BANCO POPULAR DE PUERTO RICO SAVINGS AND STOCK PLAN  
NOTES TO FINANCIAL STATEMENTS DECEMBER 30, 2002 AND 2001

### 1. DESCRIPTION OF PLAN

The following description of the Banco Popular de Puerto Rico Savings and Stock Plan (the "Plan"), formerly the "Banco Popular de Puerto Rico Employees Stock Plan (Puerto Rico)", provides only general information. Participants should refer to the Plan agreement for a more complete description of its provisions.

#### General

The Plan is a defined contribution plan created for the purpose of providing employees with a tax advantaged approach for saving money for retirement. The Plan provides the participants the ability to acquire investments in mutual funds, as well as share in the Bank's (the "Bank") future through the purchase of Popular, Inc. (holding company of the Bank) common stock. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and covers substantially all employees of the Bank who have three months of service, are age eighteen or older, and are residents of the Commonwealth of Puerto Rico.

#### Participant Contributions

Plan participants may authorize the Bank to make pre-tax and after-tax payroll deductions up to 10% of their monthly compensation, which includes basic salary before overtime, commissions, bonuses and any other special compensation. At no time may a participant's contribution exceed the lesser of 10% of compensation, as defined, or \$8,000. As per plan provisions, participant contributions made up to January 31, 2001 and which have been invested in the Popular, Inc. common stock remain invested in such option until the participant has attained 50 years of age and has completed 10 years of service.

#### Employer Contributions

The Bank makes two types of contributions: a) a discretionary contribution based on the Bank's profitability and b) a matching contribution on the basic compensation for those who elect to contribute and invest in Popular Inc. common stock. The Plan sponsor contributes to the plan on behalf of each participant, a matching contribution equal to 50% of each participant's pre-tax contributions invested in Popular, Inc. common stock. After tax contributions and participant pretax contributions that are not invested in Popular, Inc. common stock shall not be matched by the sponsor. A participant's share of any Plan Sponsor contribution is to be invested solely in the Popular, Inc. common stock until such time as he/she has attained 50 years of age and has completed 10 years of service. At that time, a participant has full discretionary investment powers over his/her account, including future plan sponsor contributions.

#### Participant Accounts

## Edgar Filing: POPULAR INC - Form 11-K

Each participant account is credited with the participant's contribution and allocations of (a) the Bank's matching and profit sharing contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Any dividends paid by Popular, Inc. and mutual fund shares are reinvested in additional shares. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Participants are vested immediately in their voluntary contribution plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of service. The Company's contribution vest in accordance with the following schedule:

YEARS OF SERVICE	VESTING %
Less than 1	0
At least 1	20
At least 2	40
At least 3	60
At least 4	80
5 or more	100

### Payment of Benefits

Participants receive the vested portion of their individual accounts when employment with the Bank ends. In service withdrawals are permitted, but limited to after-tax contributions in the participant's account. Minimum withdrawal is \$1,000. On termination of service due to disability or retirement, a participant may elect to receive an amount equal to the value of the vested interest in his or her account as a lump sum distribution in cash, shares of Popular, Inc. common stock, if applicable, or a combination of both. In the case of participant termination because of death, the entire vested amount is paid to the person or persons legally entitled thereto.

## Edgar Filing: POPULAR INC - Form 11-K

### Plan Expenses and Administration

The Bank is responsible for the general administration of the Plan and for carrying out the provisions thereof.

Contributions are held and managed by a trustee appointed by the Board of Directors of the Bank. All expenses of the Plan are borne by the Bank.

### Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Bank contributions or, at the Bank's discretion redistributed among participants after a five (5) year severance period. During the severance period, if the terminated participant is reemployed by the Bank, the dollar value at the date of reemployment of such forfeited amounts shall be restored to the participant's account if the reemployed participant repays to the Plan an amount equal to the dollar amount of his/her vested balance distributed upon termination.

No forfeitures were used to reduce the 2002 Profit Sharing contribution.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

## Edgar Filing: POPULAR INC - Form 11-K

Plan investments are presented at fair value. Shares of registered investment companies are presented at quoted market prices which represent the net asset value of shares held by the plan at the reporting date. Popular, Inc. common stock is valued at its quoted market price. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on them.

Purchases and sales of securities are recorded on the trade date basis, while dividends and interest earned are recorded on the accrual basis and credited to each participant's account, as defined.

### Contributions

Employee and Bank matching contributions are recorded in the Plan year in which the Bank makes the payroll deductions.

### Transfer of Assets to Other Plans

Bank employees and retirees may elect to transfer their savings to other plans qualified by the Puerto Rico Treasury Department or by the Internal Revenue Service (the "IRS").

### Payment of Benefits

Benefits are recorded when paid.

4. NON-PARTICIPANT DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in assets relating to non-participant directed investments as of December 30, is as follows:

2002

Net asset	
Popular, Inc. Common Stock	\$ 40,377,107

  - Dividends and interest

  - Transfers to participant directed investments and other Plans under ERISA requirements

Effective January 31, 2001, the plan was amended to require, among other things, that participant investments in Popular, Inc. common stock up to that date are to remain invested until a participant attains 50 years of age and 10 years of service. At that time, the participants will be allowed to direct their investment balances to other investment options.

5. PROFIT SHARING CONTRIBUTION RECEIVABLE

Edgar Filing: POPULAR INC - Form 11-K

The Board of Directors of the Bank approved profit sharing contributions of \$2,127,434 and \$1,592,864 based on 2002 and 2001 Bank earnings, respectively. No forfeitures were used to reduce the 2002 profit sharing contribution. The 2001 profit sharing contribution receivable on the accompanying financial statements is net of forfeitures amounting to \$546,330 used to reduce Bank contribution. These forfeitures were allocated to plan participants in 2002. Amounts receivable were subsequently collected in February 2003 and January 2002, respectively.

6. TAX STATUS

The Plan obtained a favorable determination letter from the Department of Treasury of the Commonwealth of Puerto Rico. The letter indicates that the Plan is designed in accordance with the applicable income tax law and is, therefore, exempt from income taxes. The Plan and the income tax law have been amended since receiving the determination letter. The Plan Administrator, based on the Plan's tax counsel's advice, however, believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the income tax law. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the interest of each participating employee in the Plan shall become fully vested and such termination shall not reduce the interest of any participating employee or their beneficiaries accrued under the Plan up to the date of such termination.
