Dear Fellow Goodyear Shareholder,

We present this year's Goodyear Proxy Statement with a renewed focus on transparency of our corporate governance structures and executive compensation program. We set high standards for ourselves at Goodyear, and implicit in this philosophy is a commitment to sound corporate governance.

SUSTAINED STRONG PERFORMANCE

We are executing well on our strategy as demonstrated by our continued strong financial results. The last three years at Goodyear have been a remarkable period in our 116-year history, and 2014 was no exception. For 2014, segment operating income increased by 8 percent over the prior year to the highest level achieved in Goodyear's history. Our results are evidence of the soundness of our strategy, our ability to execute against that strategy, and outstanding performance by our teams across the globe.

DIALOGUE WITH SHAREHOLDERS

With respect to the company's corporate governance, we have engaged with shareholders holding more than 40% of our outstanding shares on executive compensation and corporate governance matters in the last two years. I and the rest of the Board are encouraged by the positive feedback from our shareholders and our strong proxy voting results last year. Our dialogue with shareholders has led to a number of changes in our executive compensation program over the last two years that we believe address shareholders' concerns. We have described these program updates throughout this year's Proxy Statement.

AN EFFECTIVE AND ENGAGED BOARD

As the Chairman of the Board of Directors, I am pleased to report to you that our well-qualified and diverse group of directors brings an important mix of leadership, boardroom and operating experience to Goodyear. Our Directors provide me and the entire Goodyear senior leadership team with critical insights and thought leadership on many important issues facing our business today. I am happy with the recent addition of Laurette Koellner to the Board. She brings to our Board extensive international business and financial leadership experience. We also have a strong Lead Director in Alan McCollough, who has engaged directly with our shareholders on important corporate governance and executive compensation matters. I encourage you to support the Board's nominees on this year's ballot.

YOUR VOTE IS IMPORTANT

I and the rest of the Board invite you to attend the 2015 Annual Meeting of Shareholders. If you are not able to attend in person, we encourage you to vote by proxy. These proxy materials contain detailed information about the matters on which we are asking you to vote. I ask that you read the materials thoroughly and vote in accordance with the Board's recommendations.

Your vote is important.

Sincerely,

Richard J. Kramer

Chairman of the Board,

Chief Executive Officer and President

GENERAL INFORMATION

Vote Required

Vote Required

In accordance with Goodyear's Articles of Incorporation, a director nominee must receive, in an uncontested election of directors for which cumulative voting is not in effect, a greater number of votes cast for his or her election than against his or her election. Under Ohio law, an incumbent director who is not re-elected will continue in office as a holdover director until his or her successor is elected by a subsequent shareholder vote, or his or her earlier resignation, removal from office or death. In order to address holdover terms for any incumbent directors who fail to be re-elected under our majority vote standard, our Corporate Governance Guidelines provide that if a director nominee does not receive a majority affirmative vote, he or she will promptly offer his or her resignation as a director to the Board of Directors. Within 90 days, the Board will decide, after taking into account the recommendation of the Governance Committee (in each case excluding the nominee(s) in question), whether to accept the resignation. The Governance Committee and the Board may consider any relevant factors in deciding whether to accept a director's resignation. The Board's explanation of its decision shall be promptly disclosed in a filing with the Securities and Exchange Commission.

The affirmative vote of at least a majority of the shares of Common Stock outstanding on the record date is required for a management or shareholder proposal, other than an advisory vote, to be adopted at the Annual Meeting. When considering the results of advisory votes, the Board of Directors intends to consider only those votes actually cast at the Annual Meeting.

Abstentions and broker non-votes, which occur when your broker does not have discretionary voting authority on a matter and you do not provide voting instructions, have the same effect as votes against any proposal voted upon by shareholders but have no effect on the election of directors or advisory votes.

