**PROXY STATEMENT FOR ANNUAL MEETING  
OF SHAREHOLDERS TO BE HELD OCTOBER 2, 2008**

The information set forth in this proxy statement is furnished in connection with the Annual Meeting of Shareholders of Cal-Maine Foods, Inc. (the "Company") to be held on October 2, 2008, at 11:00 a.m., local time, at our headquarters, 3320 Woodrow Wilson Drive, Jackson, Mississippi. A copy of our Annual Report to Shareholders for the fiscal year ended May 31, 2008, accompanies this proxy statement. Our telephone number is 601-948-6813. The terms "we," "us" and "our" used in this proxy statement mean the Company.

**Additional copies of the Annual Report (not including exhibits), Notice, Proxy Statement and Proxy card will be furnished without charge to any Shareholder upon written request to: Cal-Maine Foods, Inc., ATTN: Timothy A. Dawson, Secretary, Post Office Box 2960, Jackson, Mississippi 39207. Exhibits to the Annual Report may be furnished to Shareholders upon the payment of an amount equal to the reasonable expenses incurred in furnishing such exhibits. A list of the shareholders of record on the record date will be available for inspection at the above address for ten days preceding the date of the Annual Meeting.**

**Our Board of Directors is soliciting the enclosed proxy.** The proxy may be revoked by a shareholder at any time before it is voted by filing with our Secretary a written revocation or a duly executed proxy bearing a later date. The proxy also may be revoked by a shareholder attending the meeting, withdrawing the proxy, and voting in person.

All expenses incurred in connection with the solicitation of proxies will be paid by us. In addition to the solicitations of proxies by mail, our directors, officers, and regular employees may solicit proxies in person or by telephone. We will, upon request, reimburse banks, brokerage houses and other institutions, and fiduciaries for their expenses in forwarding proxy material to their principals. No proxies will be solicited via the Internet or web site posting.

This proxy statement, the enclosed form of proxy and the other accompanying materials are first being mailed to shareholders on or about August 28, 2008. Shareholders of record at the close of business on August 14, 2008, are eligible to vote at the Annual Meeting. As of the record date, 21,329,091 shares of our common stock were outstanding, and 2,400,000 shares of our Class A common stock were outstanding. Each share of common stock is entitled to one vote on each matter to be considered at the Annual Meeting. Each share of Class A common stock is entitled to ten votes on each such matter. Both the shares of common stock and the shares of Class A common stock have the right of cumulative voting in the election of directors. Cumulative voting means that each shareholder will be entitled to cast as many votes as he or she has the right to cast (before cumulating votes), multiplied by the number of directors to be elected. All such votes may be cast for a single nominee or may be distributed among the nominees to be voted for as the shareholder sees fit. To exercise cumulative voting rights by proxy, a shareholder must clearly designate the number of votes to be cast for any given nominee.

Shares represented by a properly executed and returned proxy card will be voted at the Annual Meeting in accordance with the instructions indicated thereon. If no instructions are indicated, the person or persons named in the proxy will vote:

§ **for** election of the seven nominees to serve as directors of the Company;

§ **for** the proposed amendment to the Certificate of Incorporation of the Company;

§ **against** the resolution proposed by The Humane Society of the United States; and

§ **in** their discretion with respect to such other business as may come before the Annual Meeting.

The election of directors requires a plurality of the votes cast. Abstentions and broker non-votes are counted only for purposes of determining whether a quorum is present at the meeting.

Amendment to the Certificate of Incorporation requires a vote of the majority of the shares of the Common Stock represented at the annual meeting and 66-2/3 percent of the Class A Common Stock.

In accordance with our bylaws and Delaware law, the Board will appoint two inspectors of election. The inspectors will take charge of and will count the votes and ballots cast at the Annual Meeting and will make a written report on their determination. We encourage you to read this entire document carefully.

### **Board and Committee Meetings**

The Board of Directors of the Company held four regular and no special meetings in the fiscal year ended May 31, 2008. The Executive Committee of the Board presently consists of Messrs. Adams, Baker and Dawson. The Board also has a Compensation Committee consisting of Messrs. Adams, Poole and Triplett, and an Audit Committee consisting of Mr. Poole, Dr. Triplett and Ms. Hughes. The Board does not have a nominating committee. This function is performed by the Executive Committee.

