incur losses in the future. As a result, we can give no assurance that we will achieve profitability or be capable of sustaining profitable operations.

Our financing agreement with a syndicated group (the Credit Agreement) includes various covenants and restrictions that may negatively affect our liquidity and our ability to operate and manage our business. As of December 11, 2007, we owed approximately \$114.8 million under the Credit Agreement. The Credit Agreement:

restricts our ability to create, incur, assume, or permit to exist any additional indebtedness, excluding certain limited exemptions;

restricts our ability to create, incur, assume or permit to exist any lien on any of our assets, excluding certain limited exemptions;

restricts our ability to make investments, with certain limited exemptions;

requires that we meet financial covenants for leverage, fixed charges and capital expenditures;

restricts our ability to enter into any transaction of merger or consolidation, excluding certain limited exemptions;

restricts our ability to sell assets or purchase or otherwise acquire the property of any person, excluding certain limited exemptions;

restricts our ability to authorize, declare or pay dividends, excluding certain limited exemptions;

restricts our ability to enter into any transaction with any affiliate (as defined in the Credit Agreement) except on terms and conditions that are at least as favorable to us as those that could reasonably be obtained in a comparable arm's-length transaction with a person who is not an Affiliate; and

restricts our ability to amend our organizational documents.

If we breach the Credit Agreement, a default could result. A default, if not waived, could result in, among other things, our not being able to borrow additional amounts under the Credit Agreement. In addition, all or a portion of our outstanding amounts may become due and payable on an accelerated basis, which would adversely affect our liquidity and our ability to manage our business. The maturity date of the term loan is June 8, 2013 and the revolving credit facility terminates on June 8, 2012. Interest on the term loans is payable in arrears on the first business day of August, November, February and May for ABR Loans, and the last day of the chosen interest period (which period can be one, two, three, six, nine or twelve months) or every three months, if the chosen interest period is greater than three months, for LIBOR Loans.

Table of Contents

The Term Loan will amortize on the first day of each fiscal quarter (commencing on August 1, 2007) in equal quarterly installments over such period in the aggregate amounts as set forth below:

Year	Percentage of Term Loan
1	1.0%
2	1.0%
3	1.0%
4	1.0%
5	1.0%
6	95.0%

In addition, the Credit Agreement exposes us to interest rate fluctuations which could significantly increase the interest we pay the Lenders. We are required, under the Credit Agreement, to maintain interest rate protection that shall result in at least 50% of the aggregate principal amount of the consolidated indebtedness of the Company and its subsidiaries other than the revolving loans under the Credit Agreement being subject to a fixed or maximum interest rate.

Atlantic Investors, LLC, Unicorn Worldwide Holdings Limited and Madison Technology LLC may have interests that conflict with the interests of our other stockholders and have significant influence over corporate decisions. Unicorn Worldwide Holdings Limited and Madison Technology LLC, Atlantic Investors, LLC's two managing members, together with Atlantic Investors, LLC owned approximately 45% of our outstanding capital stock as of October 31, 2007. As of October 31, 2007, Atlantic Investors, LLC's ownership alone was approximately 37% on a fully diluted basis. Atlantic Investors, LLC, Unicorn Worldwide Holdings Limited and Madison Technology LLC, together have significant power in the election of our Board of Directors. Regardless of how our other stockholders may vote, Atlantic Investors, LLC, Unicorn Worldwide Holdings and Madison Technology acting together may have the ability to determine whether to engage in a merger, consolidation or sale of our assets and any other significant corporate transaction.

Our common stockholders may suffer dilution in the future upon exercise of outstanding convertible securities or the issuance of additional securities in potential future acquisitions or financings. In connection with a financing agreement with Silver Point Finance LLC, we issued warrants to SPCP Group, LLC and SPCP Group III LLC, two affiliates of Silver Point Finance LLC, to purchase an aggregate of 3,930,136 shares of our Common Stock. If the warrants are exercised, Silver Point Finance LLC may obtain a significant equity interest in NaviSite and other stockholders may experience significant and immediate dilution. As of December 11, 2007, SPCP Group, LLC and SPCP Group III LLC have exercised the warrants in part to acquire 2,730,005 shares of our Common Stock and warrants for the purchase of 1,200,131 shares of our Common Stock remain outstanding.

