(Attach extra Sheets if Needed)

On February 18, 2009, BearingPoint, Inc. (the Company) along with certain of its subsidiaries based in the United States filed voluntary petitions for relief under Chapter 11 of Title 11 of the United States Code (the Bankruptcy Code) in the United States Bankruptcy Court for the Southern District of New York (the Court), Case Number 09-10691 (REG) (the Chapter 11 Cases). The Company continues to operate its business as debtors-in-possession under the jurisdiction of the Court and in accordance with the applicable provisions of the Bankruptcy Code and the orders of the Court.

In addition, the Company has been actively marketing the sale of its businesses and assets to potential bidders. The Company is negotiating or has successfully entered into agreements to sell a number of its business units. On March 23, 2009, the Company and certain of its subsidiaries entered into an asset purchase agreement to sell a substantial portion of its assets related to the Company's North American public services business, which sale closed on May 8, 2009. On April 2, 2009, one of the Company's indirect subsidiaries entered into a share sale agreement to sell the Company's consulting business in Japan, which sale closed on May 11, 2009. On April 17, 2009, the Company and certain of its subsidiaries entered into an asset purchase agreement to sell a substantial portion of its commercial services business unit, including its financial services unit. The Company has also entered into a definitive agreement to sell its interest in a global development center in China and certain assets of a separate global development center in India. On April 20, 2009, the Company entered into a non-binding term sheet for the sale of its Europe, Middle East and Africa business to local management. The Company continues to market the sale of its remaining businesses and is involved in ongoing negotiations to sell its Latin America and other Asia Pacific practices.

The Company is also preparing for the Court, pursuant to the Bankruptcy Code, monthly operating reports which will be filed as a matter of public record and will include financial disclosures.

Following the commencement of the Chapter 11 Cases, the Company's management has been particularly strained by the considerable attention required for administering the Chapter 11 Cases and marketing, negotiating and consummating the sale of the Company's businesses and assets. Consequently, the Company believes that it will not be in a position to file the Form 10-Q by the fifth calendar day following the required filing date, as prescribed in Rule 12b-25, and further cannot make any assurances as to when it will complete and file the Form 10-Q. Such inability to file the Form 10-Q could not have been eliminated by the Company without unreasonable effort or expense.

**Table of Contents**

As discussed above, the Company filed voluntary petitions for relief under Chapter 11 of Title 11 of the Bankruptcy Code. Subsequent to the commencement of the Chapter 11 Cases, the Company has devoted its available resources to administering the Chapter 11 Cases and marketing, negotiating and consummating the sale of the Company's businesses and assets. Currently, reasonable estimates of the results cannot be made due to the burdens these activities have imposed on the Company's available management. Such inability could not have been eliminated by the Company without unreasonable effort or expense.