The Executive Committee may exercise all of the powers of the full Board of Directors, except for certain major actions, such as the adoption of an agreement of merger or consolidation, the recommendation to stockholders of the disposition of substantially all of the Company's assets or a dissolution of the Company, and the declaration of a dividend or authorization of an issuance of stock. The Executive Committee acts on matters, within the scope of its authority, between meetings of the full Board. During the last fiscal year, no formal meetings of the Executive Committee were held, and the Committee, pursuant to Delaware law, took action by unanimous written consent on ten occasions. The full Board of Directors acted by written consent on two occasions.

The Compensation Committee reviews and recommends to the Board of Directors the compensation and benefits of all officers of the Company, reviews general policy matters relating to compensation and benefits of employees of the Company, including the issuance of stock options to the Company's officers, employees and directors. The Compensation Committee met one time during fiscal 2008.

The Audit Committee held four regular and no special meetings during fiscal 2008.

Dr. Triplett missed three meetings of the Board of Directors and two meetings of the Audit Committee of the Board of Directors. While the Board of Directors does not have a specific policy as to directors' attendance at the Annual Meeting of Shareholders, such attendance is encouraged. With the exception of Dr. Triplett, all Directors attended the meeting of shareholders held on October 11, 2007.

The independent directors of the Company met in executive session without any representatives of management being present on at least one occasion during fiscal 2008.

### **Report of the Audit Committee**

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. A copy of the Charter of the Audit Committee is attached as Appendix A. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed and discussed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

**Table of Contents**

The Committee reviewed with Moore, Stephens Frost, independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of nonaudit services with the auditors' independence.

The Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended May 31, 2008, for filing with the Securities and Exchange Commission.

All members of the Audit Committee are deemed by the Board of Directors to be financial experts.

James E. Poole, Audit Committee Member

Letitia C. Hughes, Audit Committee Chairperson

R. Faser Triplett, M.D., Audit Committee Member

**Certain Corporate Governance Matters**

The Securities and Exchange Commission approved amendments to the NASDAQ stock market qualitative listing standards to require that a majority of a listed company's directors be independent and that a compensation committee and nominating committee of the Board composed solely of independent directors be established. The new standards are not applicable to any company where more than fifty percent of the voting power is held by one individual or group. Fred R. Adams, Jr., Chairman of the Board and Chief Executive Officer of the Company, owns capital stock of the Company entitling him to 58.9 percent of the total voting power. Accordingly, the Company is exempt from those NASDAQ listing standards. However, a NASDAQ listing standard requiring the independent directors of the board to have regularly scheduled meetings at which only independent directors are present is applicable to the Company. At least one such meeting was held during fiscal 2008.

NASDAQ qualitative listing standards require companies to adopt a code of business conduct and ethics applicable to all directors, officers and employees that complied with certain provisions in the Sarbanes-Oxley Act of 2002. The Board of Directors adopted a code on April 14, 2004. Our Code of Ethics is posted on our web site.

The listing standards also require that effective January 15, 2004, all related party transactions to which the Company's directors or officers are parties be reviewed for potential conflicts of interests on an ongoing basis by, and all such transactions be approved by, the Company's audit committee or another independent committee of the Board of Directors. During fiscal 2008, no related party transactions took place.

Additional NASDAQ listing standards approved by the Securities and Exchange Commission require that the Audit Committee (i) be composed solely of independent directors; (ii) be directly responsible for the appointment, compensation, retention and oversight of the independent auditor, which must report directly to the audit committee; (iii) establish procedures to receive, retain, and treat complaints regarding accounting, internal accounting controls and auditing matters, including procedures for employees' confidential, anonymous submissions of concerns regarding questionable accounting or auditing matters; (iv) have the authority to engage independent counsel and other advisors when the committee determines such outside advice is necessary; and (v) be adequately funded by the Company. Our Audit Committee is in compliance with these standards.

