**PROXY STATEMENT**

For the Annual Meeting of Shareholders

to be held on Monday, April 29, 2002

This Proxy Statement and the accompanying proxy or voting instruction card are furnished to the shareholders of Broadwing Inc., an Ohio corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors for use at the 2002 Annual Meeting of Shareholders. The Annual Meeting will be held on Monday, April 29, 2002, beginning at 11:00 a.m. Eastern Time at the Northern Kentucky Convention Center, One W. RiverCenter Blvd., Covington, Kentucky 41011. The Notice of Annual Meeting of Shareholders, this Proxy Statement, the accompanying proxy or voting instruction card, and the annual report of the Company for the year ended December 31, 2001 are first being mailed to the shareholders on or about March 29, 2002.

The Company's Board of Directors has established March 5, 2002, as the record date (the "Record Date") for determining shareholders entitled to vote at the Annual Meeting or any adjournment or postponement of the Annual Meeting. Only shareholders of record at the close of business on the Record Date will be entitled to vote on matters to be presented at the Annual Meeting.

The agenda for the Annual Meeting is as follows:

1. Elect three (3) Class III directors to serve three-year terms ending in 2005; and
2. Consider any other matters that may properly come before the meeting or any adjournments or postponements of the meeting.

**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING**

**Q: Why am I receiving these proxy materials?**

A: The Company's Board of Directors (the Board) is providing these proxy materials to you in connection with the Annual Meeting of Shareholders, which will take place on April 29, 2002. As a shareholder, you are invited to attend the meeting and are entitled to vote on the proposal described in this Proxy Statement.

**Q: What information is contained in these materials?**

A: This Proxy Statement includes information relating to the proposal to be voted on at the meeting, the voting process, the compensation of directors and certain officers, and certain other information required by the rules and regulations of the Securities and Exchange Commission. Also enclosed is a proxy card or voting instruction card for your use in voting. Our 2001 Annual Report, including our full 2001 consolidated financial statements, is also enclosed.

**Q: What proposals will be voted on at the meeting?**

A: There is one proposal scheduled to be voted on at the meeting:  
The election of three (3) Class III directors to serve three-year terms ending in 2005.

**Q: What is Broadwing's voting recommendation?**

A: The Board recommends that you vote your shares FOR each of the nominees to the Board.

**Q: What shares can I vote?**

A: You may vote all Company common shares and 6 3/4% Cumulative Convertible Preferred Shares that you own as of the close of business on the Record Date. These shares include: (1) shares held directly in your name as the shareholder of record, including common shares purchased through Broadwing's Employee Stock Ownership Plan (ESOP), Employee Stock Purchase Plan (ESPP), Retirement Savings Plan, or Savings and Security Plan and credited to your account under any of such plans; and (2) shares held for you as the beneficial owner through a stockbroker or bank.

**Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?**

A: Many Broadwing shareholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

*Shareholder of Record*

If your shares are registered directly in your name with Broadwing's transfer agent, The Fifth Third Bank, you are considered the shareholder of record for those shares, and Broadwing is sending these proxy materials directly to you. As a shareholder of record, you may grant your voting proxy directly to Broadwing to vote your shares or vote your shares in person at the meeting. Broadwing has enclosed a proxy card for your use in voting by proxy.

*Beneficial Owner*

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and your broker or nominee is considered to be the shareholder of record. If you are a beneficial owner, your broker or nominee has forwarded these proxy materials to you. As the beneficial owner, you may direct your broker to vote, and are also invited to attend the meeting.

**Table of Contents**

However, since you are not the shareholder of record, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares. Your broker or nominee has provided a voting instruction card for you to use in directing the broker or nominee on how to vote your shares.

**Q: How can I vote my shares at the meeting?**

A: Shares held directly in your name as the shareholder of record may be voted in person at the Annual Meeting. Shares you own beneficially, in street name, cannot be voted at the Annual Meeting unless you obtain a proxy from the shareholder of record authorizing you to vote these shares at the Annual Meeting. If you choose to attend the meeting and vote in person, please bring the enclosed proxy card and proof of identification.

**Q: How can I vote my shares without attending the meeting?**

A: Whether you hold shares directly as the shareholder of record, or beneficially in street name, you may direct your vote without attending the meeting. For shares held directly as the shareholder of record, you may vote by granting a proxy. For shares held in street name, you may vote by submitting voting instructions to your broker or nominee. You may also vote over the Internet, or by telephone. Please refer to the summary instructions below and those included on your proxy or voting instruction card.

