PROSPECTUS SUPPLEMENT SUMMARY

Business

We are a preeminent international financial advisory and asset management firm that has long specialized in crafting solutions to the complex financial and strategic challenges of our clients. We serve a diverse set of clients around the world, including corporations, partnerships, institutions, governments and high-net worth individuals. The first Lazard partnership was established in 1848. Over time we have extended our activities beyond our roots in New York, Paris and London. We currently operate from 40 cities in key business and financial centers across 24 countries throughout Europe, North America, Asia, Australia, Central America and South America.

Our Business Model

We focus primarily on two business segments: Financial Advisory and Asset Management. We believe that the mix of our activities across business segments, geographic regions, industries and investment strategies helps to diversify and stabilize our revenue stream.

Financial Advisory

We offer corporate, partnership, institutional, government and individual clients across the globe a wide array of financial advisory services, regarding mergers and acquisitions and strategic advisory matters, restructurings and capital structure advisory services, capital raising and various other corporate finance matters. We focus on solving our clients' most complex problems, providing advice to senior management, boards of directors and business owners of prominent companies and institutions in transactions that typically are of significant strategic and financial importance to them.

We continue to build our Financial Advisory business by fostering long-term, senior level relationships with existing and new clients as their independent advisor on strategic transactions. We seek to build and sustain long-term relationships with our clients rather than focusing on individual transactions, a practice that we believe enhances our access to senior management of major corporations and institutions around the world. We emphasize providing clients with senior level attention during all phases of transaction execution.

While we strive to earn repeat business from our clients, we operate in a highly competitive environment in which there are no long-term contracted sources of revenue. Each revenue-generating engagement is separately negotiated and awarded. To develop new client relationships, and to develop new engagements from historical client relationships, we maintain an active dialogue with a large number of clients and potential clients, as well as with their financial and legal advisors, on an ongoing basis. We have gained a significant number of new clients each year through our business development initiatives, through recruiting additional senior

investment banking professionals who bring with them client relationships and through referrals from directors, attorneys and other third parties with whom we have relationships. At the same time, we lose clients each year as a result of the sale or merger of a client, a change in a client's senior management, competition from other investment banks and other causes.

We seek to offer our services across most major industry groups, including, in many cases, sub-industry specialties. Our Mergers and Acquisitions managing directors and professionals are organized to provide advice in the following major industry practice areas: consumer, financial institutions, financial sponsors, healthcare and life sciences, industrial, power and energy/infrastructure, real estate and technology, media and telecommunications. In addition to our Mergers and Acquisitions and Financial Restructuring practices, we also maintain specialties in the following distinct practice areas within our Financial Advisory segment: government advisory, capital structure and debt advisory, fund raising for alternative investment funds, private investment in public equity, or "PIPE" and corporate finance.

S-4

Table of Contents

Our focus in our Financial Advisory business is on:

making a significant investment in our intellectual capital with the addition of many senior professionals who we believe have strong client relationships and industry expertise,

increasing our contacts with existing clients to further enhance our long-term relationships and our efforts in developing new client relationships,

expanding the breadth and depth of our industry expertise and selectively adding new practice areas,

coordinating our industry specialty activities on a global basis and increasing the integration of our industry experts with our Mergers and Acquisitions, Financial Restructuring and Corporate Finance professionals, and

broadening our geographic presence by adding new offices including, in 2007 and 2008, offices in Australia (Melbourne), Switzerland (Zurich) and the United Arab Emirates (Dubai City), as well as in the U.S. (Boston, Minneapolis, Charlotte and Washington, D.C.); acquiring a 50% interest in a financial advisory firm with offices in Central and South America (Chile, Panama, Uruguay and Peru); entering into a joint cooperation agreement in Eastern Europe and Russia; and creating a strategic alliance with a financial advisory firm in Mexico.

In addition to the investments made as part of this strategy, we believe that the following external market factors may enable our Financial Advisory business to benefit:

increasing demand for independent, unbiased financial advice,

increasing demand for Financial Restructuring advice due to the increased level of corporate defaults, and

a potential increase in cross-border mergers and acquisitions and large capitalization mergers and acquisitions, two of our areas of historical specialization.

Going forward, our strategic emphasis in our Financial Advisory business is to leverage the investments we have made in recent years to grow our business and drive our productivity. We continue to seek to opportunistically attract outstanding individuals to our business. We routinely reassess our strategic position and may in the future seek opportunities to further enhance our competitive position.