**Table of Contents**

The Board of Directors does not have a separate standing nominating committee. The Executive Committee of the Board of Directors fulfills this function. Messrs. Adams, Dawson and Baker are the members of the Executive Committee. The Executive Committee does not have a charter that addresses the nominating function. As a controlled company, the independence requirements of NASDAQ Rule 4350(c) do not apply to the Company.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10 percent of a registered class of our equity securities, such as the common stock, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Such persons are also required to furnish us with copies of all forms they file under this regulation. To our knowledge, based solely on a review of the copies of such reports furnished to us and representations that no other reports were required, for the fiscal year ended May 31, 2008, all Section 16(a) reports applicable to its directors and executive officers were filed.

**Certain Transactions**

The Company owns approximately 25.9 percent of the non-voting stock of Eggland's Best, Inc. (Eggland's Best), a specialty egg marketing firm. During the fiscal year ended May 31, 2008, the Company paid approximately \$10,992,600 to Eggland's Best for merchandising services. Adolphus B. Baker, President and director of the Company, is a director of Eggland's Best.

**COMPENSATION DISCUSSION AND ANALYSIS**

We are the only publicly held company in the United States, insofar as we can determine, whose primary business is the commercial production, processing, and sale of shell eggs. While a few of our competitors are divisions of public companies, in each such case the shell egg division does not constitute the primary business of the company. Accordingly, there is little, if any, public information available relative to the compensation paid by our competitors. It is our intent to compensate our employees at a level that will appropriately reward them for their performance, minimize the number of employees leaving our employment because of compensation issues, and enable us to attract needed talent as our business expands. Even though we have not lost many management level employees to our competitors, we believe our management is not the highest paid management group in the egg business. Our philosophy is to provide compensation to our management that falls in the upper middle range of industry compensation.

As more than 50 percent of our voting stock is owned by members of the Adams family, we are a controlled company as defined in Rule 4350(c)(5) of the NASDAQ Rules. As such, we are not required to have the compensation of our named executive officers determined by a majority of our independent directors or a Compensation Committee composed entirely of the independent directors. However our independent directors, who constitute two of the three members of the Compensation Committee, do play a significant role in determining the compensation of our named executive officers. We divide our executive officers into two categories for compensation purposes. The first are members of the Executive Committee of our Board of Directors which is composed of Messrs. Adams, Baker and Dawson. The compensation of the members of the Executive Committee is primarily determined by the Executive Committee which submits its recommendation to the Compensation Committee for approval. The compensation for other executives or officers, including named executive officers not members of the Executive Committee, is determined by the Compensation Committee.

**Elements of Compensation**

Our total compensation package which we provide to each of our named executive officers consists of a base salary, a cash bonus, equity compensation, automobiles, company paid insurance and dues. Additionally, the named executive officers participate in deferred compensation plans and are eligible for an enhanced health plan.

**Bonus Plans**

The named executive officers, with the exception of Messrs. Adams, Baker and Dawson who are members of the Executive Committee, are covered by our general bonus program. Under the general bonus program the named executive officers have the possibility of receiving a bonus equal to a maximum 50 percent of his base salary. Each year we establish performance objectives for each operating region. Half of a named executive officer's bonus is predicated on our profitability, and the remaining half is primarily determined by his region's performance evidenced by feed conversion rates, rate of lay of eggs, dozens of eggs marketed, and similar performance based criteria utilized by us in running our business.

For members of our Executive Committee the bonus program is essentially subjective, rather than utilizing objective criteria. The Executive Committee agrees on bonuses for its members which are then given as a recommendation to the Compensation Committee for final approval. Normally, the Compensation Committee accepts the Executive Committee's recommendation. The most significant item in determining the amount of Executive Committee's bonus is the profitability of our Company.

**Table of Contents**

Year to year variations in the level of compensation for our named executive officers result primarily from changes in bonuses and other compensation other than base salary such as stock options and stock appreciation rights. Their salaries remain relatively fixed with modest increases from time to time. A primary variable factor in the named executive officers' compensation is the value of the shares of our stock in relation to which the officer has options. On occasion during the recent past, the compensation of some of the named executive officers attributable to stock options and stock appreciation rights has exceeded their base salary and bonus.