Voting Shares Held in Street Name

Voting Shares Held in Street Name

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker, bank or nominee who is considered the shareholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker, bank or nominee on how to vote and are also invited to attend the Annual Meeting. Your broker, bank or nominee has enclosed a voting instruction card for you to use in directing the broker, bank or nominee regarding how to vote your shares. If you do not return the voting instruction card, the broker or other nominee will determine if it has the discretionary authority to vote on the particular matter. Under applicable rules, brokers have the discretion to vote only on matters deemed to be routine, such as the ratification of the selection of an accounting firm (Proposal 3). The election of directors (Proposal 1), the executive compensation advisory vote (Proposal 2), the amendments to our Articles of Incorporation and Code of Regulations (Proposals 4 and 5) and the shareholder proposal (Proposal 6) are not considered to be routine matters, and your broker will not have discretion to vote on those matters unless you specifically instruct your broker to do so by returning your signed voting instruction card. If you do not provide voting instructions to your broker, your shares will not be voted for any director nominee or on any matter on which your broker does not have discretionary authority (resulting in a broker non-vote).

Savings Plan Shares

A separate Confidential Voting Instructions card is being sent to each employee or former employee participating in the Goodyear Common Stock fund of certain employee savings plans. Shares of Common Stock held in the trusts for these plans will be voted by the trustee as instructed by the plan participants who participate in the Goodyear Common Stock fund. Shares held in the trusts for which voting instructions are not received will be voted by the trustee in the same proportion as it votes shares for which voting instructions were received from participants in the Goodyear Common Stock fund of the applicable trust.

Cumulative Voting for Directors

In the voting for directors, you have the right to vote cumulatively for the candidates nominated. Under the Ohio General Corporation Law, all of the shares of Common Stock may be voted cumulatively in the election of directors if any shareholder gives written notice to our President, a Vice President or the Secretary not less than 48 hours before the time set for the Annual Meeting, and an announcement of the notice is made at the beginning of the Annual Meeting by the Chairman or the Secretary or by or on behalf of the shareholder giving such notice. If cumulative voting is in effect, you may (a) give one candidate the number of votes equal to thirteen times the number of shares of Common Stock you are entitled to vote, or (b) distribute your votes among the thirteen candidates as desired.

GENERAL INFORMATION
Shareholders Sharing The Same Address

Shareholders Sharing The Same Address

Goodyear has adopted a procedure called householding, which has been approved by the Securities and Exchange Commission. Under this procedure, Goodyear is delivering only one copy of the Annual Report and Proxy Statement to multiple shareholders who share the same address and have the same last name, unless Goodyear has received contrary instructions from an affected shareholder. This procedure reduces Goodyear's printing costs, mailing costs and fees. Shareholders who participate in householding will continue to receive separate proxy cards.

Goodyear will deliver promptly upon written or oral request a separate copy of the Annual Report and the Proxy Statement to any shareholder at a shared address to which a single copy of either of those documents was delivered. To receive a separate copy of the Annual Report or Proxy Statement, you may write or call Goodyear's Investor Relations Department at The Goodyear Tire & Rubber Company, 200 Innovation Way, Akron, Ohio 44316-0001, Attention: Investor Relations, telephone (330) 796-3751. You may also access Goodyear's Annual Report and Proxy Statement on the Investor Relations section of Goodyear's website at www.goodyear.com or at www.proxyvote.com.

If you are a holder of record and would like to revoke your householding consent and receive a separate copy of the Annual Report or Proxy Statement in the future, please contact Broadridge, either by calling toll free at (800) 542-1061 or by writing to Broadridge, Household Department, 51 Mercedes Way, Edgewood, New York 11717. You will be removed from the householding program within 30 days of receipt of the revocation of your consent.

Any shareholders of record who share the same address and currently receive multiple copies of Goodyear's Annual Report and Proxy Statement who wish to receive only one copy of these materials per household in the future should contact Goodyear's Investor Relations Department at the address or telephone number listed above to participate in the householding program.

A number of brokerage firms have instituted householding. If you hold your shares in street name, please contact your bank, broker or other holder of record to request information about householding.