Asset Management

Our Asset Management business provides investment management and advisory services to institutional clients, financial intermediaries, private clients and investment vehicles around the world. Our goal in our Asset Management business is to produce superior risk-adjusted investment returns and provide investment solutions customized for our clients. Many of our

equity investment strategies share an investment philosophy that centers on fundamental security selection with a focus on the trade-off between a company's valuation and its financial productivity.

Our strategic plan in our Asset Management business is to focus on delivering superior investment performance and client service and broadening our product offerings and distribution in selected areas in order to continue to drive improved business results. Over the past several years, in an effort to improve the operations of Lazard Asset Management LLC ("LAM") and expand our business, we have:

focused on enhancing our investment performance,

S-5

Table of Contents

improved our investment management platform by adding a number of senior investment professionals (including portfolio managers and analysts),

continued to strengthen our marketing and consultant relations capabilities,

expanded our product platform by "lifting-out" experienced portfolio managers to establish new products, and

continued to expand LAM's geographic reach, including by opening offices in Hong Kong and Bahrain.

We believe that our Asset Management business has long maintained an outstanding team of portfolio managers and global research analysts. We intend to maintain and supplement our intellectual capital to achieve our goals. We routinely reassess our strategic position and may in the future seek acquisitions or other transactions, including the opportunistic hiring of new employees, in order to further enhance our competitive position. We also believe that our specific investment strategies, global reach, unique brand identity and access to multiple distribution channels may allow us to expand into new investment products, strategies and geographic locations. In addition, we plan to expand our participation in alternative investment activities through investments in new and successor funds, and are considering expanding the services we offer to high-net worth individuals through organic growth, acquisitions or otherwise.

Lazard's Organizational Structure

Lazard Group is a Delaware limited liability company and the holding company for the subsidiaries that conduct our business. Lazard Group has two primary holders of its membership interests: Lazard Ltd and LAZ-MD Holdings LLC, a Delaware limited liability company that holds equity interests in Lazard Group and the Class B common stock of Lazard Ltd, which we refer to in this prospectus supplement as "LAZ-MD Holdings". Lazard Ltd has no material assets other than indirect ownership of approximately 68.2% of the common membership interests of Lazard Group as of June 2, 2009 (or approximately 71.1% of the common membership interests of Lazard Group after this offering), and indirect control of both of the managing members of Lazard Group. Lazard Ltd controls Lazard Group through this managing member position. The remaining approximately 31.8% of Lazard Group's common membership interests as of June 2, 2009 (or approximately 28.9% of the common membership interests of Lazard Group after this offering) is held by LAZ-MD Holdings, the holding company that is owned by current and former managing directors of Lazard Group. The Lazard Group common membership interests held by LAZ-MD Holdings are effectively exchangeable over time on a one-for-one basis with Lazard Ltd for shares of Class A common stock.

Each share of our Class A common stock entitles its holder to one vote per share. Each LAZ-MD Holdings exchangeable interest, all of which are held by the two classes of members of Lazard Group that consist of current and former managing directors (or their family members, trusts and charitable foundations),

which we refer to in this prospectus supplement as the "working members", is effectively exchangeable together with a Lazard Group common interest held by LAZ-MD Holdings for a share of our common stock, with such ratio subject to adjustment. The single outstanding share of our Class B common stock is intended to allow our current and former managing directors holding LAZ-MD Holdings exchangeable interests to individually vote in proportion to their indirect economic interests in Lazard Ltd. For a description of the voting rights of holders of LAZ-MD Holdings exchangeable interests, see "Certain Relationships and Related Transactions—LAZ-MD Holdings Stockholders' Agreement" in our Proxy Statement. Our Class B common stock has approximately 31.8% of the voting power of Lazard Ltd as of June 2, 2009 (or approximately 28.9% of the voting power of Lazard Ltd after this offering), which percentage will further decrease proportionately as Lazard Group common membership interests are exchanged for shares of our common stock. Upon full exchange of the LAZ-MD Holdings exchangeable interests for shares of our common stock, the Class B common stock would cease to be outstanding, and all of the Lazard Group common membership interests formerly owned by LAZ-MD Holdings would be owned indirectly by Lazard Ltd. We expect that LAZ-MD Holdings will manage its ownership of us so that it will not be deemed to be an "investment company" under the U.S. Investment Company Act of 1940, as amended, or the "Investment Company Act".