The tables which follow give details as to the compensation of each of our named Executive Officers.

**General Matters**

None of our named executive officers has an employment contract.

Mr. Hardin and Mr. Paramore each participate in the Deferred Compensation Plan described below.

In December 2006 our Board adopted a Deferred Compensation Plan under which all our officers are eligible to participate. The Plan will establish an account for each officer selected by the Board. Each year the Board may elect to make a contribution for each participant ranging from zero to whatever the Board determines. Each participant's account will be credited with investment earnings equal to a fund selected by the Board to serve as an index. At the time of initial participation, each participant must elect how he wishes his account to be distributed to him. All contributions to each officer's account will vest when made. The Board will determine what contributions, if any, will normally be made during December of each year.

Mr. Adams does not participate in any stock option, stock appreciation, deferred compensation, or similar plans. The remainder of our named executive officers do participate in our 1993 and 2005 stock option plans, and in our 2005 Stock Appreciation Rights Plan that is settled in cash rather than shares of our common stock.

No named executive officer is entitled to receive any severance or change in control payment.

We do not have any pension plan but we do have an Employee Stock Ownership Plan ( ESOP ) to which we contribute an amount not less than 3 percent of the participant's base salary and bonus. All employees, including our named executive officers, are members of the ESOP. We also sponsor an elective 401(k) plan, but we make no contributions directly to the 401(k) plan on behalf of the participants. All of our named executive officers have elected to have 401(k) plans.

The Company's non-employee directors are each entitled to receive \$15,000 annually as compensation for their services as a director. Directors also may be compensated for any services performed in addition to their normal duties as a director of the Company. Ms. Hughes currently has options to purchase 19,200 shares of common stock at an exercise price of \$2.125 per share under our 1993 Stock Option Plan discussed below. **COMPENSATION PLANS****Employee Stock Ownership Plan**

We maintain a payroll-based Employee Stock Ownership Plan ( ESOP ). Pursuant to the ESOP, originally established in 1976, all full time employees over age 21 with one or more years of service, participate. Its assets, which currently consist primarily of common stock of the Company, are managed by a trustee designated by the Board. Contributions by us may be made in cash or shares of common stock, as determined by the Board of Directors. Employee contributions are not permitted. Company contributions generally may not exceed 15 percent of the aggregate annual compensation of participating employees. Contributions are allocated to the accounts of participating employees in the proportion which each employee's compensation for the year bears to the total compensation for calendar year 2007, (up to \$225,000 per employee) of all participating employees for calendar year 2007. Company contributions vest immediately upon the commencement of an employee's participation in the ESOP.

Shares of common stock held in an employee's account are voted by the ESOP trustee in accordance with the employee's instructions. An employee or his or her beneficiary is entitled to distribution of the balance of his or her account upon termination of employment. Our contributions to the ESOP amounted to approximately \$1,240,116 in calendar year 2007. For calendar year 2007, our contributions to the ESOP on behalf of each of the executive officers named in the Summary Compensation Table were: Fred R. Adams, Jr. - \$7,357; Adolphus B. Baker - \$7,357; Timothy A. Dawson - \$7,357; Kenneth Paramore - \$7,357; Charles J. Hardin - \$7,357.

**Savings and Retirement Plan**

Since 1985, we have maintained a defined contribution savings and retirement plan (the Retirement Plan ), which is designed to qualify under Sections 401 (a) and 401 (k) of the Code. An employee is eligible to participate in the Retirement Plan on or after having attained age 21 and after one year of full time service. The Retirement Plan is administered by us and permits covered employees to contribute up to the maximum allowed by the IRS regulations. Highly compensated employees may be subject to further limitations on the amount of their maximum contribution. We may make discretionary contributions matching each employee's pre-tax contributions. At the present time, we do not make discretionary contributions. The Retirement Plan is intended to comply with the Employee Retirement Income Security Act of 1974, as amended.

Participating employees are at all times 100 percent vested in their account balances under the Retirement Plan. Benefits are paid at the time of a participant's death, retirement, disability, termination of employment, and, under limited circumstances, may be withdrawn prior to the employee's termination of service. Contributions are not taxable to employees until such funds are distributed to them.

