CONEXANT SYSTEMS INC
Form 425
December 18, 2001

Filed by Alpha Industries, Inc.
Pursuant to Rule 425 under the Securities Act of 1933
and deemed filed pursuant to Rule 14a-12
Commission File Number: 001-05560
Subject Company: Conexant Systems, Inc.
Commission File Number: 000-24923

Alpha Industries will file a proxy statement/prospectus and other relevant documents concerning the proposed merger of Conexant's wireless business with and into Alpha Industries with the SEC. Investors and security holders are advised to read the proxy statement/prospectus and other relevant documents filed by Alpha Industries with the SEC regarding the proposed merger referenced in the foregoing information when they become available because they will contain important information. Investors and security holders may obtain a free copy of the documents regarding the proposed merger (when available) and other documents filed by Alpha Industries at the SEC's web site at www.sec.gov. The documents regarding the proposed merger and such other documents may also be obtained from Alpha Industries directing such request to Alpha Industries, Inc., Attn: Paul E. Vincent, 20 Sylvan Road, Woburn, MA, 01801.

Alpha Industries and its directors and executive officers may be deemed to be participants in the solicitation of proxies from Alpha Industries' shareholders. A list of the names of the directors and executive officers and descriptions of their interests in Alpha Industries is contained in Alpha Industries' proxy statement dated July 30, 2001, which is filed with the SEC and will also be included in future proxy statements filed with the SEC. Shareholders may obtain additional information about the interest of the directors and executive officers in this transaction by reading the proxy statement/prospectus when it is available.

the presentation and contains forward-looking statements which predict future results and other matters. These forward-looking statements are inherently subject to risks and uncertainties. Actual results and outcomes may materially differ as a result of various factors. Such factors include, but are not limited to: the timing and extent of recovery in each of the Companys' markets, customer orders not being as expected; erosion of margins; competitive pressures and economic and market conditions that vary from expectation; modification of Company plans or intentions; the transaction not occurring and financial results varying from expectations. Additional information on these and other factors that may cause actual results and Company performance to differ is included in each the Companys' latest earnings releases and within their most recent Form 10-K/10Qs as filed with the SEC

Market Dynamics

- o Shortening product development cycles
- o Simplified architectures
- o OEMs shifting to low-cost suppliers around the world
- o ODMs and contract manufacturers entering the phone business without RF and systems expertise
- o Uniquely positioned to drive the future evolution of RF and systems integration

A Significant Opportunity For a Pure-Play, Broad-Based Wireless Semiconductor Supplier

SLIDE 4

Strategic Combination Rationale

- o Two highly successful, complementary and high growth wireless businesses
- o Industry's broadest technology and product offering
- o Supplier to all key handset and infrastructure OEMs
- o Capitalizing on the trend towards handset outsourcing
- o Uniquely positioned to drive the future evolution of RF and systems integration