**By Internet** If you have Internet access, you may submit your vote from any location by following the **Vote by Internet** instructions on your proxy or voting instruction card.

**By telephone** If you live in the United States or Canada, you may submit your vote by following the **Vote by Phone** instructions on the proxy card.

**By mail** You may vote by mail by completing and signing your proxy or voting instruction card and mailing it in the accompanying enclosed, pre-addressed envelope.

**Q: Can I change my vote?**

A: Yes. You may change your voting instructions at any time prior to the vote at the Annual Meeting. For shares you hold as the shareholder of record, you may change your vote by either: (i) granting a new proxy bearing a later date (which automatically revokes the earlier proxy); (ii) by notifying the Company's Secretary in writing that you want to revoke your earlier proxy; or (iii) attending the Annual Meeting, giving notice of your proxy revocation in open meeting and voting in person. Note that mere attendance at the meeting will not cause your previously granted proxy to be revoked; at the Annual Meeting you must specifically request to revoke your previous proxy. For shares held beneficially by you in street name, you may change your vote by submitting new voting instructions to your broker or nominee.

**Q: How are votes counted?**

A: For the election of directors, you may vote **FOR** all of the nominees, or you may withhold your vote with respect to one or more of the nominees. To do so, you must follow the instructions on your proxy card or voting instruction card or, if voting by Internet or phone, by following the instructions when prompted. If you sign your proxy or broker voting instruction card and do not provide instructions concerning your vote, your shares will be voted in accordance with the recommendation of the Board ( **FOR** all of the Company's nominees to the Board and in the discretion of the proxy holders on any other matters that properly come before the meeting), except that common shares you hold in the Retirement Savings Plan or the Savings and Security Plan will be voted by the trustees of such plans in proportion to the way voting plan participants vote their shares.

**Q: What is the voting requirement to approve the proposal?**

A: In the election of directors, the three persons receiving the highest number of **FOR** votes will be elected. If you are a beneficial owner and do not respond to your broker or nominee's request for voting instructions or do not sign your voting instruction card, your shares will constitute broker non-votes, as described in **What is the quorum requirement for the meeting?** below. In tabulating the voting result, broker non-votes are not

**Table of Contents**

considered entitled to vote. There are no cumulative voting rights for either the common shares or 6 3/4% Cumulative Convertible Preferred Shares.

**Q: What does it mean if I receive more than one proxy or voting instruction card?**

A: It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

**Q: Where can I find the voting results of the meeting?**

A: We will announce preliminary voting results at the meeting and publish final results in our quarterly report on Form 10-Q for the second quarter of fiscal year 2002.

**Q: What happens if additional proposals are presented at the meeting?**

A: Other than the proposal described in this Proxy Statement, we do not expect any matters to be presented for a vote at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Phillip R. Cox, Richard G. Ellenberger and William A. Friedlander, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of the nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board of Directors.

**Q: What classes of shares are entitled to be voted?**

A: Each common share and each 6 3/4% Cumulative Convertible Preferred Share outstanding as of the close of business on the Record Date is entitled to vote on all items being voted upon at the Annual Meeting. You are entitled to one vote for each common share and for each 6 3/4% Cumulative Convertible Preferred Share you own on the Record Date. The 6 3/4% Cumulative Convertible Preferred Shares will vote with the common shares as one class on the proposal described in this Proxy Statement. On the Record Date, we had 218,792,775 common shares and 155,250 6 3/4% Cumulative Convertible Preferred Shares issued and outstanding.

**Q: What is the quorum requirement for the meeting?**

A: The quorum requirement for holding the meeting and transacting business is a majority of the shares of common and preferred shares issued and outstanding and entitled to vote at such meeting. However, even if a quorum is present, if any particular action requires other than a simple majority under either the law, the Company's Amended Articles of Incorporation or the Company's Amended Regulations, that particular action will not be taken unless the required percentage of affirmative votes has been obtained.

Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Abstentions are also counted as shares present and entitled to be voted. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted upon at the meeting.

**Q: Who will count the votes?**

A: A representative of The Fifth Third Bank, Broadwing's transfer agent and registrar, will tabulate the votes and act as the inspector of election.

**Q: Is my vote confidential?**

A: Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects voting privacy. Your vote will not be disclosed either within Broadwing or to third parties except (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, or (3) to facilitate a successful proxy solicitation by the Board. Occasionally, shareholders provide written comments on their proxy card, which are then forwarded to Broadwing's management.