Form 10-K

Goodyear will mail without charge, upon written request, a copy of Goodyear's Annual Report on Form 10-K for the fiscal year ended December 31, 2014, including the Consolidated Financial Statements, schedules and list of exhibits, and any particular exhibit specifically requested. CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

Board Independence

Board Independence

The Board has determined that eleven of the thirteen director nominees are independent within the meaning of Goodyear's independence standards, which are based on the criteria established by The NASDAQ Stock Market and are included as Annex I to Goodyear's Corporate Governance Guidelines. Mr. Kramer, our Chairman of the Board, Chief Executive Officer and President, is not considered independent. In addition, in light of his relationship with the United Steelworkers (the USW), Mr. Wessel is not considered independent. Further, the Board expects that Mr. Wessel will recuse himself from discussions and deliberations regarding Goodyear's relationship with the USW. The Board also determined that the nature and size of the ordinary course commercial relationships between Goodyear and Xerox Corporation and between Goodyear and Air Products and Chemicals, Inc. did not impair the independence of Mr. Firestone or Mr. McGlade, respectively. In each case, the relationships were de minimis, constituting one-tenth of one percent (0.1%) or less of either Goodyear's or the other company's consolidated gross revenues in the current fiscal year and each of the last three completed fiscal years. Mr. McGlade retired from Air Products on July 1, 2014.

Board Structure and Committee Composition

As of the date of this Proxy Statement, Goodyear's Board has thirteen directors, each elected annually, and the following five committees: (1) Audit, (2) Compensation, (3) Corporate Responsibility and Compliance, (4) Finance, and (5) Governance. The current membership and the function of each of the committees are described below. Each of the committees operates under a written charter adopted by the Board. During 2014, the Board held eight meetings. Each director attended at least 75% of all Board and applicable Committee meetings. Directors are expected to attend annual meetings of Goodyear's shareholders. All of the directors attended the last annual meeting of shareholders, except for Ms. Streeter whose attendance was excused due to an unavoidable conflict with another business meeting. As described on Goodyear's website at <http://investor.goodyear.com/contactBoard.cfm>, shareholders may communicate with the Board or any of the directors (including the Lead Director or the non-management directors as a group) by sending correspondence to the Office of the Secretary, The Goodyear Tire & Rubber Company, 200 Innovation Way, Akron, Ohio 44316-0001. All communications will be compiled by the Secretary and submitted to the Board or the individual directors on a periodic basis.

Audit Committee

MEMBERS:

KEY RESPONSIBILITIES:

Mr. Firestone	The Audit Committee assists the Board in fulfilling its responsibilities for oversight of the integrity of Goodyear's financial statements, Goodyear's compliance with legal and regulatory requirements related to financial reporting, the independent registered public accounting firm's qualifications and independence, and the performance of Goodyear's internal auditors and independent registered public accounting firm. Among other things, the Audit Committee prepares the Audit Committee report for inclusion in the annual proxy statement; annually reviews the Audit Committee charter and the Committee's performance; appoints, evaluates and determines the compensation of Goodyear's independent registered public accounting firm; reviews and approves the scope of the annual audit plan; reviews and pre-approves all auditing services and permitted non-audit services (and related fees) to be performed by the independent registered public accounting firm; oversees investigations into complaints concerning financial matters; and reviews policies and guidelines with respect to risk assessment and risk management, including Goodyear's major financial risk exposures. The Audit Committee works closely with management as well as Goodyear's independent registered public accounting firm. Board Leadership Structure

Board Leadership Structure

Mr. Kramer serves as our Chairman of the Board, Chief Executive Officer and President. In order to ensure that the independent and non-management members of the Board maintain proper oversight of management, the Board also has an independent Lead Director. The Company's Corporate Governance Guidelines specifically provide that the independent directors of the Board must elect an independent Lead Director annually.

LEAD DIRECTOR DUTIES

Preside at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors;

Serve as liaison between the Chairman and the independent directors;

Approve all information sent to the Board, including meeting agendas, and advise the Chairman on such matters, and may specifically request the inclusion of information;
Approve the schedule of Board meetings to assure that there is sufficient time for discussion of all agenda items and advise the Chairman on the same;

Call meetings or executive sessions of the independent directors;

Interview, along with the Chairman of the Governance Committee, Board candidates and make recommendations to the Governance Committee and the Board; and

If requested by major shareholders, ensure that he or she is available for consultation and direct communication in appropriate circumstances.

Mr. McCollough currently serves as our Lead Director. Additional duties of our Lead Director are set forth in Annex II to our Corporate Governance Guidelines.