In connection with our acquisition of netASPx, Inc. we issued 3,125,000 shares of our Series A Convertible Preferred Stock (the "Preferred Stock") to the stockholders of netASPx, Inc. The Preferred Stock may be converted into shares of our Common Stock by the holders after the earlier of (i) March 15, 2009 and (ii) any default date. No default has occurred and the Preferred Stock is not currently convertible into shares of our Common Stock. If converted, the shares of Preferred Stock convert into the number of shares of Common Stock determined by dividing the redemption price per share of the Preferred Stock by the conversion price applicable to such shares, which, as of November 23, 2007, would result in one share of Common Stock being issued upon the conversion of one share of Preferred Stock. The conversion price and the redemption price are subject to adjustment. However, in no event shall the number of shares of Common Stock to be issued upon the conversion of the Preferred Stock equal or exceed 6,692,856, (which represents 19.9% of the outstanding shares of our Common Stock on September 10, 2007) without the approval of our stockholders in accordance with the applicable rules and regulations of The Nasdaq Stock Market.

Our stockholders will also experience dilution to the extent that additional shares of our Common Stock are issued in potential future acquisitions or financings or otherwise.

Acquisitions may result in disruptions to our business or distractions of our management due to difficulties in integrating acquired personnel and operations, and these integrations may not proceed as planned. Since

December 2002, we have acquired ClearBlue Technologies Management, Inc. (CBTM) (accounted for as an as if pooling), Avasta, Inc., Conxion Corporation, selected assets of Interliant, Inc., all of the shares of ten wholly-

Table of Contents

owned subsidiaries of ClearBlue Technologies, Inc. (CBT) (accounted for as an as if pooling), substantially all of the assets and liabilities of Surebridge, Inc., substantially all of the assets of Alabanza, LLC and Hosting Ventures, LLC, Jupiter Hosting, Inc., and netASPx. We intend to continue to expand our business through the acquisition of companies, technologies, products and services. Acquisitions involve a number of special problems and risks, including:

difficulty integrating acquired technologies, products, services, operations and personnel with the existing businesses;

difficulty maintaining relationships with important third parties, including those relating to marketing alliances and providing preferred partner status and favorable pricing;

diversion of management s attention in connection with both negotiating the acquisitions and integrating the businesses;

strain on managerial and operational resources as management tries to oversee larger operations;

inability to retain and motivate management and other key personnel of the acquired businesses;

exposure to unforeseen liabilities of acquired companies;

potential costly and time-consuming litigation, including stockholder lawsuits;

potential issuance of securities in connection with an acquisition with rights that are superior to the rights of holders of our Common Stock, or which may have a dilutive effect on our common stockholders;

the need to incur additional debt or use cash; and

the requirement to record potentially significant additional future operating costs for the amortization of intangible assets.

As a result of these problems and risks, businesses we acquire may not produce the revenues, earnings or business synergies that we anticipated, and acquired products, services or technologies might not perform as we expected. As a result, we may incur higher costs and realize lower revenues than we had anticipated. We may not be able to successfully address these problems and we cannot assure you that the acquisitions will be successfully identified and completed or that, if acquisitions are completed, the acquired businesses, products, services or technologies will generate sufficient revenue to offset the associated costs or other harmful effects on our business. In addition, our limited operating history with our current structure resulting from recent acquisitions makes it very difficult for us to evaluate or predict our ability to, among other things, retain customers, generate and sustain a revenue base sufficient to meet our operating expenses, and achieve and sustain profitability.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On November 13, 2007, SPCP Group, LLC and SPCP Group III LLC completed partial exercises of warrants, dated as of April 11, 2006 (the Warrants), held by each entity for the purchase of 10,500 and 3,500 shares of common stock of the Company, respectively.

On November 19, 2007, SPCP Group, LLC and SPCP Group III LLC completed partial exercises of the Warrants, held by each entity for the purchase of 6,375 and 2,125 shares of common stock of the Company, respectively.

On November 27, 2007, SPCP Group, LLC and SPCP Group III LLC completed partial exercises of the Warrants held by each entity for the purchase of 5,400 and 1,800 shares of common stock of the Company, respectively.

On December 6, 2007, SPCP Group, LLC and SPCP Group III LLC completed partial exercises of the Warrants held by each entity for the purchase of 78,000 and 26,000 shares of common stock of the Company, respectively.

The exercise price paid upon exercise of the Warrants was \$0.01 per share for a total of \$1,337, which has been received by the Company. The Company relied on the exemption from registration provided by Section 4(2) of

Table of Contents

the Securities Act of 1933, as amended, as a sale by the Company not involving a public offering. No underwriters were involved with the issuance of the shares issuable upon exercise of the Warrants.

Item 5. Other Information

During the quarter ended October 31, 2007, we made no material changes to the procedures by which stockholders may recommend nominees to our Board of Directors, as described in our most recent proxy statement.

Item 6. Exhibits

The Exhibits listed in the Exhibit Index immediately preceding such Exhibits are filed with, or incorporated by reference in, this report.