**Table of Contents**

**Q: Who will bear the cost of soliciting votes for the meeting?**

A: Broadwing is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. If you choose to access the proxy materials and/or vote over the Internet, however, you are responsible for Internet access charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We also have hired Georgeson Shareholder Communications Inc. to assist us in the distribution of proxy materials and the solicitation of votes. We will pay Georgeson Shareholder Communications Inc. a fee of \$10,000 plus expenses for these services. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareholders.

**Q: What percentage of the Company's issued and outstanding shares of voting stock do our directors and officers own?**

A: Our directors and officers owned approximately 2.10% of our voting stock as of the Record Date. See page 15 for more details.

**Q: Do any of our shareholders hold more than 5% of the issued and outstanding shares of any class of the Company's voting stock?**

A: As of February 22, 2002, various persons, entities and funds associated with Marc J. Gabelli and Mario J. Gabelli (collectively the Gabelli Entities) collectively owned 11,428,596 or 5.23%, of the issued and outstanding shares of common stock. As of December 31, 2001, Legg Mason, Inc., together with its subsidiaries, collectively owned 15,684,643, or 7.17%, of the issued and outstanding shares of common stock. See page 15 for more details.

**Q: What is householding?**

A: Householding is a process that allows the Company to reduce costs and increase efficiencies by mailing only one copy of Company communications, such as this Proxy Statement, to multiple shareholders who reside at the same household mailing address. If you and other shareholders at the same householding address are currently receiving only one copy of Company communications at your mailing address, but would like to receive separate copies, please see the instructions on page 30. If you and other shareholders at the same mailing address are currently receiving multiple copies of Company communications, but would like to participate in our Householding program, please see the instructions on page 30.

In addition, the committee reviews the Company's financial affairs, including its capital structure, borrowing limits, financing of corporate acquisitions and the performance of its benefit plans.

Pursuant to Securities and Exchange Commission regulations, effective December 15, 2000, the audit committee of every company subject to the Securities Exchange Act of 1934 is required to have a written charter, which must be filed as an exhibit to its proxy statement once every three years. In 2000 the Board of Directors adopted a written charter for the Audit and Finance Committee and the Company attached the written charter as an exhibit to its 2000 proxy statement dated March 17, 2000.

concerns. The Governance and Nominating Committee will also consider nominees from shareholders; see page 29 for details.

**Director Compensation Arrangements**

*Compensation for Employee Directors*

Directors who are also employees of the Company (or any subsidiary of the Company) receive no additional compensation for serving on the Board or its committees other than their normal salaries.

*General Compensation Rules for Non-Employee Directors*

Directors who are not employees of the Company or any subsidiary of the Company ( non-employee directors ) received a \$16,000 annual retainer and \$1,500 for each Board and committee meeting attended. Also, in 2001 the chairpersons of the Audit and Finance Committee and the Compensation Committee were paid an additional \$3,000.

In lieu of the annual retainer and individual meeting fees, Mr. Kiggen, as Chairman of the Board, received for 2001 Company stock options equal in value to \$300,000 on the date of grants, and supplemental medical insurance, the cost of which was approximately \$1,200.

*Effect of Directors Deferred Compensation Plan on Compensation of Non-Employee Directors*

The Broadwing Inc. Deferred Compensation Plan for Outside Directors (the Directors Deferred Compensation Plan ) allows each non-employee director of the Company to choose to defer receipt of all or a part of his or her director fees and annual retainers and to have such deferred amounts credited to an account of the director under the plan. Such account is also credited with assumed interest on such amounts, compounded quarterly at the end of each calendar quarter, at a rate equal to the average interest rate for ten-year United States Treasury notes for the previous quarter. A non-employee director is fully vested at all times in the amounts of the director fees and annual retainers that are credited to his or her account under the plan.

Each person who was a non-employee director of the Company on January 1, 2001 also had his or her account under the Directors Deferred Compensation Plan credited on such date with an amount equal to the value of 1,500 common shares. A non-employee director will be vested in the amounts credited to his or her account under the plan only if he or she completes at least five years of active service as a non-employee director of the Company (with a fraction of a year of service as a non-employee director being rounded up or down to the nearest whole year).

Except as is noted below, in the event of a change in control of the Company, when a non-employee director of the Company terminates his or her position as such a director, the vested amounts then credited to his or her account under the Directors Deferred Compensation Plan (including certain amounts credited prior to 1998 or attributable to pre-1998 credits) are paid to him or her (or, in the case of his or her death, to a beneficiary of such non-employee director) in a lump sum payment of stock or in annual installments of stock (up to ten such installments), as the director may elect under the provisions of the plan. However, if a change in control of the Company (as such term is defined in the Directors Deferred Compensation Plan) occurs prior to the non-employee director terminating his or her position as a director of the Company, the amounts credited to his or her account are generally fully vested without regard to the forfeiture provisions noted in the preceding paragraph of this discussion or otherwise provided in the plan, and such amounts are generally paid to the non-employee director in one lump sum payment of stock as of the day next following the date on which the change in control occurs.

