PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD ON APRIL 30, 2004

## GENERAL INFORMATION

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Federal Signal Corporation ("Federal" or the "Company") for use at the Annual Meeting of Shareholders to be held on Friday, April 30, 2004 and any adjournment thereof for the purposes set forth in the preceding Notice of Annual Meeting of Shareholders. Costs of solicitation will be borne by Federal. Following the original solicitation of proxies by mail, certain officers and regular employees of Federal may solicit proxies by correspondence, telephone, e-mail, or in person, but without extra compensation. Federal will reimburse brokers and other nominee holders for their reasonable expenses incurred in forwarding the proxy materials to the beneficial owners.

Each proxy solicited herewith will be voted as to each matter as the stockholder directs thereon, but in the absence of such directions it will be voted for the nominees specified herein and for the ratification of the appointment of Ernst & Young LLP as Federal's independent public accountants for 2004. If the appointment is not ratified, the Board will consider whether it should select other independent auditors. Any proxy solicited herewith may be revoked by the stockholder at any time prior to the voting thereof, but a revocation will not be effective until satisfactory evidence thereof has been received by the Secretary of Federal.

## VOTING SECURITIES

The holders of record of the Common Stock of Federal at the close of business on March 2, 2004 will be entitled to vote at the meeting. At such record date, there were outstanding 48,064,603 shares of Common Stock. A majority of the outstanding shares, present in person or by proxy, will constitute a quorum at the meeting. Abstentions and broker non-votes are counted to determine if a quorum is present. Abstentions are counted as votes cast, whereas broker non-votes are not counted as votes cast for determining whether a proposition has been approved. Each stockholder of record will be entitled to one vote for each share of Common Stock standing in the name of the holder on the books of Federal on the record date. A plurality of votes cast at the meeting is required for the election of directors and approval of a majority of shares entitled to vote is required for the ratification of Ernst & Young LLP as

ELECTION OF DIRECTORS

Federal's Board of Directors consists of nine directors divided into three classes with one class term expiring each year. Upon the retirement of Mr. Richard R. Thomas at the Annual Meeting, the Board of Directors will consist of eight members. Messrs. Robert M. Gerrity, Robert S. Hamada and Walden W. O'Dell are nominated as directors for election at this Annual Meeting for a term to expire at the 2007 Annual

Meeting or until their successors are elected and qualified. The Board of Directors recommends a vote for the election of Messrs. Gerrity, Hamada and O'Dell as directors.

The accompanying proxy card permits a stockholder to direct whether his or her shares are to be voted for or withheld from the vote for the nominees and to vote for, against or abstain with regard to the ratification of Ernst & Young LLP as Federal's independent public accountants for 2004. Each proxy will be voted as the stockholder directs thereon; however, if no such direction is given, it is the present intention of the persons named in the proxy card to vote such proxies for the election of the above-named nominees as directors and for the ratification of Ernst & Young LLP as Federal's independent public accountants for 2004. If on account of death or unforeseen contingencies a nominee shall not be available for election, the persons named in the proxy will vote the proxies for such other person(s) as the Nominating and Governance Committee may nominate as directors so as to provide a full board. The three nominees receiving the highest number of votes cast will be elected as directors.

(1) The information contained in this table is based upon information furnished to Federal by the individuals named above.

BOARD OF DIRECTORS AND COMMITTEES

The Board of Directors has determined that all of Federal's directors except Mr. Ross, the former Chairman and Chief Executive Officer, and Mr. Welding, the current President and Chief Executive Officer, qualify as independent directors. This determination was made in accordance with the New York Stock Exchange and Securities and Exchange Commission rules and a review of all pertinent relationships between each director and the Company. In connection with making this determination, the Board of Directors reviewed information including director questionnaires, business conduct questionnaires and other certifications concerning the relationships between the Directors and the Company and any director relationships.

Pursuant to its by-laws, Federal has established standing audit, nominating and governance, compensation and benefits, and executive committees.

