Report of Independent Registered Public Accounting Firm

Executive Committee of the Board of Directors

Park National Corporation

We have audited the accompanying statements of net assets available for benefits of the Park National Corporation Employees Stock Ownership Plan (the Plan) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005 and 2004, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) and reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

Park National Corporation  
Employees Stock Ownership Plan  
Notes to Financial Statements  
December 31, 2005

1. Description of the Plan

The following description of the Park National Corporation Employees Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering full-time or part-time employees of Park National Corporation and subsidiaries (Park) who have one year of service, age eighteen or older, and worked at least 1,000 hours. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions**

Each year, participants may contribute up to 25% of their pretax annual compensation, as defined in the Plan. Participants may also contribute rollover amounts representing distributions from other qualified defined contribution plans. The maximum salary deferral permitted by the Internal Revenue Code (Code) for 2005 and 2004 was \$15,000 and \$14,000.

Park provides a matching contribution at a level established annually by Park. For 2005 and 2004, Park matched 50% up to the first 15% of compensation contributed by the participant.

**Participant Accounts**

Each participant's account is credited with the participant's salary deferral and allocation of Park's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

**Vesting**

Participants' accounts are 100% vested at all times.

Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

**Payments of Benefits**

On termination of service and before age 59<sup>1/2</sup>, a participant may elect to receive either a lump sum or rollover amount equal to the value of his or her account. After age 59<sup>1/2</sup>, a participant may elect lump sum, rollover, or installments over a period certain not to exceed the participant's (and his designated beneficiary's) life expectancy.

**ESOP**

Effective January 1, 2002, the Plan was amended and restated to become an ESOP Plan that invests in Park National Corporation common stock. The Plan is not leveraged and all new contributions (both employer and employee) will be used to purchase only Park National Corporation common stock. Participants have the ability to diversify their investments upon reaching age 55. The Plan has changed its name from Park National Corporation Employees Voluntary Salary Deferral Plan and Trust to Park National Corporation Employees Stock Ownership Plan. All other provisions of the Plan remain the same.

**First Federal Bancorp Acquisition**

On December 31, 2004, Park National Corporation (Park) acquired First Federal Bancorp, Inc., (First Federal), a savings and loan holding company headquartered in Zanesville, Ohio. First Federal's prior plan was terminated and First Federal employees were eligible to participate in the Park National Corporation plan beginning on January 1, 2005. On January 3, 2005, Park acquired First Clermont Bank of Milford, Ohio. First Clermont's prior plan was terminated and employees were eligible to participate in the Plan effective January 3, 2005.

**2. Summary of Accounting Policies**

**Basis of Presentation**

The financial statements of the Plan are prepared on the accrual basis.

**Valuation of Investments**

Investments are stated at fair value. Park National Corporation common stock is valued at its quoted market price. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

**Administrative Expenses**

All administrative expenses charged to the Plan are borne by Park. Trustee fees for the Plan are waived each year. Park also provides other accounting and administrative services to the Plan.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of investment income and expenses during the reporting period. Actual results could differ from those estimates.

**3. Plan Termination**

Although Park has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**8. Form 5500 Reconciliation**

Net assets available for benefits do not agree to the Form 5500 for 2005 and 2004. The Form 5500 total for net assets available for benefits does not include accrued interest and dividends of \$530,478 in 2005 and \$492,845 in 2004.

**9. Stock Dividend**

**10. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