**Proposal of the Humane Society of the United States**

Under Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended, (the 34 Act ) a shareholder of the Company meeting prescribed eligibility standards may request that the Company include in its proxy statement a proposal from such eligible shareholder. The Humane Society of the United States (the Humane Society ) has requested its proposal for a resolution to be adopted by the shareholders of the Company be included in this proxy statement.

The Humane Society has furnished evidence of its eligibility to request its proposed resolution be included in this proxy statement. The full name and address of the requesting shareholder is the Human Society of the United States, 2100 L Street, NW Washington, D.C. 20037. The Humane Society beneficially owns 476 shares of the Company's common stock.

**Table of Contents**

The full text of the resolution submitted by the Humane Society for consideration by the shareholders of the Company is as follows:

**Resolution Proposed by The Humane Society of the United States**

**WHEREAS**, Americans are increasingly concerned about how their food is produced, and studies show they and, by extension, Cal-Maine Foods, Inc. (the Corporation) customers prefer products meeting higher animal welfare standards.

Battery cages prevent hens from spreading their wings, perching, and laying eggs in nests. Each hen has only 67 square inches of living space approximately two-thirds of a letter-sized sheet of paper. The United Egg Producers (UEP) guidelines to which the Corporation claims adherence permit these dismal conditions. The Better Business Bureau ruled (upholding upon appeal) that the UEP engaged in misleading advertising on animal welfare. In late 2006, the UEP paid \$100,000 to settle false advertising claims by 16 state attorney general offices and the Washington, D.C. attorney general.

More than three-quarters of the Corporation's customer base is retail customers, including supermarkets; the next largest segment is food service distributors. Supermarkets and food service providers are responding to this growing concern about animal welfare and diverting more of their business away from battery-egg producers. Compass Group, the world's largest food service company, stated: Compass Group is committed to ending our use of eggs from caged hens. This is a huge undertaking for our company, but we're proud to be making such a significant contribution to the welfare of farm animals.

Safeway is more than doubling its offering of cage-free eggs within the next two years, and is establishing a purchasing preference for cage-free eggs, intended to favor producers who are converting away from battery-cage confinement systems. Safeway adds, We hope this new policy will encourage the egg industry to move away from confining laying hens in battery cages.

Harris Teeter gives purchasing preference to producers of cage-free eggs and will increase the amount of cage-free eggs it sells to 12 percent by 2010.

These policies represent a snowballing national trend that is gaining in relevance to competitive egg producers. Whole Foods Market sells only cage-free eggs, and Trader Joe's has converted its private-label eggs to cage-free. National chains, including Burger King, Carl's Jr., Hardee's, and Denny's have all begun to phase in cage-free eggs. Wolfgang Puck uses only cage-free eggs in his restaurants and packaged foods. Hundreds of U. S. universities serve cage-free eggs in their cafeterias.

The prestigious Pew Commission on Industrial Farm Animal Production chaired by former Kansas Governor John Carlin and comprised of experts including former U. S. Secretary of Agriculture Dan Glickman concludes: The Commission recommends the phase-out, within ten years, of all intensive confinement systems that restrict natural movement and normal behaviors including...cages used to house multiple egg-laying chickens, commonly referred to as battery cages...

Major players in the Corporation's top business categories recognize the need for change on this issue. The Corporation risks loss of business and reputation if it does not move steadily away from battery cage egg production systems.

**RESOLVED THAT**, SHAREHOLDERS ENCOURAGE THE Corporation to move away from egg production practices in which hens are confined in battery cages, a practice widely viewed as cruel and inhumane.

The Humane Society did not submit a separate statement in support of its proposed resolution.

**Table of Contents**

The Company has been a leader in accepting and implementing animal welfare measures and the Board of Directors recommends a vote **AGAINST** the adoption of the resolution proposed by the Humane Society.