The Board believes that the current Board leadership structure is the most appropriate for the Company and its shareholders at this time. Mr. Kramer has held positions of increasing responsibility at Goodyear for the past fifteen years, including Chief Financial Officer and President, North America, and has extensive knowledge of the Company and the tire industry, which is valuable to the Board in his role as Chairman.

The Board has no policy that requires the combination or separation of the Chairman and CEO roles, and may reconsider our leadership structure from time to time based on considerations at that time. The Board intends to consider whether to combine or separate the Chairman and CEO roles in connection with any CEO succession.

Board's Role in Risk Oversight

Management continually monitors the material risks facing the Company, including competitive, financial (accounting, liquidity and tax), legal, operational, regulatory and strategic risks. The Board as a whole has responsibility for oversight of management's identification and management of, and planning for, those risks. Reviews of certain areas are conducted by relevant Board Committees that report their deliberations to the Board.

Table of Contents

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

Board's Role in Risk Oversight

The Board and its Committees oversee risks associated with their principal areas of focus, as summarized below. The Board and its Committees exercise their risk oversight function by carefully evaluating the reports they receive from management and by making inquiries of management with respect to areas of particular interest to the Board. Board oversight of risk is enhanced by the fact that the Lead Director and Chairman attend virtually all Committee meetings and that Committee reports are provided to the full Board following each Committee meeting. We believe that our leadership structure also enhances the Board's risk oversight function since our Lead Director regularly discusses the material risks facing the Company with management. The Chairman is also expected to report candidly to his fellow directors on his assessment of the material risks we face, based upon the information he receives as part of his management responsibilities. Both the Lead Director and the Chairman are well-equipped to lead Board discussions on risk issues.

BOARD/COMMITTEE AREAS OF RISK OVERSIGHT

Full Board

Strategic, financial and execution risk associated with the annual operating plan and strategic plan (including allocation of capital investments);

Major litigation and regulatory matters;

Consideration of Director Nominees

Consideration of Director Nominees

The policy of the Governance Committee is to consider properly submitted shareholder nominations of candidates for membership on the Board as described below under Identifying and Evaluating Nominees for Director. In evaluating such nominations, the Governance Committee seeks to address the criteria described below under Director Selection Guidelines.

Any shareholder desiring to submit a proposed candidate for consideration by the Governance Committee should send the name of such proposed candidate, together with biographical data and background information concerning the candidate, to the Office of the Secretary, The Goodyear Tire & Rubber Company, 200 Innovation Way, Akron, Ohio 44316-0001.

Director Selection Guidelines

The Board of Directors has approved guidelines for selecting directors as part of our Corporate Governance Guidelines. Criteria considered in the selection of directors include:

Personal qualities and characteristics, including the highest personal and professional integrity, sound judgment, and reputation in the business community or a record of public service;

Substantial business experience or professional expertise and a record of accomplishments;

Experience and stature necessary to be highly effective, working with other members of the Board, in serving the long-term interests of shareholders;

Ability and willingness to devote sufficient time to the affairs of the Board and the Company and to carry out their duties effectively;

The needs of the Company at the time of nomination to the Board and the fit of a particular individual's skills and personality with those of the other directors in building a Board that is effective and responsive to the needs of the Company;

Diverse business experience, substantive expertise, skills and background, as well as diversity in personal characteristics, such as age, gender and ethnicity; and

Ability to satisfy Goodyear's and The NASDAQ Stock Market's independence standards.

Identifying and Evaluating Nominees for Director

The Governance Committee is responsible for identifying, screening and recommending persons for nomination to the Board. The Governance Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and shareholders. On occasion, the Committee may also retain third-party executive search firms to identify candidates. In addition, under our prior master labor agreement with the USW, the USW had the right to nominate a candidate for consideration for membership on the Board. Mr. Wessel, who became a director in December 2005, was identified and recommended by the USW. Ms. Koellner was initially identified as a potential candidate for Board membership by a third-party search firm.

Once a prospective nominee has been identified, the Committee makes an initial determination on whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the

Table of Contents

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS
Identifying and Evaluating Nominees for Director

recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members and the likelihood that the prospective nominee can satisfy the director selection guidelines described above. If the Committee determines, in consultation with the Chairman of the Board, the Lead Director and other Board members as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the Committee. The Committee then evaluates the prospective nominee against the standards and qualifications set out in Goodyear's director selection guidelines. The Committee also considers such other relevant factors as it deems appropriate, including the balance of management and independent directors and the evaluations of other prospective nominees. As described above under

Director Selection Guidelines, diversity is among the many factors that the Committee considers in evaluating prospective nominees. We consider the members of our Board to have a diverse set of business and personal experiences, backgrounds and expertise, and to be diverse in terms of age, gender and ethnicity.