The Board of Directors has adopted a revised Charter for the Audit Committee, attached as Exhibit A, to comply with the requirements of the New York Stock Exchange and the Sarbanes-Oxley Act. The Audit Committee is responsible for monitoring (1) the integrity of the financial statements of the Company, (2) the independent auditor's qualifications and independence, (3) the performance of the Company's internal audit function and independent auditors, and (4) the compliance by the Company with legal and regulatory requirements, including the Company's Code of Business Conduct for all employees and Code of Ethics for the Chief Executive Officer and senior financial officers. In fulfilling its role, the Audit Committee reviews the design and operation of internal control processes and the manner in which the Company controls its major financial risk exposures. The Audit Committee has direct and regular access to the Company's financial executives, including the internal auditor and the Chief Financial Officer, and the independent auditor. The Audit Committee has the sole authority to appoint or replace the independent auditor and is directly responsible for the compensation and oversight of the work of the independent auditor. In addition, the Audit Committee considers and approves the performance of non-audit services by such accountants, taking into consideration the effect which the performance of these services may have upon the independence of the

4

accountants. The by-laws prohibit a director who is also an employee of Federal from serving on the Audit Committee. The Board of Directors has determined that all of the members of the Audit Committee are independent as defined under the applicable New York Stock Exchange and Securities and Exchange Commission rules. The members of the Audit Committee are Joan Ryan, Chair, Charles Campbell, Robert Hamada, and Richard Thomas. The Board of Directors has determined that Mr. Campbell and Ms. Ryan qualify as "audit committee financial experts" as defined by the Securities and Exchange Commission. None of the Audit Committee members serves on more than three Audit Committees.

The Nominating and Governance Committee is responsible for recommending guidelines to the Board of Directors for the governance of the Company, including the structure and function of the Board of Directors and its committees and the management of the Company, as well as identification and recommendation to the Board of Directors of candidates to be elected as directors. Shareholders can nominate candidates for election as directors at

## Edgar Filing: FEDERAL SIGNAL CORP /DE/ - Form DEF 14A

shareholder meetings by giving at least 30 days advance written notice to the Secretary of the Company along with setting forth the following information required by the Securities and Exchange Commission rules with respect to the nominee: name, age, business and residence addresses, principal occupation or employment, the number of Company shares beneficially owned and a consent to serve as a director if elected that would be required for a nominee under the Securities and Exchange Commission rules. The nominating procedure is set forth in detail in the Company's by-laws which can be reviewed on the Company's website. No procedure has been adopted by the Committee for considering the recommendation of director nominees by stockholders, but the Committee will consider stockholder nominees for new directorship on the same basis as other nominees. The Committee has set no specific minimum qualification for a nominee, but the Committee considers the current make-up of the Board of Directors, the skills and business experience of the particular nominee, and the potential value the nominee would add to the Board of Directors. In addition, the Board of Directors has determined that all of the members of the Nominating and Governance Committee are independent as defined under the applicable New York Stock Exchange rules. The members of the Nominating and Governance Committee are Robert Hamada, Chairman, James Janning, Paul Jones and Walden O'Dell.

The Compensation and Benefits Committee reviews and recommends to the Board of Directors policies, practices and procedures relating to the compensation of managerial employees, including the Chief Executive Officer and other officers, and the establishment, investment of funds, and administration of employee benefit plans. The members of the Compensation and Benefits Committee are Paul Jones, Chairman, James Janning, Charles Campbell and Robert Gerrity.

During 2003, the Board of Directors held a total of five meetings and the Executive Committee of the Board, which generally exercises the power and authority of the Board in the intervals between full board meetings, held one meeting. The members of the Executive Committee are Robert Welding, Chairman, Robert Hamada, Paul Jones and Joan Ryan. During 2003, the Compensation and Benefits Committee held five meetings; the Nominating and Governance Committee held nine meetings; and the Audit Committee held six meetings. No director attended less than 75% of the meetings of the Board and of each committee of which he or she was a member.

Directors (other than the Chairman of the Board) who are not officers of Federal receive the following compensation. Directors receive an annual retainer of \$29,500 and a \$1,000 fee for each Board meeting they attend. They also received an initial grant of 5,000 shares of stock options, plus 4,000 shares of stock options per year. The Directors receive the following annual retainers for committee membership: Audit; Chairman -- \$12,000, Member -- \$9,000; Compensation and Benefits; Chairman -- \$9,000, Member -- \$6,000; Nominating and Governance; Chairman -- \$9,000, Member -- \$6,000; Executive -- \$2,000. All directors may elect to receive stock options or stock awards in lieu of cash fees as described in the Stock Benefit Plan. Directors are also reimbursed for their expenses relating to attendance at meetings and receive \$500 for each Board meeting they participate in by telephone.

Effective January 1, 2004, the non-executive Chairman of the Company receives the following compensation: an annual retainer of \$59,000 and Board Meeting fees of \$2,000 per meeting; the same committee fees and annual stock option grants as the other directors; a stock award grant equivalent to

\$80,000 (to the nearest 100 shares) which shall vest 25% per year and a per diem of \$2,500, up to a maximum of \$150,000 per year, for days he or she does Chairman work for the Company.