**AMENDMENT OF CERTIFICATE OF INCORPORATION**

Effective from and after November 30, 2007, the Board of Directors of the Company unanimously adopted a dividend policy providing for a variable dividend based on the quarterly profitability of the Company as follows:

1. The Corporation shall pay dividends to holders of its Common Stock and its Class A Common Stock on a quarterly basis.
2. Total dividends in an amount equal to one-third (1/3) of quarterly net income shall be paid for each quarter for which the Company reports net income computed in accordance with generally accepted accounting principles.
3. Following a quarter for which the Company does not report net income, the Company shall not pay a dividend for a subsequent profitable quarter until the company is profitable on a cumulative basis computed from the date of the last quarter for which a dividend was paid.
4. Dividends for a fiscal quarter shall be paid to shareholders of record as of the sixtieth day following the last day of such quarter and paid on the fifteenth day following the record date.
5. The resolution adopted by the Board of Directors stated that the dividends to be paid on Common Stock and Class A Common Stock would be equal on a per share basis.

At the effective date of the above resolution, the Certificate of Incorporation of the company, as amended, provided in section 4 thereof that No dividend or distributions may be declared and paid upon the shares of Class A Common Stock unless concurrently therewith a dividend and distribution is also declared paid upon the shares of Common Stock. The Certificate of Incorporation, as amended, further provided that any cash dividend or distribution payable upon the shares of Class A Common Stock would be in an amount equal to 95 percent of any cash dividend or distribution declared and paid upon the Common Stock, on a per share basis. Therefore, the intent of the Directors cannot be implemented unless the Certificate of Incorporation is amended to provide that the dividends payable on Common Stock and Class A Common Stock be equal on a per share basis.

Only Fred R. Adams, Jr. and members of his immediate family are eligible to own Class A Common Stock. As of August 1, 2008 there are 2,400,000 shares of Class A Common Stock outstanding, of which 1,951,294 are owned by Mr. Adams, who is Chief Executive Officer and Director of the Company, and 448,706 shares are owned by Adolphus Baker, President and Director of the Company. Mr. Baker is Mr. Adams' son-in-law.

Both Mr. Adams and Mr. Baker have a direct financial interest in amending the Certificate of Incorporation of the Company to provide the dividends on the Common Stock and Class A Common Stock be equal on a per share basis. If such Amendment is approved the amount of dividends payable on their Class A Common Stock, if any, to Messrs. Adams and Baker will be increased compared to the present. During fiscal 2008, Mr. Adams and Mr. Baker received dividends on their Class A Common Stock in the amounts of \$1,548,063 and \$349,736 respectively. Had the proposed Amendment been in effect for fiscal 2008, Messrs. Adams and Baker would have received \$1,622,675 and \$366,564 in dividends on their Class A Common Stock but the dividends on their Common Stock would have been slightly reduced.

**Table of Contents**

The Board of Directors recommends that paragraph 11 of Section 4 headed "Class A Common Stock" of the Amended Certificate of Incorporation of the Company that establishes the size of the dividends payable on Common Stock and Class A Common Stock be amended so that the amount of dividends payable, on a per share basis, on each class of stock be equal and that such paragraph shall read as follows:

**No dividend or distribution may be declared and paid upon the Class A Common Stock unless concurrently therewith a dividend and distribution is also declared and paid upon the shares of Common Stock. Any cash dividend or distribution payable upon the shares of Class A Common Stock shall be in an amount equal to any cash dividend or distribution declared and paid on the Common Stock on a per share basis.**

The Certificate of Incorporation, as amended, of the Company provides that so long as any Class A Common Stock is outstanding, holders of at least 66-2/3 percent of the total number of shares of Class A Common Stock outstanding, voting separately as a class, must approve any change or alteration of the rights or privileges of Class A Common Stock, amend any provision of paragraph 4 of the Certificate of Incorporation, as amended, or effect any reclassification or recapitalization of the Company's outstanding capital stock.

There are 2,400,000 shares of Class A Common Stock of the Company outstanding. All such shares outstanding are held by Messrs. Fred R. Adams, Jr. and Adolphus Baker each of whom has indicated he will vote in favor of the proposed amendment.

The Board of Directors recommends a vote FOR the proposed amendment to the Certificate of Incorporation. To be adopted the proposed amendment must be approved by a majority of the shares of Common Stock present and voting at the annual meeting and 66-2/3 percent of the shares of the Class A Common Stock outstanding.
