ATX Communications, Inc. RECEIVES NOTICE OF NASDAQ DELISTING

Common Stock Anticipated to trade on OTCBB

New York, NY (August 15, 2002) - ATX Communications, Inc. ("ATX" or the "Company") a leading integrated communications provider, today announced that it has received notification from the Nasdaq Listing Qualifications Panel that it has denied ATX's request for continued listing on the Nasdaq National Market and that its common stock will be delisted at the opening of business on August 16, 2002. ATX's common stock is eligible to trade on the OTC Bulletin Board (OTCBB), and it is anticipated that it will begin trading on the OTCBB on August 16, 2002 under the symbol COMM.

"This decision will not affect any aspect of the day-to-day operations of our Company and does not change our strategic focus," stated Thomas Gravina, President and Chief Executive Officer of the Company. "We continue to execute aggressively against our plan to take market share away from the incumbent operators by offering our customers a compelling integrated communications solution while also delivering superior customer service. We look forward to executing our business plan, and, eventually perhaps, to a market environment that will have greater appreciation for the successful companies in the telecommunications sector."

CoreComm Limited (the predecessor of the Company) had previously announced that it had received notice of a Nasdaq Staff Determination on May 16, 2002, indicating that its common stock was subject to delisting from the Nasdaq National Market because CoreComm Limited did not comply with the minimum bid price and the minimum market value of publicly held shares requirements for continued listing (Marketplace Rule 4450(b)(4) and Rule 4450(b)(3), respectively). In connection with the second and final phase of the Company's recapitalization, Nasdaq agreed to treat ATX as a successor to CoreComm Limited and as a result, on July 2, 2002 Nasdaq transferred CoreComm Limited's listing on the Nasdaq National Market to ATX. The Company's listing status was addressed at a hearing before the Nasdaq Listing Qualifications Panel on June 28, 2002 and on August 15, 2002, the Panel issued its decision to delist ATX's common stock. The Company is considering requesting a review of this decision by the Nasdaq Listing and Hearing Review Council.

The OTCBB is a regulated quotation service that displays real-time quotes, last sale prices and volume information in over-the-counter equity securities. OTCBB securities are traded by a community of registered market makers that enter quotes and trade reports through a computer network. Information regarding the OTCBB, including stock quotes, can be found at <http://www.otcbb.com>. Investors should contact their broker for further information about executing trades in ATX's common stock on the OTCBB.