The risk factors set forth below and the risk factors incorporated by reference into this prospectus supplement primarily relate to the business of Lazard Group. These risks also affect Lazard Ltd because Lazard Ltd has no material assets other than indirect ownership of approximately 68.2% of the common membership interests in Lazard Group as of June 2, 2009 (or approximately 71.1% of the common membership interests in Lazard Group after this offering) and its controlling interest in Lazard Group. The following risk factors and the risk factors incorporated by reference into this prospectus supplement describe material risks of which we are aware. If any of the events or developments described below actually occurred, our business, financial condition or results of operations would likely suffer.

Risks Related to this Offering

The market price and trading volume of our common stock may be volatile, and you may not be able to resell your shares at or above the public offering price.

The price of our common stock in this offering was determined through negotiations between us and Goldman, Sachs & Co. The negotiated price of this offering may not be indicative of the market price of the common stock after this offering. The market price of our common stock will likely continue to fluctuate in response to the following factors, some of which are beyond our control, including the following:

quarterly fluctuations in our operating results,

changes in investors' and analysts' perception of the business risks and conditions of our business,

broader market fluctuations,

general economic and political conditions,

acquisitions and financings, including the potential issuance of a substantial number of shares of our common stock as consideration for past or future acquisitions and other transactions,

the issuance of a substantial number of shares of our common stock in exchange for a reduction of debt upon conversion of any portion of the \$150 million convertible note held by Intesa, and further exchanges of the LAZ-MD Holdings exchangeable interests,

sale of a substantial number of shares of our common stock held by the existing security holders in the public market, including shares issued upon vesting of outstanding restricted stock units, and

general conditions in the financial services industry.

As a result, shares of our common stock may trade at prices significantly below the price of this offering. Declines in the price of our common stock may adversely affect our ability to recruit and retain key employees, including our managing directors and other key professional employees.

The market price per share of our common stock exceeds the book value per share of our common stock. Accordingly, should we be liquidated at our book value, investors would not receive the full amount of their investment.

Our share price may decline due to the large number of shares eligible for future sale and for exchange.

Immediately after this offering, our authorized and unissued shares of common stock will include approximately 35,277,711 shares of our common stock underlying the outstanding LAZ-MD Holdings exchangeable membership interests, 20,750,861 shares of our common stock underlying the restricted stock units and deferred stock units that have thus far been granted pursuant to our 2005 Equity Incentive Plan, 7,224,590 shares of our common stock underlying the restricted stock units and deferred stock units that have thus far been granted pursuant to our 2008 Incentive Compensation Plan, 2,631,570 shares of our common stock issuable or otherwise deliverable upon conversion of the \$150 million convertible note held by Intesa, 2,201,457 shares of our common stock (subject to upward adjustment to account for certain cash dividends) that were issuable in connection with the LAM Merger and the following shares which are issuable in connection with the acquisitions of CWC and GAHL: (A) 993,024 shares of our common stock that are issuable on a non-contingent basis, (B) shares of our common stock that are issuable upon the non-contingent conversion of 9,724 shares of our Series A preferred stock, with the number of shares of our common stock dependent, in part, upon future prices of our common stock and (C) 948,631 shares of our common stock that are contingently issuable and 22,021 shares of our Series A preferred stock that are contingently convertible into shares of our common stock, with the number of such shares of our common stock dependent upon the future performance of GAHL and CWC. We cannot predict the effect, if any, that market sales of those shares of common stock, the possibility of such sales or the availability of those shares of common stock for sale will have on the market price of our common stock or our ability to raise capital through the issuance of equity securities from time to time.

As reflected in the table below, LAZ-MD Holdings exchangeable interests are effectively exchangeable into our common stock, and thereafter that common stock will become available for sale in significant numbers. In addition, LAZ-MD Holdings and certain of our subsidiaries, with the consent of the Lazard Ltd board of directors, have the right to cause the holders of LAZ-MD Holdings exchangeable interests to exchange all such remaining interests during the 30-day period following May 10, 2014 and under certain other circumstances. For a discussion of these exchange and transfer restrictions, see "Certain Relationships and Related Transactions—Relationship with LAZ-MD Holdings and LFCM Holdings—Master Separation Agreement" in our Proxy Statement. From time to time, we expect to register the shares received by the working members pursuant to the exchange of LAZ-MD Holdings exchangeable interests for resale, as reflected in the table below, by such working members. Persons exchanging their LAZ-MD Holdings exchangeable interests are likely to sell all or a portion of their common stock promptly after exchange to provide liquidity to cover any taxes that may be payable upon such exchange or to diversify their portfolios.