In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and if warranted, the Lead Director, the Chairman of the Committee, one or more other members of the Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be elected to the Board, and the Board makes its decision after considering the recommendation and report of the Committee.

Table of Contents**PROPOSAL 1 ELECTION OF DIRECTORS**

The Board of Directors has selected the following thirteen nominees recommended by the Governance Committee for election to the Board of Directors. The directors will hold office from their election until the next Annual Meeting of Shareholders, or until their successors are elected and qualified. If any of these nominees for director becomes unavailable, the persons named in the proxy intend to vote for an alternate designated by the current Board of Directors.

PROPOSAL 2 ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We are seeking your vote to approve, on an advisory (or non-binding) basis, the compensation of our named executive officers as disclosed in this Proxy Statement.

Our Compensation Discussion and Analysis (CD&A), which starts on page 24, describes our executive compensation program. We encourage you to read the CD&A before casting your vote.

The advisory resolution below, commonly known as a say-on-pay proposal, gives you the opportunity to express your views on our executive compensation program for our named executive officers. The say-on-pay proposal is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the executive compensation policies, practices and plans described in this Proxy Statement.

The resolution is required by Section 14A of the Securities Exchange Act of 1934. The resolution is not intended to indicate your approval of the matters disclosed under the heading Risks Related to Compensation Policies and Practices or future golden parachute payments. We will seek shareholder approval of any golden parachute payments at the time of any transaction triggering such payments to the extent required by applicable law.

We ask you to vote FOR the following resolution which will be presented by the Board of Directors at the Annual Meeting:

RESOLVED, that the shareholders of The Goodyear Tire & Rubber Company approve, on an advisory basis, the compensation of the named executive officers as disclosed in the Company's Proxy Statement for the 2015 Annual Meeting of Shareholders.

Although this proposal is an advisory vote that will not be binding on the Compensation Committee or the Board of Directors, the Compensation Committee will consider the results of this shareholder advisory vote and the changes, if any, to our executive compensation policies, practices and plans that may be warranted as a result of this vote. The Board of Directors has determined, consistent with the shareholders' vote on the matter in 2011, to hold an advisory vote regarding the compensation of our named executive officers every year until the next vote on the frequency of such advisory votes, which is currently expected to occur at the 2017 Annual Meeting of Shareholders.

Your Board of Directors unanimously recommends that shareholders vote FOR the advisory resolution to approve the compensation of our named executive officers (Proposal 2).

RECORD SEGMENT OPERATING INCOME IN 2014

We delivered record segment operating income of \$1.7 billion in 2014 for the second consecutive year. We achieved these results despite experiencing volatile global industry conditions in 2014, including economic weakness in Europe, economic and political

volatility in Latin America, and slowing growth in Asia. We also produced record segment operating income of \$803 million in North America in 2014.

**Operating Income
Performance**

For the second year in a row, we delivered record segment operating income. Our 2014 segment operating income was \$1.7 billion.

Operating income was also at record levels in North America – an improvement of \$1.1 billion since 2009.

Strong Cash Flow

Shareholder Return

We generated free cash flow from operations of \$981 million in 2014.

We increased our Common Stock dividend by 20% and our share repurchase program by \$350 million in 2014, returning \$293 million to our shareholders, comprised of \$60 million of dividends and \$233 million of share repurchases.

Program

Addressed Legacy

We fully funded and froze substantially all of our hourly U.S. pension plans.

Pension Liabilities

Combined with similar prior actions on our salaried U.S. pension plans, these actions substantially reduce a long-standing legacy liability that drove volatility in earnings and cash flows.

ALIGNMENT OF PAY AND PERFORMANCE

Goodyear's executive compensation is strongly aligned to company performance and measurable financial metrics.

