TO WACHOVIA SHAREHOLDERS:

The last four things
you should consider
before you vote.

- SunTrust's offer is at a substantial premium to First Union's proposed merger. Based on closing stock prices on July 26, 2001, SunTrust's offer was about \$4.50 per share better or about \$915 million in the aggregate.
- A SunTrust-Wachovia merger is expected to involve fewer job cuts and branch closings than the First Union merger proposal, and therefore poses less integration risk and will be less disruptive to Wachovia's customer and employees.
- If the First Union merger is approved on August 3, the price for your Wachovia shares will not be the best price that could have been obtained. One way or another, we believe Wachovia will be sold and if the First Union merger is voted down, the price you could receive for your shares will go up.

- In what we've been calling the "*win-win-win*" scenario, we believe rejection of the First Union merger will result in: a sale to SunTrust at our higher price, a sale to First Union at a renegotiated higher price, or an even better offer from another bidder.

To Protect the value of your investment, vote **AGAINST**
the First Union merger. Please sign, date and return the **BLUE** proxy card today.

If you have questions or need assistance voting your shares, please call INNISFREE M&A Incorporated toll-free at