Until paid, all amounts credited to a non-employee director's account under the Directors Deferred Compensation Plan are not funded or otherwise secured, and all payments under the plan are made from the general assets of the Company and its subsidiaries.

**Table of Contents**

*Effect of Directors Stock Option Plan on Compensation of Non-Employee Directors*

The Company grants its non-employee directors stock options to purchase common shares under the Broadwing Inc. 1997 Stock Option Plan for Non-Employee Directors (The 1997 Stock Option Plan for Non-Employee Directors, together with certain predecessor non-employee director stock option plans of the Company, the Directors Stock Option Plan ). Pursuant to the current terms of such plan, each non-employee director is granted:

a stock option for 25,000 common shares on the first day of his or her term of office as a director and

a stock option for 9,000 common shares on the date of each annual meeting, if such director first became a non-employee director before the date of such annual meeting and continues in office as a non-employee director after such meeting.

Each stock option granted a non-employee director under the Directors Stock Option Plan requires that the price to be paid upon the exercise of such option for the Common Shares that are subject to the option will equal 100% of the fair market value of such shares (as determined at the time the option is granted).

*Other Compensation for Non-Employee Directors*

The Company also provides its non-employee directors with certain telecommunications services. The average annual cost of such services was approximately \$344 per non-employee director in 2001.

**Table of Contents**

**ELECTION OF DIRECTORS**

**(Item 1 on the Proxy Card)**

The Board of the Company presently consists of twelve members, two of whom are officers of the Company. The Company's Amended Articles of Incorporation provide for the directors to be divided into three classes. At each annual meeting of shareholders, directors constituting a class are elected for three-year terms. The terms of the four directors in Class III expire in 2002. The terms of the four directors in Class I expire in 2003. The terms of the four directors in Class II expire in 2004. The directors of each class will serve until their respective successors are elected and qualified.

The Board has nominated J. Taylor Crandall, Daniel J. Meyer and Mary D. Nelson, all of whom are incumbent directors, as Class III directors, to serve until the 2005 annual meeting of shareholders. Information regarding the business experience of each nominee is provided below.

James D. Kiggen will retire as Chairman of the Board and as an officer and Director, effective at the close of the 2002 Annual Meeting. On January 25, 2002, the Board passed a resolution setting the size of the Board at eleven members following Mr. Kiggen's retirement. Mr. Ellenberger will become Chairman of the Board at the organizational meeting immediately following the 2002 Annual Shareholder Meeting.

Pursuant to an Investment Agreement dated July 21, 1999 between the Company and Oak Hill Capital Management, Inc., as long as Oak Hill and its affiliated entities hold at least two-thirds of the common shares issued or issuable upon conversion of \$400,000,000 of convertible subordinated debentures of the Company, Oak Hill has the right to designate one director. Mr. J. Taylor Crandall is currently the designee of Oak Hill and is serving as a Class III director.

The shares represented by the accompanying proxy or voting instruction card will be voted **FOR** the election of the Class III director nominees, unless contrary instructions are indicated as provided on the proxy or voting instruction card. (If you do not wish your shares to be voted for particular nominees, please so indicate on the proxy or voting instruction card, or if voting over the Internet or telephone follow the voting instructions provided to you.) If one or more of the nominees should at the time of the meeting be unavailable or unable to serve as a candidate, the shares represented by the proxies will be voted to elect the remaining nominees and any substitute nominee or nominees designated by the Board. The Board knows of no reason why any of the nominees will be unavailable or unable to serve.

**Our Recommendation**

**The three director nominees who receive the greatest number of votes will be elected to the Board of Directors. Votes against a candidate, abstentions and broker non-votes will have no legal effect. The Board recommends election of each of the nominees.**

For each director of the Company, including those nominated for election, there follows a brief listing of principal occupation during at least the past five years, other major affiliations and age on the date of this Proxy Statement.

**Compensation Committee Report on Executive Compensation**

The Compensation Committee of the Board of Directors administers Broadwing's executive compensation program. The Compensation Committee, which is composed of non-employee directors, is responsible for approving and reporting to the Board on all elements of compensation for the Company's Chief Executive Officer (CEO) and other executive officers. The Compensation Committee has furnished the following report on executive compensation for fiscal year 2001.