The following table reflects the timetable for exchangeability of the LAZ-MD Holdings exchangeable interests. As described below, exchangeability may be accelerated under certain circumstances as described in "Compensation of Executive Officers—Grants of Plan Based Awards—Retention Agreements with Named Executive Officers", "Certain Relationships and Related Transactions—LAZ-MD Holdings Stockholders' Agreement" and "Certain Relationships and Related Transactions—Relationship with LAZ-MD Holdings and LFCM Holdings—Master Separation Agreement—LAZ-MD Holdings Exchangeable Interests" in our Proxy Statement.

Lazard Ltd's only material asset is its indirect interests in Lazard Group, and it is accordingly dependent upon distributions from Lazard Group to pay dividends and taxes and other expenses.

Lazard Ltd is a holding company and, as of May 11, 2009, had no material assets other than the indirect ownership of approximately 68.2% of the common membership interests of Lazard Group as of May 11, 2009 (or approximately 71.1% of the common membership interests of Lazard Group after this offering), and indirect control of both of the managing members of Lazard Group. Lazard Ltd controls Lazard Group through this managing member position. Lazard Ltd has no independent means of generating revenue. Our wholly-owned subsidiaries incur income taxes on their proportionate share of any net taxable income of Lazard Group in their respective tax jurisdictions. We intend to continue to cause Lazard Group to make distributions to its members, including our wholly-owned subsidiaries, in an amount sufficient to cover all applicable taxes payable by us and dividends, if any, declared by us. To the extent that our subsidiaries need funds to pay taxes on their share of Lazard Group's net taxable income, or if Lazard Ltd needs funds for any other purpose, and Lazard Group is restricted from making such distributions under applicable law or regulation, or is otherwise unable to provide such funds, it could materially adversely affect our business, financial condition or results of operations. See "Price Range of Our Common Stock and Dividend Policy".

Lazard Ltd may issue preference shares and our bye-laws and Bermuda law may discourage takeovers, which could affect the rights of holders of our common stock.

The ownership of the Class B common stock gives LAZ-MD Holdings and, through the LAZ-MD Holdings stockholders' agreement, the members of LAZ-MD Holdings, control of a substantial portion of the total voting power of Lazard Ltd, which could, among other things, impede a change in control of Lazard Ltd without LAZ-MD Holdings' consent. We currently have 15,000,000 authorized preference shares, of which 31,745 shares of non-participating convertible Series A preferred stock are issued and outstanding. Our board of directors currently has the authority to issue up to 14,968,255 preference shares without any further vote or action by the shareholders, in accordance with the provisions of our bye-laws. Since the preference shares could be issued with liquidation, dividend and other rights superior to those of our common stock, the rights of the holders of our common stock will be subject to, and may be adversely affected by, the rights of the holders of any such preference shares. The issuance of preference shares could have the effect of making it more difficult for a third party to acquire a majority of our outstanding voting stock. Further, the provisions of our bye-laws, including our classified board of directors and the ability of shareholders to remove directors only for cause, and of Bermuda law, could have the effect of delaying or preventing a change in control of Lazard Ltd.

Lazard Ltd is incorporated in Bermuda, and a significant portion of its assets are located outside the U.S. As a result, it may not be possible for shareholders of Lazard Ltd to enforce civil liability provisions of the U.S. federal or state securities laws.

Lazard Ltd is incorporated under the laws of Bermuda, and a significant portion of its assets are located outside the U.S. It may not be possible to enforce court judgments obtained in the U.S. against Lazard Ltd in Bermuda, or in countries other than the U.S. where Lazard Ltd has assets, based on the civil liability provisions of the federal or state securities laws of the U.S. In addition, there is some doubt as to whether the courts of Bermuda and other countries would recognize or enforce judgments of U.S. courts obtained against Lazard Ltd or its directors or officers based on the civil liabilities provisions of the federal or state securities laws of the U.S. or would hear actions against Lazard Ltd or those persons based on those laws. Lazard Ltd has been advised by its legal advisors in Bermuda that the U.S. and Bermuda do not currently have a treaty providing for the reciprocal recognition and enforcement of judgments in civil and commercial matters. Therefore, a final judgment for the payment of money rendered by any federal or state court in the U.S. based on civil liability, whether or not based solely on U.S. federal or state securities laws, would not automatically be enforceable in Bermuda. Similarly, those judgments may not be enforceable in countries other than the U.S. where we have assets.

Bermuda law differs from the laws in effect in the U.S. and may afford less protection to our shareholders.