Target CEO pay is near the median of general industry survey data and our peer group

90% of our CEO's pay opportunity is performance based and over 75% is tied to stock price

Our CEO's realized pay shows strong alignment to our stock price

As a result of our operating performance, payouts under our annual incentive plan ranged from 122% to 134% of target for our named executive officers. In addition, the performance targets for the 2014 performance periods under our 2012-2014, 2013-2015 and 2014-2016 long-term awards were exceeded and payouts ranging from 125% to 193% of target were approved for the applicable periods, subject to continued service and a relative total shareholder return modifier (which we refer to as the "TSR modifier" and which is described in more detail on page 41). Our stock out-performed 62% of the companies in the S&P 500 during the three-year period ending December 31, 2014, resulting in a TSR modifier of 1.1 times.

ELEMENTS OF EXECUTIVE COMPENSATION

Compensation for NEOs is comprised of a mix of variable and fixed compensation that is strongly linked to company performance and targeted to the median of general industry survey data.

COMPENSATION DISCUSSION AND ANALYSIS
Executive Summary

We believe that these changes, together with our existing compensation practices, result in a compensation program that is consistent with our performance-based compensation philosophy and serves the long-term interests of our shareholders. That said, we will continue to seek feedback from our investors and consider ongoing enhancements to the program.

2014 SHAREHOLDER ENGAGEMENT

At our 2014 annual meeting, 90% of our voting shareholders approved our say on pay proposal.

We believe that it is important for us to communicate regularly with shareholders regarding areas of interest or concern. As part of that commitment and in an effort to continue to understand our investors' perspective and thoughts regarding our executive compensation program, we requested the opportunity to meet many of our top shareholders and we ultimately held one-on-one conversations with shareholders representing approximately 41% of our outstanding Common Stock as of September 30, 2014.

Our outreach meetings gave us the chance to highlight the strong operating performance delivered by the Company over the past several years and to make clear our commitment to the alignment of pay and performance. We received positive feedback on the improvements we made to our disclosure in the 2014 Proxy Statement and the diversification of the metrics in our annual and long-term incentive plans. We also received suggestions for further improvements to our executive compensation program and related disclosures, including additional transparency surrounding our target setting process. All of the shareholder feedback and suggestions that we received were reported to the Compensation Committee and the Board of Directors for its consideration. For further insight on our target setting process, see Target Setting at page 35.

2014 PROGRAM ADJUSTMENTS

As a result of the investor feedback we received over the last few years and our own review process, our Compensation Committee made the following changes beginning in 2014:

KEY PROGRAM CHANGES FOR 2014

Enhancing Long-Term

Even Weighting Over Performance Period. Three-year performance cycle will be evenly weighted (1/3, 1/3, 1/3) instead of 50%, 30%, 20% (to balance awards across each year in the three-year performance cycle). We will continue to set targets at the beginning of the three-year period.

Alignment of Pay for Performance

Diversifying Metrics

Short-Term. Changed annual incentive metric from operating cash flow to free cash flow from operations (a key management metric for business performance) to better link compensation to the underlying cash generation of our business.

Across Program

Long-Term. Changed long-term incentive metric from total cash flow, net of debt to

cash flow return on capital (greater measurement of capital efficiency with long-term focus).

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy

Compensation Philosophy

The following core principles form the foundation of the compensation program for our executives, including the named executive officers:

FIRST, compensation programs should motivate our executives to take actions that are aligned with our short- and long-term strategic objectives, and appropriately balance risk versus potential reward.

THIRD, performance pay should offer an opportunity for above average compensation when our performance exceeds our goals balanced by the risk of below average compensation when it does not.

SECOND, as executives move to a greater level of responsibility, the percentage of their pay based on performance should increase to ensure the highest level of accountability to shareholders.

FOURTH, the percentage of total compensation paid in the form of equity should also increase as executives have increasing responsibility for corporate performance, thereby more closely aligning their interests with those of our shareholders.

Components of Executive Compensation

We provide executive compensation and benefits that are market-competitive in which a large portion of the total opportunity is variable and tied to our performance and changes in shareholder value over a multi-year period. The key components of compensation provided to our executive officers and how each supports our compensation objectives are presented in the following table:

	Description	Objectives
Annual Compensation		
Base Salary	Annual cash compensation	Provide an appropriate level of fixed