*Compensation Philosophy*

The principles of the executive compensation program established by the Compensation Committee are that:

Compensation must be competitive with other companies to attract and retain high-quality executives;

A significant portion of executive compensation should be at risk and tied to the achievement of specific short-term and long-term performance objectives, principally the Company's earnings and the performance of the Company's common shares, thereby linking executive compensation with the returns realized by shareholders; and

Emphasis should be given to the long-term incentive component of each executive's compensation package, rather than to base salary or annual incentives.

*Executive Compensation Practices*

The Compensation Committee targets each executive officer's total direct compensation (base salary, annual incentive compensation and long-term incentive compensation) to be competitive with the median of the marketplace, adjusted for revenue size, using information from general industry, telecommunications and high-technology surveys conducted by outside consultants.

*Components of Executive Compensation*

The Company's executive compensation program for executive officers consists of three components: base salary, annual incentive compensation and long term incentive compensation.

**Base Salary.** Based on its review of the market data, the Compensation Committee recommended base salary increases for the named executive officers in the Summary Compensation Table set forth on page 19 to ensure equity with the market, reflect the assumption of increased responsibilities and, where appropriate, reflect an analysis of each executive officer's individual performance. The salaries of Messrs. Ellenberger, Mooney, Cassidy, Pontin and Smith appear in the Summary Compensation Table on page 19.

**Annual Incentive.** The Company's Short-Term Incentive Plan, in which all of the above-named executives participated, was one of the means by which the Compensation Committee encouraged the Company's management to enhance shareholder value. As in the case of base salary, short-term award targets under this plan for 2001 were benchmarked against market data. For Messrs. Ellenberger, Mooney, Callaghan and Smith to have received a short-term award, the Company must have achieved certain levels of earnings before interest, taxes, depreciation & amortization (EBITDA) and revenue. For Mr. Cassidy to have received a short-term award, Cincinnati Bell must have achieved certain levels of EBITDA and revenue. In addition, a portion of each executive officer's short-term award was based on individual performance. Short-term awards are paid in cash.

**Table of Contents**

**Long-Term Incentives.** The Company's executive compensation program currently includes stock options under the Company's Long-Term Incentive Plan ( LTIP ), restricted stock, and performance unit awards. Long-term incentives are intended to more closely align the interests of the Company's executive officers with those of the Company's shareholders. Stock options under the LTIP are awarded at the discretion of the Compensation Committee.

In the past, the present value of the stock options awarded to Mr. Ellenberger and Mr. Mooney under the LTIP has generally been targeted by the Compensation Committee to represent approximately two-thirds of the present value of the executive's total long-term incentives (with the present value of performance unit award targets constituting the remaining one-third). For 2001, the Committee elected to make the entire present value of each executive's long-term incentive in the form of stock options under the LTIP. The options granted during 2001 to the named executive officers are shown in the "Grants of Stock Options in Last Fiscal Year" table on page 21.

**Stock Ownership Guidelines.** To further align the interests of the executive officers and the Company's shareholders, the Compensation Committee has established common shares ownership guidelines for its executive officers. The guidelines provide that the CEO is expected to own common shares having a value of approximately three times his or her base salary. Other executive officers are expected to own common shares having a value of approximately one and one-half times their base salary. Executives are given a reasonable amount of time to satisfy these guidelines.

**Compensation Limitation.** Section 162(m) of the Internal Revenue Code (the "Code") generally limits the available deduction to the Company for compensation paid to any of the Company's named executives to \$1,000,000, except for performance-based compensation that meets certain technical requirements. However, compensation decisions will continue to be based primarily on the extent to which performance goals have been achieved and on whether awards under such plans provide proper incentives to the Company's executives to further the goals of the Company.

**Compensation of the Chief Executive Officer**

Mr. Ellenberger served in the capacity of President and CEO during 2001. Based upon the actual EBITDA and revenue results and evaluation of his personal performance, Mr. Ellenberger received the base salary and annual bonus shown in the "Summary Compensation Table" on page 19. In January and December of 2001, he received options to purchase common shares as shown on page 21.

