Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of
Brown-Forman Corporation Savings Plan
for Collectively Bargained Employees

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Brown-Forman Corporation Savings Plan for Collectively Bargained Employees (the Plan) at December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Brown-Forman Corporation Savings Plan for Collectively Bargained Employees
Notes to Financial Statements**

1. Description of Plan:

The sponsor of the Brown-Forman Corporation Savings Plan for Collectively Bargained Employees (the Plan), Brown-Forman Corporation (the Company), is a diversified producer and marketer of fine quality consumer products in domestic and international markets. The Sponsor's operations include the production, importing, and marketing of wines and distilled spirits and the manufacture and sale of luggage and, through the Lenox, Incorporated division, the manufacture and sale of china, crystal and silver.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

- a. General:** The Plan is a defined contribution plan covering substantially all union hourly employees of the Company at the Louisville Production Operations and/or Early Times Distillery and/or Bluegrass Cooperage Company. An employee becomes eligible to participate in the Plan, including receipt of Company matching contributions, after the completion of twelve consecutive months of employment, provided the employee works a minimum of 1,000 hours within the twelve-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

- b. Contributions:** Certain employees at the Louisville Production Operations and/or Early Times Distillery may contribute to the Plan an amount of not less than \$10 nor more than \$150 of their weekly compensation. Those employees who are members of Local Union 89 at the Louisville Production Operations and Early Times Distillery may contribute to the Plan an amount of not less than \$10 nor more than \$150 of their weekly compensation. Employees at the Bluegrass Cooperage Company may contribute to the Plan an amount of not less than 2% nor more than 15% of their annual compensation. Employee contributions are not to exceed the Section 402(g) (of the Internal Revenue Code of 1986) limitation for the 2004 calendar year, currently \$13,000. New employees may transfer assets from their former employers' qualified plans to the Plan, but cannot make any further contributions to the Plan until they meet the eligibility requirements to participate in the Plan.

1. Description of Plan, continued:

- b. Contributions, continued:** For certain employees at the Louisville Production Operations and/or Early Times Distillery, the Company shall contribute quarterly an amount equal to 50% of the participant's elective deferral for deferral amounts up to an average of \$40 per week for each week of said quarter (\$50 per week effective December 1, 2003). For employees who are members of Local Union 89 at the Louisville Production Operations and Early Times Distillery, the Company shall contribute quarterly an amount equal to 50% of the participant's elective deferral for deferral amounts up to an average of \$40 per week for each week of said quarter (\$50 per week effective November 1, 2003).

For employees at the Bluegrass Cooperage Company, the Company's matching contribution is equal to 50% of the participant's elective deferral for the first 3% of the participant's annual compensation.

Each participant's account is credited with the participant's contribution on a monthly basis, and effective November 15, 2004, on a semi-monthly basis, and an allocation of (i) the Company's contribution on a quarterly basis, and (ii) plan earnings on a daily basis. Allocations are based on the participants' contributions and compensation as defined in the Plan. The total annual contributions, as defined by the Plan, credited to a participant's account in a plan year may not exceed the lesser of (i) \$40,000, or (ii) 100% of the participant's compensation in the plan year. Additional maximum limits exist if the employee participates in a qualified defined benefit plan maintained by the Company. Forfeited balances of terminated participants' nonvested accounts are used first to reinstate previously forfeited account balances of re-employed participants, if any, and the remaining amounts are used to reduce future Company contributions. The forfeited balances totaled \$78 and \$162 for 2004 and 2003, respectively. Also in 2004, \$300 from forfeited nonvested accounts was used to reinstate previously forfeited account balances of re-employed participants and/or reduce company contributions. In 2003, no forfeited nonvested accounts were used to reinstate previously forfeited account balances of re-employed participants and/or reduce company contributions.

Participants can allocate contributions among various investment options in 1% increments. The Plan currently offers several different investment choices, including mutual funds, a money market portfolio, a common collective trust fund, and a Brown-Forman Stock Fund to participants.

- c. Vesting:** Participants are immediately vested in their employee contributions plus actual earnings thereon. Vesting in the Company's contribution is 25% per year of continuous service with the Company. Participants will become 100% vested in their Company contributions account in case of death, normal retirement, or total and permanent disability.

1. Description of Plan, continued:

- d. Withdrawals:** Upon termination of service, a participant can elect to transfer his vested interest in the Plan to the qualified plan of his new employer, roll over his funds into an Individual Retirement Account (IRA), or receive his vested interest in the Plan in a lump-sum amount or in the form of installment payments over a period of time not to exceed his life expectancy. If the vested account balance is less than \$5,000, a lump-sum distribution will be made. Effective March 28, 2005, if the vested account balance is \$1,000 or less, an automatic lump sum distribution will be made. If the vested account balance is greater than \$1,000 up to \$5,000, and the participant does not direct otherwise, it will be rolled over into an IRA with Fidelity Management Trust Company (Fidelity), the trustee and record keeper as defined by the Plan. In the event of death, the participant's beneficiary will receive the vested interest in a lump-sum payment or in the form of an installment payment. A participant may also withdraw vested interest in the case of financial hardship under guidelines promulgated by the Internal Revenue Service. The participant's contribution shall be suspended for six months after the receipt of a hardship distribution.

2. Summary of Significant Accounting Policies:

- a. Basis of Accounting:** The financial statements of the Plan are prepared under the accrual method of accounting. Withdrawals by participants are recorded when paid. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.
- b. Valuation of Investments:** The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds and common collective trust fund are valued at the net asset value of shares held by the Plan at year end. The Brown-Forman Corporation Stock Fund is comprised of Brown-Forman Corporation Class B shares, which are valued at the quoted closing market price, and a cash component.

The Plan presents in the accompanying statements of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

- c. Management Estimates:** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates.
- d. Payment of Benefits:** Benefits are recorded when paid.

4. Tax Status:

The Internal Revenue Service has determined, and informed the Company by a letter dated April 16, 2003, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

5. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. Related Party Transactions:

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative costs incurred by the Plan are paid by the Company. Administrative expenses of \$599 and \$522 in 2004 and 2003, respectively, were allocated to participants' accounts.

Certain participants of the Plan transferred their participation to other defined contribution plans sponsored by the Company. As a result, \$24,201 and \$9,702 of related plan assets were transferred from the Plan for the years ending December 31, 2004 and 2003, respectively.

Certain plan investments are units of Brown-Forman Corporation Class B stock. Therefore, these transactions qualify as related party transactions. For the years ending December 31, 2004 and 2003, 6,573 units were purchased for \$102,089 and 8,206 units were purchased for \$110,483, respectively. For the years ending December 31, 2004 and 2003, 722 units were sold for \$10,638 and 2,400 units were sold for \$31,061, respectively. Dividends of \$4,187 and \$2,196 were received on Company units for the years ending December 31, 2004 and 2003, respectively.

7. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with