Our shareholders may have more difficulty protecting their interests than would shareholders of a corporation incorporated in a jurisdiction of the U.S. As a Bermuda company, Lazard Ltd is governed by the Companies Act 1981 of Bermuda, which we refer to in this prospectus supplement as the "Companies Act". The Companies Act differs in some material respects from laws generally applicable to U.S. corporations and shareholders, including the provisions relating to interested directors, mergers, amalgamations and acquisitions, takeovers, shareholder lawsuits and indemnification of directors.

Under Bermuda law, the duties of directors and officers of a company are generally owed to the company only. Shareholders of Bermuda companies generally do not have rights to take action against directors or officers of the company, and may only do so in limited circumstances. Officers of a Bermuda company must, in exercising their powers and performing their duties, act honestly and in good faith with a view to the best interests of the company and must exercise the care and skill that a reasonably prudent person would exercise in comparable circumstances. Directors have a duty not to put themselves in a position in which their duties to the company and their personal interests may conflict and also are under a duty to disclose any personal interest in any contract or arrangement with the company or any of its subsidiaries. If a director or officer of a Bermuda company is found to have breached his or her duties to that company, he or she may be held personally liable to the company in respect of that breach of duty. A director may be liable jointly and severally with other directors if it is shown that the director knowingly engaged in fraud or dishonesty. In cases not involving fraud or dishonesty, the liability of the director will be determined by the Bermuda courts on the basis of their estimation of the percentage of responsibility of the director for the matter in question, in light of the nature of the conduct of the director and the extent of the causal relationship between his or her conduct and the loss suffered.

In addition, our bye-laws provide that no director shall be liable to the Company, any of our shareholders or any other person for the acts, neglects or defaults of any other director, or for any loss or expense happening to the Company through the insufficiency or deficiency of title to any property acquired by order of the directors for or on behalf of the Company, or for the insufficiency or deficiency of any security in or upon which any of the moneys of the Company shall be invested, or for any loss or damage arising from the bankruptcy, insolvency, or tortuous act of any person with whom any moneys, securities or effects shall be deposited, or for any loss occasioned by any error of judgment, omission, default, or oversight on his or her part, or for any other loss, damage, or misfortune whatever which shall happen in relation to the execution of the duties of his or her office, provided that such provisions shall not extend to

any matter which would render any of them void under the Companies Act.

There are provisions in our bye-laws that may require certain of our non-U.S. shareholders to sell their shares to Lazard Ltd or to a third party.

Our bye-laws provide that if our board of directors determines that we or any of our subsidiaries do not meet, or in the absence of repurchases of shares will fail to meet, the ownership requirements of a limitation on benefits article of any bilateral income tax treaty with the U.S. applicable to us, and that such tax treaty would provide material benefits to us or any of our subsidiaries, we generally have the right, but not the obligation, to repurchase at fair market value (as determined in the good faith discretion of our board of directors) shares of our common stock from any shareholder who beneficially owns more than 0.25% of the outstanding shares of our common stock and who fails to demonstrate to our satisfaction that such shareholder is either (a) a U.S. citizen or (b) a qualified resident of the U.S. or the other contracting state of the applicable tax treaty (as determined for purposes of the relevant provision of the limitation on benefits article of such treaty). Natixis S.A. ("Natixis") is not subject to this repurchase right with respect to the 6,999,800 aggregate number of shares it acquired pursuant to certain transactions between us and IXIS-Corporate & Investment Bank (now known as Natixis) in May 2005, which we refer to as the "Natixis placements".

The number of shares that may be repurchased from any such shareholder will equal the product of the total number of shares that Lazard Ltd reasonably determines to purchase to ensure ongoing satisfaction of the limitation on benefits article of the applicable tax treaty, multiplied by a fraction, the numerator of which is the number of shares beneficially owned by such shareholder (other than the 6,999,800 aggregate number of shares Natixis acquired pursuant to the Natixis placements), and the denominator of which is the total number of shares (reduced by the aggregate number of shares Natixis acquired pursuant to the Natixis placements) beneficially owned by such shareholders subject to this repurchase right.

Instead of exercising the repurchase right described above, Lazard Ltd will have the right, but not the obligation, to cause the transfer to, and procure the purchase by, any U.S. citizen or a qualified resident of the U.S. or the other contracting state of the applicable tax treaty (as determined for purposes of the relevant provision of the limitation on benefits article of such treaty) of the number of outstanding shares beneficially owned by any shareholder that are otherwise subject to repurchase under our bye-laws as described above, at fair market value (as determined in the good faith discretion of our board of directors).