- (a) The material terms of the options granted are: grant type: non-incentive; exercise price: fair market value on grant date; exercise period: generally exercisable 28% after one year, and 3% per month for the next 24 months thereafter; term of grant, 10 years; termination: except in case of retirement, disability, death or change in control of the Company. Any unexercisable options are generally cancelled upon termination of employment.
- (b) As required by rules of the Securities and Exchange Commission, potential values stated are based on the prescribed assumption that the common shares will appreciate in value from the date of the grant to the end of the option term (ten years from the date of the grant) at annualized rates of 5% and 10% (total appreciation of 62.8% and 159.3%) resulting in values of approximately \$37.21 and \$59.25 for all options expiring on January 2, 2011; and \$15.71 and \$25.02 for all options expiring on December 4, 2011. They are not intended, however, to forecast possible future appreciation, if any, in the price of the common shares. The total of all stock options granted to employees, including executive officers, during fiscal 2001 was approximately 4.8% of the total number of common shares outstanding as of December 31, 2001. As an alternative to the assumed potential realizable values stated in the above table, the Securities and Exchange Commission rules would permit stating the present value of such options at date of grant. Methods of computing present values suggested by different authorities can produce significantly different results. Moreover, since stock options granted by the Company are not transferable to persons other than family members, there are no objective criteria by which any computation of present value can be verified. Consequently, the Company's management does not believe there is a reliable method of computing the present value of such stock options for proxy disclosure purposes.
- (c) Options to purchase common shares granted by the Company in January 2001 and December 2001, respectively, as the annual grant.
- (d) The Company granted Mr. Smith 85,000 SARs with the allowable appreciation capped at \$8.625 per SAR.

**EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT  
AND CHANGE-IN-CONTROL ARRANGEMENTS**

*Employment Agreement with Mr. Ellenberger*

Effective January 1, 1999, the Company entered into an employment agreement with Mr. Ellenberger which provides for the employment and retention of Mr. Ellenberger for: a four-year term commencing on January 1, 1999, subject to automatic one-year extensions unless terminated prior to the beginning of the final year of the four-year term. The employment agreement provides for a minimum base salary of \$550,000 per year; a minimum bonus target of \$360,000 per year; a grant of options to purchase 300,000 common shares, which options will become exercisable as to 75,000 common shares on January 1 of each year commencing January 1, 2000 (this grant was amended to provide that it became exercisable as to the first 75,000 common shares on December 31, 1999 rather than January 1, 2000); a restricted stock award of 300,000 common shares which will vest on December 31, 2002 (this grant was amended to provide that one-fourth of its shares vest on December 31 of each of 1999, 2000, 2001 and 2002); and annual grants of long-term incentives with a present value of not less than \$750,000.

The employment agreement provides that, if Mr. Ellenberger's employment terminates within two years following a change in control of the Company, Mr. Ellenberger will receive a lump sum payment equal to three times his annual base salary and bonus target on the date of termination, plus certain continued medical, dental, vision and life insurance coverages as well as retiree medical benefits. In the event that the Company terminates Mr. Ellenberger's employment (other than for cause or disability or within two years of a change in control of the Company), Mr. Ellenberger will receive a lump sum payment equal to the greater of (a) two times his base salary rate and bonus target or (b) the base salary rate and bonus target for the remainder of the term of the employment agreement, plus the medical benefits and retiree medical benefits described above. In addition, to the extent that Mr. Ellenberger is deemed to have received an excess parachute payment by reason of a change in control, the Company shall pay Mr. Ellenberger an additional sum sufficient to pay (i) any taxes imposed under Section 4999 of the Code plus (ii) any federal, state and local taxes applicable to any taxes imposed under Section 4999 of the Code.

*Employment Agreement with Mr. Mooney*

If his employment terminates on or after April 8, 2006, his non-qualified pension shall equal that portion of his accrued pension under the Cincinnati Bell Management Pension Plan that is attributable to his first ten years of service. Mr. Cassidy's pension shall be paid to him (or his estate if his employment terminates by reason of death) within ninety days after the termination of his employment. In addition, if Mr. Cassidy's employment terminates within two years after a change of control of

the Company, his lump sum payment will be equal to two times his annual base salary and bonus target on the date of termination plus certain continued medical, dental, vision and life insurance coverages as well as retiree medical benefits.

*Employment Agreement with Mr. Pontin*

Effective April 9, 1999, the Company entered into an employment agreement with Mr. Pontin which provides for the employment and retention of Mr. Pontin for a two year term commencing April 9, 1999, subject to automatic one year extensions unless terminated prior to the beginning of each subsequent anniversary of April 9. The other terms and provisions of the employment agreement are substantially similar to those contained in Mr. Ellenberger's employment agreement, except that Mr. Pontin's employment agreement provides for: a minimum base salary of \$260,000 per year; a minimum bonus target of \$130,000 per year; a grant of options to purchase 99,500 common shares which options become exercisable as to 24,875 shares on each of April 9, 2000 and April 9, 2001 and 49,750 shares on April 9, 2002; a restricted stock award of 53,500 shares which vest as to one-fourth of those shares on April 9 of each of 2000, 2001, 2002 and 2003; and if Mr. Pontin's employment terminates within two years after a change in control, his lump sum payment will be equal to two times his annual base salary and bonus target plus continued medical, dental, vision and life insurance coverages as well as retiree medical benefits.