CORPORATE GOVERNANCE

Federal is committed to good corporate governance. The foundation of Federal's corporate governance is the independence of our directors, being a good corporate citizen and a commitment to our shareholders' interests. In accordance with the requirements of the New York Stock Exchange and the Sarbanes-Oxley Act, the Board of Directors of Federal has adopted Corporate Governance Guidelines as well as charters for the Nominating and Governance Committee, the Compensation and Benefits Committee and the Audit Committee. These guidelines and charters, as well as the Business Conduct Policy and the Code of Ethics, are available for review on Federal's website at <http://www.federalsignal.com>. In addition, the guidelines and charters are available in print to any shareholder who requests them in writing from the Secretary at the address provided below. The non-management directors meet in regular executive session without management. The Chairman of the Nominating and Governance Committee acts as the presiding director of executive sessions. Directors may be contacted as a group, by committee or individually, and the presiding director or the non-management directors as a group may be contacted, on an anonymous and/or confidential basis, by addressing a letter to Federal Signal Corporation, P.O. Box 98277, Chicago, IL 60693, Attn: Secretary. All such letters will be forwarded to the directors. The Company's policy is for directors to attend the annual shareholders meeting. All directors attended last year's meeting.

RETIREMENT PLANS

Federal's Retirement Plan provides retirement benefits for many salaried and hourly employees including officers. Contributions are made on an actuarial group basis, and no specific amount of contributions is set aside for any individual participant. The following table sets forth the approximate annual pension benefit based on years of service and compensation, but does not reflect dollar limitations under the Internal Revenue Code, as amended, which limits the annual benefits which may be paid from a tax-qualified retirement plan.

Mr. Ross is covered by Federal's supplemental pension plans; amounts in excess of the qualified plan limitations will be paid from the general funds of Federal, pursuant to the terms of the supplemental plans.

The maximum benefit under the qualified Retirement Plan is \$100,000 less one-half of social security payments. For purposes of the Retirement Plan, an employee's compensation is his Annual Compensation as set forth in the Summary Compensation Table.

Mr. Ross retired on January 31, 2004. He will receive payments under the qualified retirement plan of \$37,047 annually as a single life annuity and \$131,335 annually as a single life annuity under the Company's Supplemental Pension for Designated Management Employees. He will also receive \$89,800 for 15 years under the Company's Retirement Survivor and Disability Plan for Key Employees. Mr. Graves' pension and supplemental pension benefits were forfeited when he left the Company on January 31, 2003. Ms. Kushner may receive a supplemental pension payment upon retirement on or after age 57. She is entitled to a \$25,000 annual supplemental payment after five years of employment with the Company. This annual supplemental payment will increase by \$5,000 for each year she works after five years of employment up to a maximum of \$50,000 per year as a supplemental pension payment beginning on or after age 57.

CERTAIN AGREEMENTS

Mr. Ross retired on January 31, 2004. The Company, in accordance with instructions from the Board of Directors, entered into an agreement with Mr. Ross with the following provisions. The Company cancelled 35,000 shares of unvested stock awards that had previously been granted to Mr. Ross and cancelled his employment agreement. The Company granted Mr. Ross 100,000 shares of stock options at market price, which vested immediately and can be exercised for five years after retirement, the same exercise period as the stock options granted to Mr. Ross in 2001 and 2002. The exercise periods for the rest of the stock options previously granted to Mr. Ross were extended to three years after retirement or the life of the stock options, whichever is shorter. 30,000 shares of unvested stock options granted in 2001 and 20,000 shares of unvested stock options granted in 2002 were vested, and the 100,000 shares of stock options granted in 2000 automatically vested upon Mr. Ross' retirement. Mr. Ross assumed the lease on his company car and the amount of a life insurance policy in excess of cash value of the policy (the cash value was retained by the Company) with a benefit of up to \$1,000,000 was assigned to Mr. Ross. Mr. Ross will be paid \$2,000 per day for consulting. The company anticipates using less than 10 days of consulting services. Mr. Ross also has director retiree medical insurance in accordance with the Company's plan. Mr. Ross agreed not to compete with the Company for five years. Mr. Ross also has pension benefits as set forth under "Retirement Plans" on page 9 which were not affected by his Retirement Agreement. The Company's accounting cost for this Retirement Agreement is about \$46,000.