Future U.S. tax legislative agenda is unknown at the present time.

On May 4, 2009, President Obama outlined his agenda for future tax legislation. The outline included various proposals that may be relevant to Lazard, including proposals that would (i) limit the deduction of certain related party interest; (ii) limit the use of the "check-the-box" election to defer U.S. tax on the earnings of certain foreign subsidiaries; (iii) limit the use of foreign tax credits to reduce residual U.S. tax on non-U.S. source income; (iv) limit the deferral of U.S. tax on non-U.S. source income; (v) defer the deduction of interest and certain other expenses attributable to non-U.S. source income of foreign subsidiaries; and (vi) repeal the current law exemption from withholding tax for interest and dividends paid by a domestic "80/20" company. Each of these proposals would be effective only for taxable years beginning after December 31, 2010. Other members of Congress have also introduced bills that may have the effect of reducing certain tax treaty benefits or the classification of certain foreign entities as U.S. corporations. We are currently unable to predict whether any such new tax legislation, if and when it becomes effective, will materially adversely affect Lazard Ltd's tax rate.

Second quarter	\$48.90	\$35.22	\$0.09
First quarter	\$46.06	\$31.00	\$0.09

As of May 8, 2009, there were approximately 49 holders of record of our Class A common stock. This does not include the number of shareholders that hold shares in "street-name" through banks or broker-dealers.

On June 1, 2009, the last reported sales price for our Class A common stock on the New York Stock Exchange was \$27.87 per share.

Dividend Policy

Subject to compliance with applicable law, we currently intend to declare quarterly dividends on all outstanding shares of our Class A common stock. The Class B common stock is not entitled to dividend rights.

In January and April of 2009, our board of directors declared a dividend of \$0.10 per share, which was paid on February 27, 2009 and May 29, 2009, respectively, to shareholders of record as of February 6, 2009 and May 8, 2009, respectively.

The declaration of any dividends and, if declared, the amount of any such dividend, will be subject to the actual future earnings, cash flow and capital requirements of our company, to the amount of distributions to us from Lazard Group and to the discretion of our board of directors. Our board of directors will take into account:

general economic and business conditions,

S-19

the financial results of our company and Lazard Group,
capital requirements of the Company and our subsidiaries (including Lazard Group),
contractual, legal, tax and regulatory restrictions and implications on the payment of dividends by us to our
shareholders or by our subsidiaries (including Lazard Group) to us, and
such other factors as our board of directors may deem relevant.

We are a holding company and have no direct operations. As a result, we depend upon distributions from Lazard Group to pay any dividends. We expect to continue to cause Lazard Group to pay distributions to us in order to fund any such dividends, subject to applicable law and the other considerations discussed above. In addition, as managing directors and other members of LAZ-MD Holdings convert their exchangeable interests into shares of our common stock, the number of our outstanding shares will increase, thereby diluting each shareholder's proportional interests in the excess cash held by us to the extent that we retain excess cash balances or acquire additional assets with excess cash balances. For a discussion of Lazard Group's cash distribution policy, see "The Separation and Recapitalization Transactions and the Lazard Organizational Structure" in our S-1 Registration Statement.

Additionally, we are subject to Bermuda legal constraints that may affect our ability to pay dividends on our common stock and make other payments. Under the Companies Act, we may declare or pay a dividend out of distributable reserves only if we have reasonable grounds for believing that we are, or would after the payment be, able to pay our liabilities as they become due and if the realizable value of our assets would thereby not be less than the aggregate of our liabilities and issued share capital and share premium accounts.

Jordan, Jr.) are selling any shares in this offering or pursuant to the Lazard Group Purchase. Mr. Wasserstein also holds 4,392,310 non-vested restricted stock units, which represent a contingent right to receive an equivalent number of shares of our common stock. the number of shares beneficially owned immediately prior to the consummation of this offering,

the number of shares to be sold in this offering and pursuant to the Lazard Group Purchase, and

the adjusted number of shares beneficially owned, reflecting the sale of the shares sold in this offering and pursuant to the Lazard Group Purchase.

Each selling shareholder, except as noted in the table below, is a current or former managing director of Lazard or companies formerly affiliated with Lazard. To our knowledge, and pursuant to applicable community property laws, the persons named in the table below and their applicable family trusts and grantor retained annuity trusts (and similar entities) have beneficial ownership of the common stock and LAZ-MD Holdings exchangeable interests held by them. The address for each selling shareholder is: c/o Lazard Group LLC, 30 Rockefeller Plaza, New York, New York 10020.