If Mr. Pontin's employment terminates within two years after a change in control, his lump sum payment will be equal to two times his annual base salary and bonus target plus continued medical, dental, vision and life insurance coverages as well as retiree medical benefits.

*Employment Agreement with Mr. Smith*

Effective January 1, 2000 the Company entered into an Employment Agreement with Mr. Smith containing substantially similar terms to those contained in Mr. Ellenberger's Employment Agreement, except that it provides for: a minimum base salary of \$212,166 per year; a minimum bonus target of \$106,083 per year; a grant of options to purchase 20,000 Common Shares and an amount to be determined each year for subsequent years; and no grant of restricted stock.

*Employment Agreement with Mr. Callaghan*

Effective December 4, 2001 the Company entered into an Employment Agreement with Mr. Callaghan containing substantially similar terms to those contained in Mr. Ellenberger's Employment Agreement, except that it provides for: a minimum base salary of \$250,000 per year; a minimum bonus target of \$100,000 per year; a grant of options to purchase 100,000 Common Shares and an amount to be determined each year for subsequent years; and no grant of restricted stock.

**Executive Deferred Compensation Plan**

The Executive Deferred Compensation Plan permits, for any calendar year, each employee whose base pay and targeted bonus for the immediately preceding calendar year was at least \$150,000 (a key employee) to defer receipt of up to 75% of his or her base salary, up to 100% of his or her cash bonuses (including annual incentive awards and cash awards under the Long Term Incentive Plan) and up to 100% of any common share awards (not including awards of stock options or restricted stock) provided him or her under the Long Term Incentive Plan. In addition, any key employee who has received a restricted stock award under the Long Term Incentive Plan may generally elect to surrender any of the restricted shares of such award as long as such surrender is at least six months prior to the date on which the restrictions applicable to such shares would otherwise have lapsed. For all key employees who participate in the Executive Deferred Compensation Plan, there is also a Company match on the amount of base salary and cash bonuses deferred under the plan for any calendar year. In general, to the extent a participating key employee's base salary and cash bonuses for the applicable year do not exceed a certain annual compensation limit prescribed by the Code for tax-qualified plans (which limit was \$170,000 for both 2000 and 2001), the match is 4% of the base salary and cash bonuses deferred by the employee under the plan. To the extent a participating key employee's base salary and cash bonuses for the

**Table of Contents**

applicable year exceed the appropriate annual compensation limit, the match is generally equal to the lesser of 66 2/3 % of the base salary and cash bonuses deferred by the key employee under the plan or 4% of the key employee's base salary and cash bonuses for the applicable year that are in excess of such annual compensation limit.

Amounts deferred or surrendered by any participating key employee under the Executive Deferred Compensation Plan and any related Company match are credited to the account of the participant under the plan and are assumed to be invested in various mutual funds or other investments (including common shares) as designated by the participant, except that any restricted stock that is surrendered under the plan is generally assumed to be invested in common shares until at least six months after the date on which the restrictions applicable to such shares would otherwise have lapsed and that any common share awards that are deferred under the plan are assumed to be invested in common shares.

The accounts under the Executive Deferred Compensation Plan are not funded, and benefits are paid from the general assets of the Company and its subsidiaries.

Upon the termination of employment of any participant under the Executive Deferred Compensation Plan, the amounts then credited to the participant's account are generally distributed, as so elected by the participant, in two to ten annual installments (in cash and/or common shares), except that any amounts credited to his or her account under the plan that are attributable to his or her surrender of restricted stock (not including amounts that were credited to such account as assumed cash dividends on such stock) are forfeited if the restricted stock would have been forfeited at the time of the participant's termination of employment had such stock not been surrendered under the plan. In addition, as a special rule, in the event of a change in control of the Company, all of the amounts then credited under the plan to a participant's account under the plan are generally paid in a lump sum on the day after the change in control.

The 2001 match for Messrs. Pontin, Smith and Callaghan under the Executive Deferred Compensation Plan is reflected in the Summary Compensation Table on page 19 under the All Other Compensation column. Messrs. Ellenberger, Mooney and Cassidy did not participate in the Executive Deferred Compensation Plan during 2001.