## Edgar Filing: FEDERAL SIGNAL CORP /DE/ - Form DEF 14A

Mr. Wehrenberg resigned as an executive officer on March 1, 2004. The Company, in accordance with instructions from the Board of Directors, entered into an agreement with Mr. Wehrenberg with the following provisions. Mr. Wehrenberg was named "of counsel" to the Company. Mr. Wehrenberg shall continue employment with the Company at his current salary until September 1, 2004. After such date, any services Mr. Wehrenberg provides to the Company will be at hourly rates. The Company cancelled 26,000 stock options that had previously been granted to Mr. Wehrenberg. The Company granted Mr. Wehrenberg 36,000 stock options at market price, which vested immediately and can be exercised for ten years after the end of employment. The exercise periods for the rest of the stock options previously granted to Mr. Wehrenberg were extended to the earlier of three years after the end of employment or the expiration of the stock option. Any options not yet vested shall fully vest at the end of employment. Any stock awards not vested at the end of his employment shall be cancelled. Mr. Wehrenberg also has pension benefits as set forth under "Retirement Plans" on page 9 which were not affected by his agreement.

### EMPLOYMENT AGREEMENTS

Federal has an employment agreement with Mr. Welding and had agreements with Messrs. Joseph J. Ross and Andrew E. Graves. The agreements continue until the December 31 following the employee's 65th birthday subject to earlier termination by either Federal or the employee. The termination salary under the agreement is \$600,000 for Mr. Welding, \$570,000 for Mr. Ross and \$340,000 for Mr. Graves. As noted above, Mr. Graves left Federal effective January 31, 2003 and Mr. Ross retired as an employee on January 31, 2004. The annual salary of Mr. Welding, which is approved by the Compensation and Benefits Committee, is not set by his employment agreement. In the discretion of the Board of Directors, annual compensation may be increased during the term of this agreement. If Mr. Welding is terminated by Federal under circumstances not involving cause, Federal would be obligated to pay in monthly installments an amount equal to the then applicable salary for one year, or, if less, the amount of minimum salary payable through the December 31 following Mr. Welding's 65th birthday. In the event of death prior to termination of employment, the employee's estate is entitled to receive in monthly installments an amount equal to one year's minimum compensation. Ms. Kushner and Messrs. Welding and Wehrenberg have change of control agreements and Messrs. Ross and Graves had such agreements. In the event Federal is subject to a "change of control" (as specifically defined), the agreements permit the employee to elect to terminate employment during a specified period and to receive termination payments equivalent to three years' W-2 compensation. Upon termination of employment for any reason, each employee is obligated not to engage in specified competitive activities for a period of three years. Ms. Kushner also has an agreement that provides for payment of one year's salary, currently \$265,000, if Federal terminates her employment without cause. She is required to perform consulting services during the one-year period in return for the payments.

### COMPENSATION AND BENEFITS COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation and Benefits Committee of the Board of Directors consists of three independent outside directors. The Committee meets without the Chief Executive Officer present to evaluate his performance and establish his compensation. Compensation for Federal's executive officers consists of three major components: salary, bonus and stock options/awards. The officers' compensation is based on the individual's skill level, years of experience, job duties and the individual's and Company's performance. The Committee uses its subjective evaluation of these factors, without a mechanical weighting, to determine the officer's salary and level of participation in the bonus plan. Mr. Welding and Mr. Ross participate at 60% of their salaries and the other officers participate at 25% to 40% of their salaries.

## Edgar Filing: FEDERAL SIGNAL CORP /DE/ - Form DEF 14A

The Company's total return to shareholders was down 6% in 2003, the Company underperformed the Standard & Poor Industrial Index, the Standard & Poor Midcap Index and the Russell 2000 Index, which were up 26%, 36% and 47%, respectively. The Company's total return to shareholders was down 22% over the last five years compared to the Standard & Poor Industrial Index which was down 9%, the Russell 2000 Index which was up 41%, and the Standard & Poor Midcap which was up 55%. The Company's earnings from continuing operations in 2003 were \$.79 per share compared to \$1.01 per share in 2002. Mr. Ross received a

11

\$150,000 bonus in 2003 for the sale of the Company's sign business and a \$106,200 bonus related to his 2003 employment. The Retirement Agreement benefits for Mr. Ross set forth on page 10 were authorized by the Compensation and Benefits Committee and approved by the Board of Directors.

During 2003, the Board of Directors engaged an outside search firm to find a replacement for Mr. Ross as Chief Executive Officer. The Board of Directors elected Mr. Welding as President and Chief Executive Officer effective December 1, 2003. He was recruited from BorgWarner, Inc. where he was Executive Vice President of BorgWarner and President of the Driveline Group. As part of the recruiting process, the Compensation and Benefits Committee reviewed survey data from outside consultants for comparable positions and approved Mr. Welding's employment package of a base salary of \$600,000 and participation in the Company's bonus plan at a level of 60% of his salary. He also received 100,000 shares of stock options on his date of hire, as well as 50,000 shares of stock options and 50,000 shares of stock awards in 2004. The options vest 50% after two years and 100% after three years. The stock awards vest 25% per year.

The other officers' bonuses are principally tied to the Company's financial performance and to the achievement of individual performance goals. Bonus targets are established for the officers based on their level of responsibility. The amount of bonus that an officer receives is based on Federal's pre-tax profits (before extraordinary items, interest on long-term debt and bonus payments) as a percentage of Federal's average stockholders' equity plus average debt, as well as on goals for the growth of the Company's earnings per share and individual performance goals. The officers did not receive any bonuses based on the Company's financial performance. The reduced bonuses they received were based on achievement of individual performance goals. The officers' bonus targets remain the same for 2004. The 2003 bonus target achievement was 0% of plan. The other officers' bonuses constituted about 11% of their cash compensation.

The third major component of the officers' compensation consists of stock options and awards. This is long-term compensation, which provides value to the officers based on the increased market value of the Company for all stockholders. The Performance Graph on page 15 shows that Federal outperformed the Standard & Poor Industrials Index, the Standard & Poor Midcap Index and the Russell 2000 Index in the years 2000, 2001 and 2002, and has underperformed them in 2003 and over the five-year period. To give the officers an incentive to increase shareholder value and to compensate them in accordance with such increases in shareholder value, the Compensation and Benefits Committee generally grants to the officers on an annual basis additional stock options and restricted stock awards. The officers did not receive any compensation from stock options in 2003 because of the performance of the Company's stock price. The Committee subjectively determines the number of shares to be granted and there is no mechanical relationship between the number of options and restricted share awards to be granted, nor is there a mechanical relationship to prior grants. The 25,000 shares of stock options granted to Ms. Kushner on October 30, 2003 were for retention purposes. The number of option shares, as well as the

## Edgar Filing: FEDERAL SIGNAL CORP /DE/ - Form DEF 14A

value of stock awards on the date of grant for Mr. Welding, Mr. Ross and the other named officers is set forth in the Summary Compensation Table on page 7.

Section 162(m) of the Internal Revenue Code provides that compensation in excess of \$1.0 million paid to the chief executive officer and the other most highly compensated executive officers of a public company will generally be non-deductible for federal income tax purposes, subject to certain exceptions. The Committee intends to structure compensation arrangements in a manner that will avoid the deduction limitations imposed by Section 162(m) in appropriate circumstances. However, the Committee believes that it is important and necessary that the Committee retain the right and flexibility to provide and revise compensation arrangements, such as base salary and cash bonus incentive opportunities, that may not qualify under Section 162(m) if, in the Committee's view, such arrangements are in the best interests of the Company and its shareholders.

### AUDIT COMMITTEE REPORT

The Audit Committee of the Company's Board of Directors is currently comprised of four directors, none of whom are officers or employees of the Company. All members are "independent" under rules adopted by the New York Stock Exchange and the Sarbanes-Oxley Act. The Board of Directors has adopted a revised charter for the Audit Committee, which is included as Exhibit A of the proxy statement and is available on the Company's website. In accordance with its written charter, the Audit Committee assists the Board in fulfilling its responsibility for monitoring the integrity of the accounting, auditing and financial reporting practices, and compliance with legal and regulatory requirements of the Company, including its code of business ethics. In addition, for each fiscal year, the Audit Committee selects independent public accountants to audit the financial statements of the Company and its subsidiaries, subject to approval of the Board of Directors. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards (including Statement on Auditing Standards No. 61). In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board (including under Independence Standards Board Standard No. 1), and considered the compatibility of non-audit services with the auditors' independence. The Committee has adopted a policy for the pre-approval of all services and fees to be provided by the Company's independent auditors for audit, audit-related, tax and all other services, which are allowable under applicable rules and regulations. The Committee annually pre-approves general and specific services and fees. The Committee periodically approves changes in such authorization and also delegates such periodic approval to the Committee Chairman, who reports any such authorizations to the Committee at its next meeting.

Edgar Filing: FEDERAL SIGNAL CORP /DE/ - Form DEF 14A

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.