**Defined Benefit or Actuarial Plan Disclosure**

All of the named executive officers of the Company participated during 2001 in both the Broadwing Pension Plan (the Management Pension Plan), which was formerly named the Cincinnati Bell Management Pension Plan and is a tax-qualified defined benefit pension plan, and a non-tax-qualified pension plan known as the Cincinnati Bell Inc. Pension Program (the Pension Program), except that Messrs. Cassidy, Pontin and Smith did not participate during 2001 in the Pension Program.

The basic benefit formula under the Management Pension Plan is a cash balance formula. Under this formula, each participant has an account to which pension credits are allocated at the end of each year based upon the participant's attained age and plan compensation for the year (with such plan compensation being subject to a maximum legal annual compensation limit, which limit was \$170,000 for each of 2000 and 2001). To the extent that a participant's plan compensation exceeds the Social Security old age retirement taxable wage base,

**Table of Contents**

additional pension credits are given for such excess compensation. The following chart shows the annual pension credits which are given at the ages indicated:

Attained Age	Pension Credits
Less than 30 years	3.00% of total plan compensation plus 3.00% of excess compensation for 2001
30 but less than 35 years	3.25% of total plan compensation plus 3.25% of excess compensation for 2001
35 but less than 40 years	3.75% of total plan compensation plus 3.75% of excess compensation for 2001
40 but less than 45 years	4.50% of total plan compensation plus 4.50% of excess compensation for 2001
45 but less than 50 years	5.25% of total plan compensation plus 5.25% of excess compensation for 2001
50 but less than 55 years	6.50% of total plan compensation plus 6.50% of excess compensation for 2001
55 or more years	8.00% of total plan compensation plus 8.00% of excess compensation for 2001

A participant's account under the Management Pension Plan is also generally credited with assumed interest for each calendar year at a certain interest rate. Such interest rate was 7.75% per annum for 2001 with respect to a participant while he or she is still employed by the Company or a Company subsidiary and 3.5% (or 4% if a participant elects out of a pre-retirement death benefit) for a participant while he or she is not so employed. (In the case of a participant who was a participant in the Management Pension Plan on December 31, 1993 or who has benefits transferred from other plans to the Management Pension Plan, the participant's account also was credited with pension credits equivalent to the participant's accrued benefit on that date or when such benefits are transferred, as the case may be).

After retirement or other termination of employment, a participant under the Management Pension Plan is entitled to elect to receive a benefit under the plan in the form of a lump sum payment or as an annuity, generally based on the balance credited to the participant's cash balance account under the plan when the benefit begins to be paid (but also subject to certain transition or special benefit formula rules in certain situations).

Under the Pension Program, each current active participant's pension at retirement, if paid in the form of a single life annuity, generally will be an amount equal to the difference between 50% of the participant's average monthly compensation (for the 36-month period that occurs during the 60-month period preceding retirement that produces the highest compensation amount) and the sum of the participant's benefits payable under the Management Pension Plan (including for this purpose amounts which are intended to supplement or be in lieu of benefits under the Management Pension Plan) and Social Security benefits. Also, there is a reduction in such pension amount of 2.5% for each year by which the sum of the participant's years of age and years of service at retirement total less than 75, and no benefits are payable if the participant terminates employment (other than by reason of his or her death) prior to attaining age 55 and completing at least 10 years of service credited for the purposes of the plan.

As a participant under the Pension Program, if Mr. Ellenberger continues in employment and retires at age 65, his estimated single life annuity annual pension amounts under both the Management Pension Plan and the Pension Program combined, prior to deduction for Social Security benefits and assuming his annual compensation for all years subsequent to 2002 will be the same as his targeted compensation for 2002, would be \$875,000. Since Mr. Ellenberger is currently age 49 with five years of service, his annual pension amount may be reduced if he retires prior to age 65.

**Table of Contents**

**Effect of Change in Control on Certain Executive Compensation Plans**

Under the Long Term Incentive Plan, in the event of a change in control, all outstanding stock options will become immediately exercisable, all restrictions applicable to restricted stock awards will lapse and a pro rata portion of all accrued incentive awards will be paid in cash. Under the Executive Deferred Compensation Plan, the present value of all deferred amounts will be paid in cash in the event of a change in control. The present values of all accrued unfunded benefits under the Management Pension Plan and the Pension Program will be funded within five days after a change in control.

In connection with the Company's 1999 merger with IXC Communications, Inc. The debentures are convertible at the option of Oak Hill at any time into common shares at a price of \$29.89 per share.
